1. Branford Hosting Fire Officer II Class

Certification Class, Presented By: The Connecticut Fire Academy
Hosted by: Branford Fire Department
Tuesday and Thursday
September 12th to October 31st 2017
0830-1530
Contact
Leah Ahern
Phone: (203) 488-7266
lahern@branfordfire.com

This course is designed for those fire officers or aspiring officers that need the skills to supervise multiple companies. Generally, this level involves the management of company supervisors involved in the operational aspects of a fire station. Oriented to the level of Captain, topics covered in this course include: group behavior, employee evaluation, communication skills, report preparation, pre-fire and operational planning, inspections, command of hazardous materials incidents, safety and emergency services delivery. Students will spend limited time in a fire command simulator during the emergency service delivery section of this course.

Training Prerequisites: Fire Officer I.
Required Text: Jones and Bartlett: Fire Officer, Principles and Practices, 3rd Edition.
Certification Examination Prerequisites: Certified Fire Officer I and Certified Fire Service Instructor I. Proof must be submitted with the application.
Certification testing time: requires additional dates for the practical exam and the written exam.
Class Hours: 80 Fire Marshal Credit: 45 Course Fee: $350.00

Checks Payable to: "Branford Fire Department Training"

2. 2017 Assistance to Firefighters Grant Program FEMA Region I Application Development Workshop Schedule

It is expected that the 2017 Assistance to Firefighters Grant (AFG) Program will be open for applications in the fall of 2017.

Each year, prior to the application period, the FEMA Region I Fire Grant Program Specialists travel throughout New England, providing training workshops relative to the AFG Program. These workshops will run approx. 2 ½ hours and will provide information on the AFG Program, what is new for the 2017 round, and tips on how to develop and submit a successful application. These workshops also provide an opportunity for applicants to ask questions and network with our Grant Specialists and other AFG applicants and recipients.

This year, FEMA Region I will be conducting 30 workshops across the Northeast. The date, time and location of each session is indicated on the schedule below. In addition to these workshops, the Region will also host workshop webinars that can be attended remotely. The schedule for these webinars is yet to be determined. Once scheduled, the dates and times will be posted at:
https://www.fema.gov/welcome-assistance-firefighters-grant-program

If you have any questions or concerns, please contact one of the Region I Fire Grant Program Specialists:

Dave Parr
(617) 956-7631
david.parr@fema.dhs.gov

Lance Harbour
(617) 956-7544
lance.harbour@fema.dhs.gov

****There is no requirement to register or RSVP for these workshops****

5. DHS Bombing Prevention Awareness Course – September 6th (Hamden) – Seats Remain

The Bombing Prevention Awareness Course (BPAC) provides public and private sector critical infrastructure (CI)owner/operators as well as response personnel with knowledge of general bombing prevention measures to include improvised explosive device (IED) construction and classification, explosive effects mitigation, homemade explosives (HME) and precursor chemicals, an assessment of the terrorist attack cycle, identification of suspicious behaviors and items, and associated protective measures for potential bombing incidents. These awareness-level bombing prevention topics were combined together in an EIGHT (8) hour, classroom format which facilitates a consolidated IED threat and potential response picture that aids the participant in mitigating the impact of a bombing incident while considering time constraints of CI owner/operators and response personnel.

Participant Requirements
This course is designed for public and private sector CI owner/operators interested in or required to have a basic awareness of bombing prevention measures. Public safety personnel, Emergency Managers, law enforcement, and special event security personnel can also benefit from the course.

The Bomb Prevention Awareness Class is an all-day class that will be held at the Whitney Center in Hamden (200 Leeder Hill Drive) on September 6th. Instructions for registering are in the attached document. As before, it requires a FEMA Student ID number (instructions are included for that, as well).

Parking instructions and other details will be sent to those registered by yours truly in the final days before the event.

If you have any questions or concerns please let me know
