**SFY 2023 BIL LSL PPL: \$30,053,680**

**estimated funding line: \$25,024,445**

**Footnotes:**

- 2 These Lead Service Line projects have been split between Planning and Design & Construction Phases for the purposes of assigning ranking points and readiness.
- 3 All projects are eligible for either base subsidy or DCAP subsidy. The amount of subsidy will be determined at the time a project is ready for a loan agreement, to the extent such funds are available.
- 6 This project falls across the funding line and may be only be partially funded by these Lead Service Line funds.
