Classes will be held Tuesdays and Thursdays Dec. 5, 7, 12, 14 1800-2200 and Saturdays Dec. 9,16 0800-1600. Course Cost is $225 and does include Refresher Textbook and State Exam. Please submit application before November 20, 2017

---

3. State of Connecticut Regional Foam Trailer Program

Since 2003 the State of Connecticut Commission on Fire Prevention & Control has partnered with eight local fire departments to host regional mobile foam trailers. The units are

available to respond to incidents statewide involving spills and fires involving flammable and combustible liquids and other incidents requiring foam that are beyond the capabilities of the local department. The host fire departments include Danbury, Fairfield, Hartford, New Haven, Norwich, Waterbury, Willington and Winsted. To call for foam support contact DEEP's 24-hour dispatch at (860) 424-3338. The protocol is to dispatch the two closest trailers, each containing 500 gallons of National Foam Universal Gold 1%/3%. When the foam trailers are properly requested through DEEP, the requesting agency is not responsible for the cost of the foam. Additional foam trailer units may be dispatched as needed. Please see the attached brochure for additional information or contact Jeff Morrissette at jeff.morrissette@ct.gov.

5. Gateway Community College Firefighter II

Gateway Community College is now accepting applications for their Spring, Firefighter II Program.
Classes are held on Wednesday nights at Gateway's Down Town New Haven Campus and alternating Saturday's at the New Haven Regional Fire Training Academy. This program is designed to prepare students for the State of Connecticut certification examinations. Course cost is $1110 which includes all college fee's and live burns. Additional training in fire ground hydraulics and pump operations will also be added to the curriculum. Classes are taught by certified, professional, and experienced career firefighters from throughout the state. For more information, please contact DMarcarelli@gatewayct.edu or call 203-535-4478. Please see attachment.

6. IMT/ EOC Interface Course

This course reviews the Incident Command System and Emergency Operations Center concepts and provides an opportunity to develop a working interface between the Incident Commander or Incident Management Team with the Emergency Operations Center.

Additionally it provides the participant with training in the methods and procedures to effectively manage and operate an emergency operations center (EOC) during crisis situations. The course identifies considerations affecting site selection and design for an

effective EOC; staffing, training, and briefing EOC personnel; and operating and managing an EOC during various emergency situations.

Audience: This course is especially valuable for senior emergency management officials, senior emergency responders and Incident Management Teams and individuals designated to serve in an EOC during emergency events. The course contains disaster-related examples, activities and case studies that relate to EOC's and multi-agency coordination systems at the local, state, tribal and federal levels.

The cost will $100 per person and it runs January 23- January 25, 2018. The location will be determined by the size of the class and will be emailed to the applicant.

Please use the following link to the application to register for the class course number 18150.
