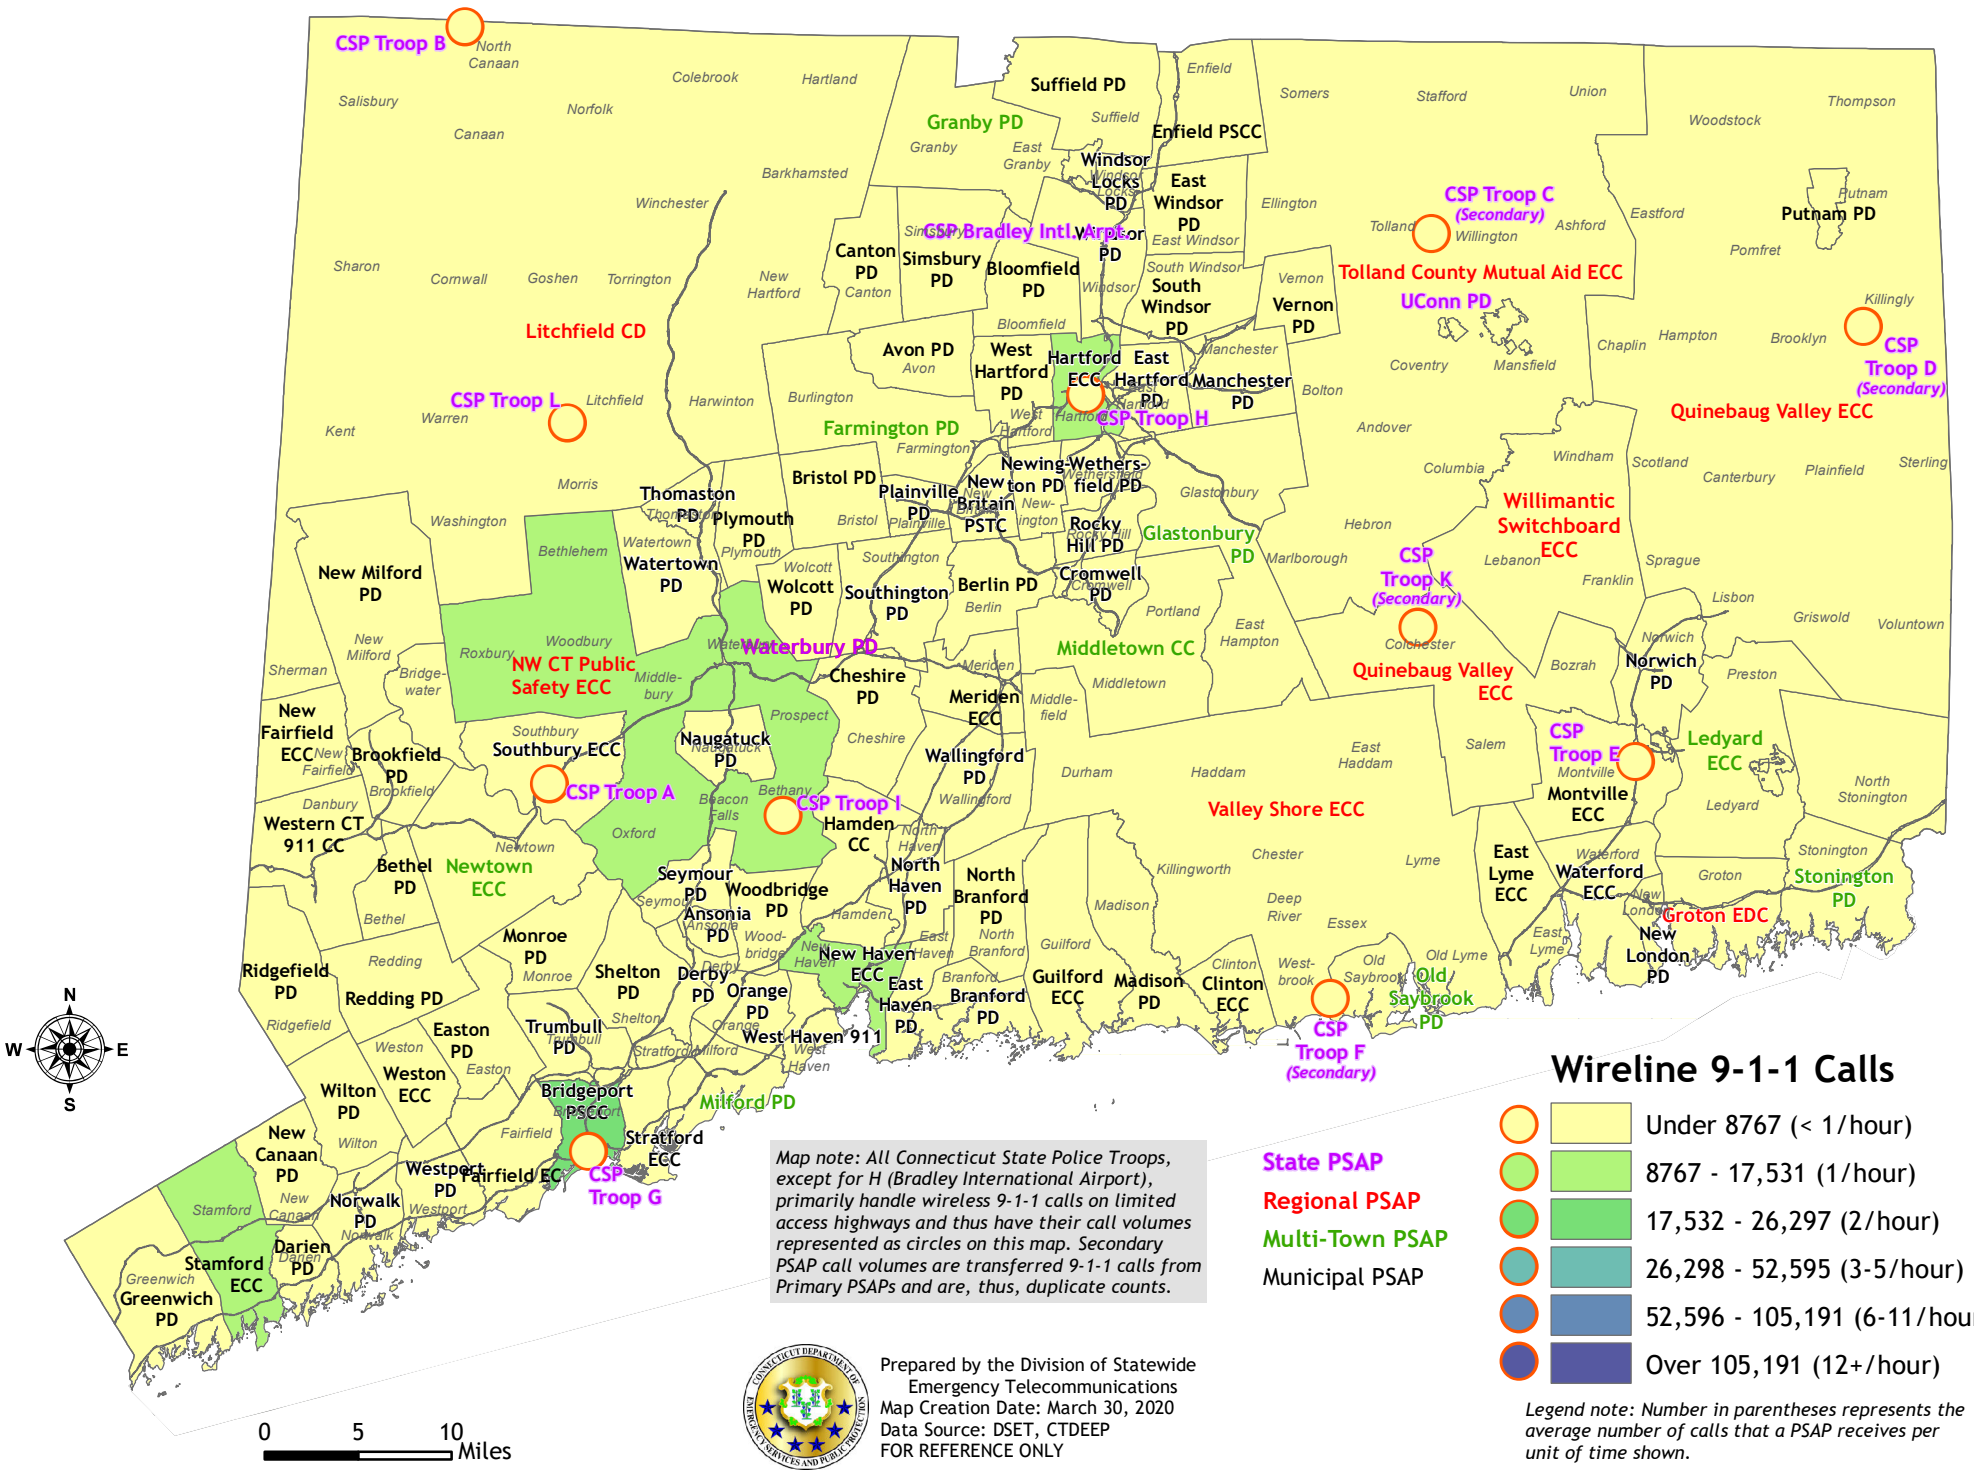
Connecticut Public Safety Answering Points - 2019



Map note: All Connecticut State Police Troops, except for H (Bradley International Airport), primarily handle wireless 9-1-1 calls on limited access highways and thus have their call volumes represented as circles on this map. Secondary PSAP call volumes are transferred 9-1-1 calls from Primary PSAPs and are, thus, duplicate counts.

Legend note: Number in parentheses represents the average number of calls that a PSAP receives per unit of time shown.
