Total Number of Sub Awards less than $25,000/award*	**Total Amount of Sub Awards less than $25,000/award***	
0.00	$0.00	

Award Description*

The funding awarded in this proposal will be used for two (2) projects:
1) To provide for the necessary modifications to the Connecticut Statewide WIC Information System (SWIS) for the successful implementation of the required changes to the existing WIC food packages. To accommodate the federal mandates in the new WIC food packages and provide for maximum flexibility, we must rewrite and redesign the entire food package subsystem in SWIS. SWIS supports client certification, nutrition services, food delivery, and the administrative and fiscal functions of the WIC Program. It currently supports: Monthly delivery of services to approximately 62,000 clients; Over 150 staff at 23 permanent local WIC offices and 57 satellite sites; Issuance and banking services related to over 190,000 food instruments (checks) issued monthly; Participation and payments to over 550 food vendors, and Program management activities of 24 DPH / State WIC Office staff.
2) To begin the development of planning related to the identification of a web-based information technology solution to replace the aging WIC mainframe and Local Agency systems, which was implemented in 1995. The project will follow USDA mandated protocol and processes and DoIT Systems Development Method

Quarterly Activities/Project Description*

The Connecticut Department of Public Health received the Notice of Award for the Women, Infants, and Children Technology Grant on October 21, 2009. The Department's WIC Program contracted with an Information Technology consultant to prepare necessary documents for the required Connecticut Department of Information Technology Systems Development process. In addition, the WIC Program contracted with a Consulting Group to support Phase I of Women, Infants and Children (WIC) System Modernization Project.
