19a-14-1. Application for licensure after license has become void

A person previously licensed in Connecticut whose license has become void pursuant to section 19a-88 of the Connecticut General Statutes, may apply for licensure under the terms of these regulations. In determining the qualifications of such a candidate, pursuant to section 19a-14 of the Connecticut General Statutes, the Department of Health Services shall refer the application to the appropriate Board or Commission for review, evaluation, and recommendations. If no Board or Commission exists for the profession in question, the Department of Health Services may make the review and evaluation.

(Effective October 18, 1983.)

19a-14-2. Review and evaluation of applications

When reviewing and evaluating applications pursuant to section 19a-14-1 of these regulations, the Board, Commission or Department shall consider at least the following:

- (1) credentials presented for initial licensure;
- (2) length of practice as a licensed professional;
- (3) time elapsed since leaving active practice;
- (4) whether the candidate had been the subject of complaints, investigations or disciplinary actions as a licensed professional; and
- (5) any continuing education undertaken by the candidate. The Board, Commission or Department must determine whether or not these factors, taken together, meet current licensure requirements.

(Effective October 18, 1983.)

19a-14-3. Recommendations regarding acceptability

After completion of the review prescribed in section 19a-14-2 of these regulations, the Board or Commission shall make recommendations to the Department regarding the acceptability for licensure of the candidate. At its discretion, the Department may, after considering all licensure requirements and the recommendations of the Board or Commission, grant licensure to the candidate.

(Effective October 18, 1983.)

19a-14-4. License shall not be issued until or unless complaint resolved

No license shall be issued if there is a complaint awaiting adjudication against the applicant in another state or with the Department of Health Services until such a time as it is resolved in favor of the candidate.

(Effective October 18, 1983.)

19a-14-5. Suspended or revoked license

An applicant whose license has been suspended or revoked pursuant to section 19a-17 of the Connecticut General Statutes cannot reapply for licensure under the terms of these regulations.
