2. Passing of South Windsor D/C (Ret.) Larry Skilton

It is with great sadness and a heavy heart that we share the sad news of the passing of Deputy Chief Larry F. SKILTON (Ret.') Car 11. Chief Skilton served over 50 years in the Fire Service, most of those years with the SWFD, many as a Chief Officer. He started in the fire service few years with the Morris CT Fire Department. Larry was extremely active right up till his retirement in 2012.

K1IED

Calling hours will be Sunday, from 1600-1800 hours (4pm-6pm) at the Samsel Carmen Funeral Home, 419 Buckland Road, SW. The Department will be providing a Vigil during the Calling Hours – Members interested in assisting, please contact Honor Guard Commander Don Marchesseault. All members, either in Vigil or attending are encouraged to wear Class "A" Uniform.

Larry Fletcher Skilton, 78, of South Windsor passed away on Monday, June 4, 2018, at Woodlake in Tolland. Born in Torrington on March 11, 1940, he was the beloved son of the late Robert and Barbara (Palmer) Skilton and the husband of Linda (Regini) Skilton. Raised in Morris, he graduated from Wamogo High School and attended UCONN. He was honorably discharged from 4 years of service in the United States Air Force. He married and lived in South Windsor for almost 50 years. Working in the electronics field, he spent the last 12 years before retirement with Marcus Communications. Larry was an avid amateur radio operator since 1958 who talked to friends all over the world and did work for the South Pole Station from 1990 -2018. His greatest contribution was to run phone patches nightly for over 11 years so South Pole workers could talk to loved ones in the states. For that service a rock at the South Pole was named in his honor, "Skilton Ledge" in the Darwin Mts. ***His other love was as a volunteer fireman totaling 53 years of service in both Morris and South Windsor achieving the rank of Deputy Chief***. Larry, in addition to his wife of 49 years, leaves three sons, Jeffrey Skilton and wife, Kristin (Dieter) Skilton, David Skilton and wife, Laura (Creagan) Skilton, and Craig Skilton and wife, Roxanne Lane. Along with 4 grandchildren, he leaves many nieces and nephews. Larry is also survived by his brother, Richard and his wife, Suzanne, of Morris, a sister, Jeanne Harvey and her husband, Porter, of Georgia, and another brother, Ron and his wife, Pamela, of New Hampshire. Friends and family may gather on Sunday, June 10th from 4 - 6 P.M. at Samsel & Carmon Funeral Home, 419 Buckland Road, South Windsor, CT. Burial will be private. In Lieu of flowers, memorial ***donations may be made to the South Windsor Volunteer Fire Department, 1175 Ellington Rd., South Windsor, CT 06074*** or a charity of your choice. The family would like to sincerely thank all the dedicated staff at Woodlake and Hospice for their compassionate and wonderful care. Please visit, www.carmonfuneralhome.com for online expressions of sympathy.

Kevin E. Cooney,
Fire Chief
South Windsor Fire Department

5. NFA Pilot Recruitment - New Online Mediated Course - M0488

PILOT RECRUITMENT - NEW ONLINE MEDIATED COURSE

The National Fire Academy is recruiting students to pilot test its new online mediated course ***Decision Making and Financial Management for Fire and EMS Organizations***. The course code is M0488.

This asynchronous online mediated course balances self-study components with interactions and discussions between the students and the instructor. Students will learn to apply the Transformational Model and process to manage fiscal and resource allocations. This 6-week course is scheduled for August 5 through September 15.

Additional information, including course requirements and course syllabus are available at: https://nfa.usfa.fema.gov/misc/M0488_Pilot_August_2018.pdf

6. Tanker Operations in West Thompson June 23 and 24

This class is designed to make the student aware of the importance of pre-planning water sources and operations for rural water supply tanker transfers prior to the need arising. This course covers the following components: safe tanker operations, driving, filling and dumping; compare and contrast tanker design and efficiency; recognizing proper water sources; evaluating and developing proper dump sites; and organizing mutual aid for tanker task force concepts. These components are met through the following course goals and objectives: identify apparatus requirements for a water shuttle; identify the requirements for setting up a shuttle operation; describe fill and dump site operations for a water shuttle; describe how to evaluate tanker performance; and demonstrate tanker operation in practical evolutions. On the final day of class students will incorporate information given and resources provided to supply a continuous 750 gallon per minute flow rate of water for a minimum of two hours. Successful application of the course information may lead to the enhancement of the ISO rating for your community. Completion of this course allows for student to apply for "Tanker Operator" Certification if currently a certified as a pump operator. PPE Requirements: Full protective clothing (no SCBA) Training Prerequisite: Certified Firefighter I; proof must be submitted with the application. Certification Prerequisite: Firefighter I or continuous member of fire service since prior to July 1977 and CDL or Q Endorsement License and Certified Pump Operator. Proof must be submitted with the application. Certification testing time: requires an additional date for the certification written exam. The Department of Energy & Environmental Protection, Division of Forestry, has special grant funds available to pay for a

limited number of the Tanker Shuttle Operations classes. Tanker Shuttle classes will be offered at no charge each year until these grant funds are exhausted. Funding Questions can be directed to: Helene Hochholzer, Forest Protection Supervisor, Division of Forestry, at helene.hochholzer@ct.gov

Class Hours: 16 Course Fee: $110.00
Course #17562, $110

Application available here: http://www.ct.gov/cfpc/cwp/view.asp?Q=599068&A=833

---

7. Basic Pumps Tolland June 30 July 1

This course examines the components and controls used in the operation of a firepump. The internal parts of a fire pump are examined with the goal of having the student fully understand how the fire pump moves water. Pump panel controls are discussed in relation to the specific function and use of each device. The process and specific functions involved in drafting and hydrant operations are explained in detail. Students will practice setting up for pumping operations. Participants will learn how to determine and overcome friction loss, how to calculate theoretical pump pressure and how to apply easy-to-use "rule of thumb" principles of relay pumping, operating handlines, supplying sprinklers and standpipe systems. On the training ground each student will apply practical applications while flowing water at prescribed pressures. Full protective clothing (No SCBA) is required. Training Prerequisites: Certified Firefighter I; or have been a member of a Fire Department on or before July 1, 1977. Proof must be submitted with the application.

Class Hours: 16 Course Fee: $100.00
Course #17504, $100

Application available here: http://www.ct.gov/cfpc/cwp/view.asp?Q=599068&A=833

8. CFA Upcoming NFA Course – Campus Fire & Life Safety

The Connecticut Fire Academy is sponsoring a 2 day National Fire Academy Course titled: Campus Fire and Life Safety: Codes and Systems on September 13 and 14, 2018. This two-day course will empower the student to identify and mitigate common campus fire and life safety risks, as well as understand the basic components and operation of fire protection and life safety systems. The course tuition is $65.00 and will be held at the fire academy. The course has been preapproved for 16 hours of fire marshal continuing education credit. To register please submit both the CFA and NFA application forms by August 1, 2018. Any questions feel free to contact Program Planner Mark Waters at mark.waters@ct.gov
