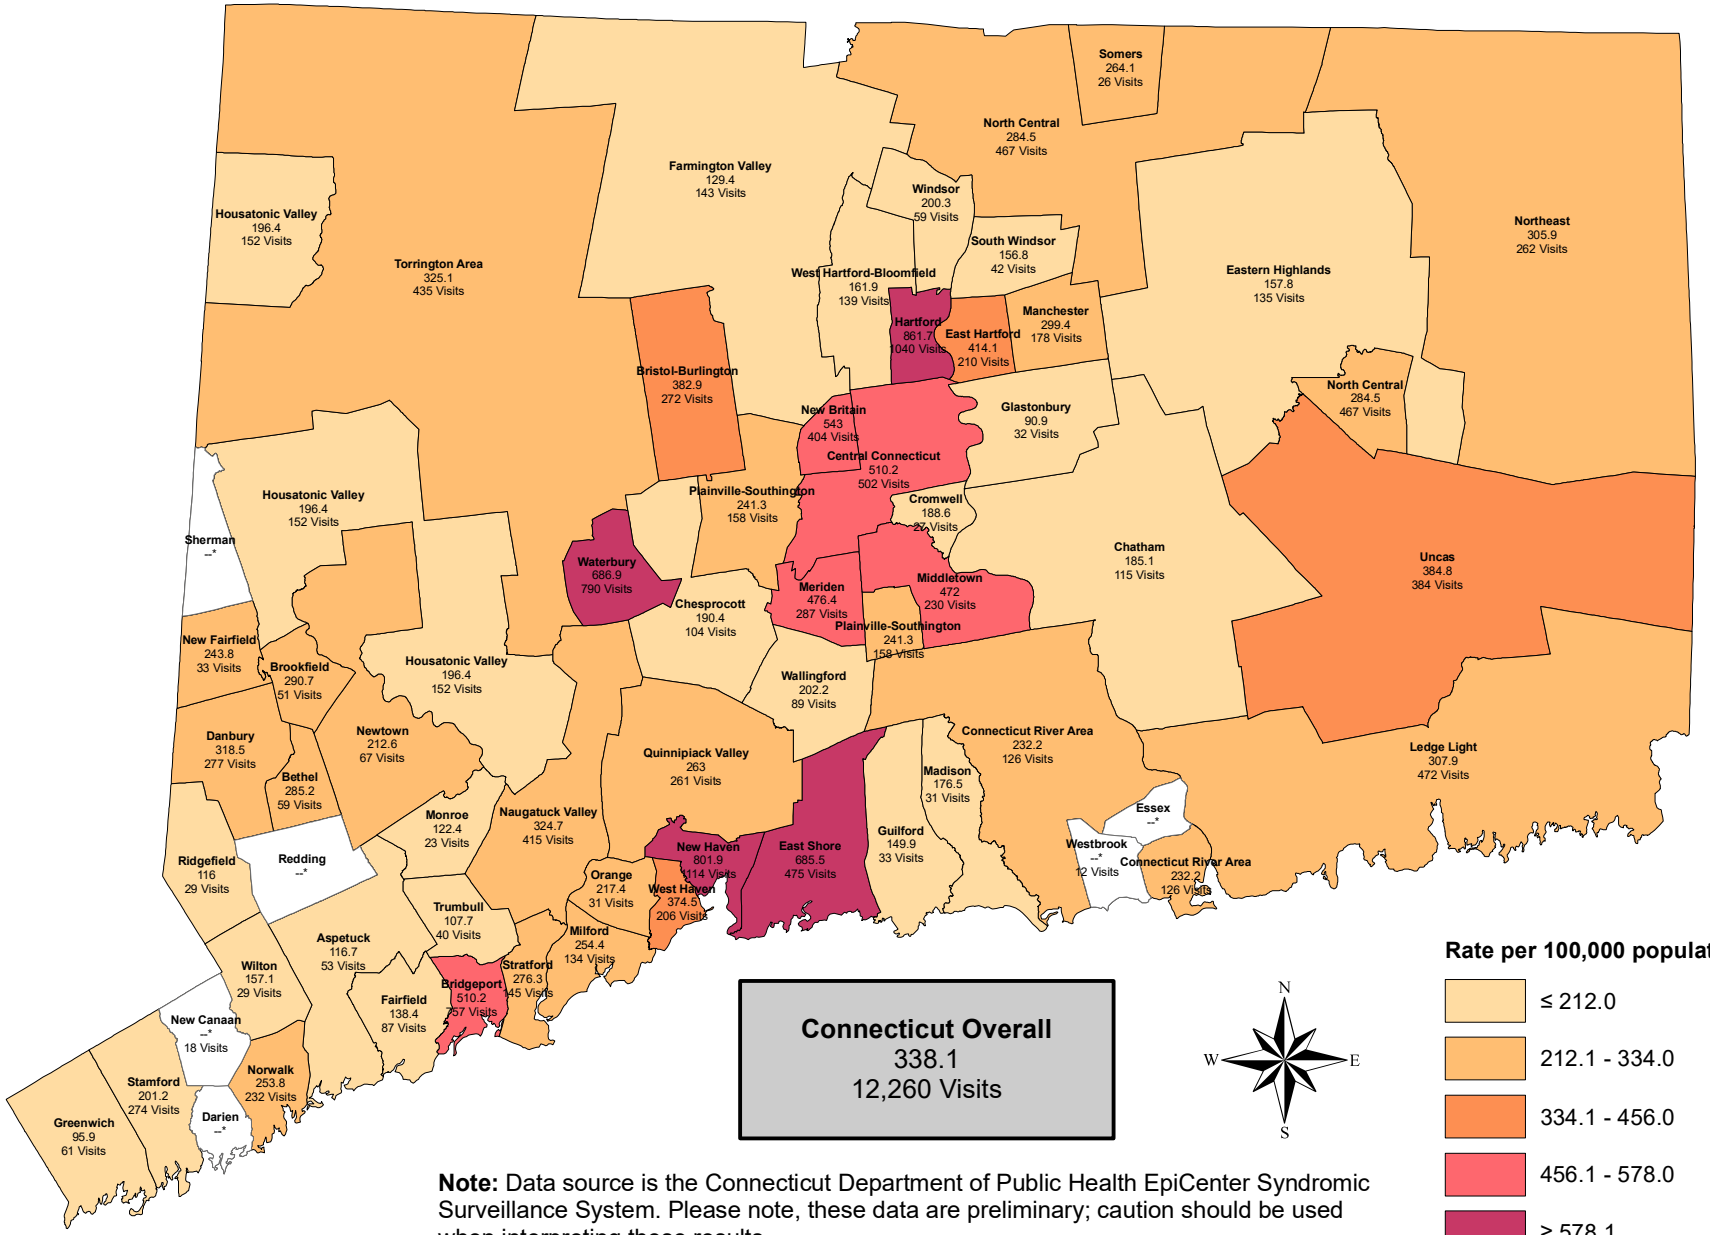
Rate per 100,000 Population and Count of Emergency Department and Urgent Care Center Visits for Suspected All Drug Overdoses Among Connecticut Residents, by Resident Local Health Department/District, 2023



Note: Data source is the Connecticut Department of Public Health EpiCenter Syndromic Surveillance System. Please note, these data are preliminary; caution should be used when interpreting these results.

Rates based on counts less than 20 are not displayed. Rates based on counts between 20 and 25 should be interpreted with caution due to the instability of rates based on small numbers. Rates were calculated using 2022 population data.

Heather Clinton, Epidemiologist
Injury and Violence Surveillance Unit
Connecticut Department of Public Health
