5. Active Shooter Response & Bleeding Control Presentation at Coast Guard Academy- March 31st

I am an Emergency Manager for the U.S. Department of Homeland Security and an instructor with the National Association of EMTs. I wanted to make you aware of a White House initiative that I am heavily involved in called *Stop-The-Bleed (STB).* This nation-wide campaign is designed to train both civilians and first-responders on how to respond to active shooter and other intentional mass-casualty incidents (MCI).

Most MCI fatalities result from uncontrolled hemorrhage and up to 25% of victims die from wounds that are not necessarily fatal; extremity wounds being the best example. Accordingly, the emphasis of STB is on hemorrhage control through the use of life-saving tourniquets and hemostatic agents.

The recent school shooting in Florida illustrates the need for a community-based approach. That said, this Saturday, March 31, has been designated as ***National Stop the Bleed Day***. On that day, I am presenting an Active Shooter Awareness & Bleeding Control Lecture at the ***U.S. Coast Guard Academy.*** The presentation will be from ***3 pm to 5 pm***, and will include a question and answer period and hands-on training for interested attendees.

This program is free and open to the public. Please email me directly to reserve a seat. Seating will be limited, fist come/served.

Cordially,

Kevin F. Reilly, MEP
Integrated Emergency Programs Manager

7. Pride and Ownership - Chief Rick Lasky hosted by Simsbury Fire Company on May 19

Pride and Ownership holds no punches. Chief Rick Lasky takes a hard look at the fire service and finds it short on the only element that makes it effective: passion. Chief Lasky gives an upfront and honest criticism about the need to reignite the love of the job on every level, from chiefs on down.

Do you have what it takes? Not everyone is cut out for the fire service. It takes only the best to serve the public when people need help most. *Pride and Ownership* calls for men and women with honor and integrity to measure up to the task.

There's nothing else in the world like being a firefighter. Every day Chief Lasky remembers why his job is the best in the world and he brings that passion to *Pride and Ownership*. Chief Lasky revisits the proud history and tradition of the fire service and reflects on the family values and brotherhood that have made firefighting a truly family-oriented vocation.

8. FY2017 SAFER Grant Application Period Now Open

The Fiscal Year (FY) 2017 SAFER Grant application period is now open and will close on Friday, April 27 at 5:00 p.m. ET. We recommend that you start your application today by reviewing the FY 2017 SAFER Application Technical Assistance Tools. These tools were produced specifically to help potential applicants plan their FY 2017 SAFER applications.

Please make sure that you have thoroughly reviewed the FY 2017 SAFER Notice of Funding Opportunity (NOFO), prior to beginning your application. The SAFER Frequently Asked Questions (FAQs) should also be reviewed as they provide more detailed information and explanations. As you being to develop the narrative portion of your application, the Self-Evaluation tools will be beneficial as the peer reviews will use them when scoring your application. If you are applying for a Recruitment and Retention Activity Grant, the Request Details Description Instructions will be extremely important when completing the application.
