Melanie A. Bachman
Connecticut Siting Council
10 Franklin Square
New Britain, CT 06051

RE TS-EYE-077-160606 –EyeTower ground equipment location change-266RCenter Street, Manchester, Connecticut.

Dear Ms. Bachman,

EyeTower recently received tower share request approval by the Council to install antennas and ground equipment on Crown Castle's cell tower located at 266R Center Street, Manchester, CT. Crown Castle has been notified by EyeTower that their ground equipment within the existing compound will change from the north east section to the north west. The compound will not be expanded to accommodate this change.

The purpose of the ground equipment location change is due to the high cost of construction to build and install in the current location as depicted on CD's, sheet A-1, A-2 and E-2 dated May 25, 2016. The new location, as depicted on sheets A-1, A-2 and E-2, of the CD's dated July, 6, 2016, show the equipment to be installed in the north corner of compound. This new location, even though it is minimal, will significantly reduce the construction cost for EyeTower.

Included with this letter is a copy of the Council approval and a set of CD's dated July, 6, 2016. Please let me know if you need further information or clarification.

Sincerely,

Jeffrey Barbadora
