9. DESPP/DEMHS Winter Storm Update

---

1. CSFA Legislative Update

This week's CSFA Legislative Update has a lot of new information on bills, public hearings and developments related to the Fire Service. Please read the details and make note that the time for the next Fire EMS caucus meeting is Tuesday, March 6th, **9:30 AM** at the LOB. Also, be sure to take a look at several new bills Leon Collins has included in his latest House

Bill Status Report.

Sent from Leon Collins, Legislative Representative
The Connecticut State Firefighters Association

2. Employment Opportunity – Firefighter/EMT/Maintainer – Town of Hebron

The Town of Hebron is seeking candidates for a full-time position of Fire Department Firefighter/EMT/Maintainer. The individual prepares for and responds to and performs required functions at emergency fire, ambulance and rescue calls, service calls and performs such other fire service duties as defined in the General Statutes as a volunteer Firefighter/EMT. The individual performs general maintenance work and upkeep of the fire department buildings, vehicles and equipment and alarm systems, including appropriate record keeping. The applicant must have the following to apply for this position: State of Connecticut Firefighter II certification; current valid EMT certification; a valid CT Drivers license with a Q Restriction, Class I A or B is preferred; and a current CPAT Card. Please send resumes, copies of certifications, Connecticut Driver license, current EMT and CPAT Cards to the attention of Andrew J. Tierney, Town Manager, Town of Hebron, 15 Gilead Street, Hebron, CT 06248 by Friday, March 23, 2018. The Town of Hebron is an equal opportunity employer.

4. NAEMT's All Hazards Disaster Response (AHDR) – Meriden - Seats available- NREMT Approved CME's

This course prepares EMS practitioners at all levels to respond to the many types of disaster scenarios they may encounter – floods, tornadoes, terror attacks, etc.

This 8-hour course teaches participants how to analyze potential threats in their area, assess available resources, and create a response plan that will save lives.

Floods, tornadoes, earthquakes, bus wrecks, active shooters, terror attacks. When you look around your city or region, are you truly ready for the many types of disaster scenarios that could come your way?

Get prepared to respond with All Hazards Disaster Response (AHDR), NAEMT's new course that teaches participants how to analyze potential threats in their area, assess available resources, and create a response plan that will save lives.

Features of a response plan covered in the course include:

- Communicating effectively during disasters.
- Mutual aid and interoperability.
- Managing resources such as supplies, medications and equipment.
- Triage and transportation strategies and challenges.
- Patient tracking and evacuation.

At the start of the course, participants conduct a "hazards vulnerability analysis" to assess features of their environment, both natural and manmade, that pose risk, along with assessing the needs of vulnerable populations, such as assisted living homes or hospitals, that need special consideration during such an event.

Content is presented in the context of realistic scenarios, culminating with a large-scale mass casualty activity.

COURSE COST: $125.00
COURSE LENGTH: 8 hours classroom

March 11th 8:00am - 4:00pm

5. USFA Risk Management Guide

Risk Management Practices in the Fire Service contains recommended approaches to help your department manage organizational, operational and community risk.

Throughout the manual, we address specific challenges involved in incorporating a "risk management approach" into the delivery of fire department services.

Focus areas include:

- Defining risk
- Organizational risk management
- Operational risk management
- Managing information

- Community risk reduction

6. Employment Opportunity – Maintenance Technician

To: Firefighters - within 30 minutes of New Haven
From: Kevin J. Meehan (Retired Fire Captain Newington CT)
Re; Career Opportunity.

I am taking applications for a Maintenance Technician to become a part of the Taft Apartments Maintenance Team in New Haven, CT. As a retired Fire Captain I would be very interested in hiring a firefighter from a local Volunteer Department, Combination Department, or a retired Career Firefighter.

Candidates would need to have some basic building maintenance experience, as well as being a great people person.

Please see attached posting

Kevin J. Meehan
Taft Apartment
265 Collage St
New Haven CT. 06510
Desk 203-772-2249

7. IFSTA Seeking Members for Upcoming Committees

We are seeking applications for two (2) new validation committees that will be selected in July and start their work later this year. The first in-person meetings will be in Tulsa during the third week of January, 2019. IFSTA covers the travel expenses for January meetings; travel expenses are not covered for July meetings.

The two committees that we are accepting applications for are the Hazardous Materials and Pumping/Aerial Apparatus Driver/Operator committees. One change from past practices is that the Hazardous Materials committee will validate both the First Responder and Technician manuals, as opposed to separate committees as we had in the past. The application is attached.

8. Building Construction Class March 10, 2018 – Windsor VFD

Windsor Volunteer Fire Department has limited seats available for a Building Construction Class

March 10, 0830-1630.
Location: Travelers Claim University, 80 Lamberton Rd Windsor
Cost: $15.00, (payable at the door) and includes coffee and lunch.

The class is being presented by Ignatius "Iggy" Kapalczynski, retired member of the State Fire Marshall's office. The class will focus on wood framed private dwellings but will be flexible to meet the student's questions. This is a great opportunity as Traveler's Claim University has multiple props and mock ups available.

Fire Marshal credit is pending.

To register or for questions, send an email to wvfdtraining@comcast.net

9. DESPP/DEMHS Winter Storm Update

Winter Storm Update From DESPP / DEMHS at 3:15 PM...

STATUS OF THE STATE EMERGENCY OPERATIONS CENTER - ACTIVATED
POWERFUL NORTHEASTER CONTINUES IMPACTING OUR AREA AT THIS TIME…
HIGH WIND WARNINGS REMAIN IN EFFECT FOR SOUTHERN CT…
WINTER STORM WARNING REMAIN IN EFFECT FOR NORTHERN LITCHFIELD…

At 3:00 PM radar showed moderate to heavy rain falling across central and eastern CT. Wet snow is currently falling in Western CT and now across the higher elevations of the NE Hills. Roads in higher elevations are becoming slush covered at this time. Strong north and northeast winds are currently gusting to 48 MPH inland and 55 MPH along the coast. Eversource and UI are reporting a total of 39,874 outages Tides are currently running approximately 2.0 feet above normal in Long Island Sound. The following forecast is based on current observations and the GFS and NAM models:

Rest of this Afternoon: Rain is forecast to continue changing to moderate to occasionally heavy wet snow across the higher elevations of western and eastern CT during the next 2 - 4 hours with the greatest impact in the higher elevations of northern CT. Strong north winds are forecast to gust to 50 MPH inland and 50 – 70 MPH along the coast during the next 2 – 3 hours. Additional power outages are likely. The impact on the afternoon rush hour is expected to be minor to moderate as a result of several trees down across roads, wet snow on some roads in northern CT and strong winds causing a hazard for high profile vehicles.

This Evening: Rain changing to wet snow across most of the state with strong north winds. Some additional power are outages likely. Minor to moderate coastal flooding is possible between 9:00 PM and midnight. The wet snow is forecast to end around midnight.

The Department of Emergency Services and Public Protection Division of Emergency Management and Homeland Security will continue to closely monitor this storm.
