*Description:*

Advanced TREM (Trauma Recovery and Empowerment Model) is a gender specific, trauma-informed recovery group that meets for 16 weeks. It constitutes Phase Three of the CHANGE program which is a series of mental health, trauma informed and gender responsive programs. Therefore it is assumed that all participants have completed TARGET (Trauma Affect Regulation Guide for Education and Treatment), Phase One and TREM, Phase Two. The group is designed to expound on concepts learned in TREM by providing a safe group for female offenders to learn more about trauma and to continue to share their studies.

---

*Description:*

ADRC's Detoxification Center is a 35-bed medically monitored detoxification program for adults. Admission decisions and skilled nursing interventions are provided by Registered Nurses. Each client is assigned to a counselor and they receive individual and/or group counseling daily. AA and NA meetings are offered on site five (5) evenings a week. Referrals for continuing treatment are encouraged and arranged prior to discharge. The goal is to safely detox clients from alcohol and/or drugs and to provide education and motivation for referral.

---

**Gender Specific for:MALE; RT Program Code: 0**

---

**Open Close:False, Session Group:False, Session Numbers: 1, Evidence Based:False**

---

**Description:**

The Intensive Residential program consists of 28 beds and involves 14 to 30 days of intensive residential treatment within a therapeutic community. Clients are accepted in the program regardless of their ability to pay.

**Services:**

These include continuing recovery counseling sessions, psycho education, family support, education and intervention, and are provided to clients as follows:

- Individual sessions - minimally twice weekly
- Therapy groups - once daily
- Other groups/meetings - three times per day
- Gender groups - twice per week
- Psycho educational groups - twice per week

Services are delivered within a Multilevel Service Delivery Model consisting of the following Specialty Tracts:

- A comprehensive Treatment Tract for the Latino client which is offered in Spanish, taking into account cultural and ethnic elements of the Puerto Rican tradition and other Latino heritages.
- A comprehensive Treatment Tract for Women.
- A comprehensive Treatment Tract for the English-speaking Caucasian and African-American males.

---

*Description:*

The Intermediate Treatment Program consists of 10 beds and involves up to 90 days of treatment. This program is open to individuals who have completed an Intensive Phase of Treatment or who otherwise meet admission criteria. Client referrals to this program must meet the Connecticut Client Placement Criteria III.5 level of care. No client will be rejected because of an inability to pay. Goals: To continue to build on the gains of Intensive Treatment and emphasize:

**Services:**

The Intermediate Residential Program has established community linkages for vocational rehabilitation, education, job readiness and employment opportunities, housing, entitlement/benefits, medical follow-ups, etc. Daytime activities are primarily reserved for such appointments. Since specific programming for this level occurs primarily in the evenings, clients are expected to participate in Intensive program activities if they have no outside appointments. This also serves as a way to reinforce concepts previously presented and an opportunity for them to support clients in that phase. Specific Intermediate Program services include -

- Individual sessions - minimally once per week
- Therapy groups - once daily
- Other groups/meetings - twice per week
- Gender groups - twice per week
- Psycho education - once daily

---

**Gender Specific for:MALE; RT Program Code: 0**

---

**Open Close:False, Session Group:False, Session Numbers: 5, Evidence Based:False**

---

**Description:**

The goal of this Employment Readiness Workshop is to provide resources and materials that will assist returning citizens (inmates) with job search strategies. This 4-5 session workshop will cover tools, suggestions and tips with various steps in your employment search process. In each of these sessions participants, will work on various activities and exercises designed to assist in their job search strategies. There are assignments that are provided to prepare these individuals for the next session. The topics that are covered over the 4-5 session include: Personality Assessment, Job Description Review, Cover Letter, Resume, Completing Application and Interview Questions and Strategies. There are many opportunities to answer and discuss concerns and questions as they relate to (inmates, ex-offenders) participant employment application. There are opportunities for mock interviews and to discuss interview questions and especially tips on answering the question regarding their background. Lastly, participants are provided with an overview of the resources and services available at the American Job Center.

---

*Description:*

This program is offered to individuals that have experienced some trauma in their lives. The lesson plans address male role models, emotional and relationship patterns as well as various abuse and its relationship to psych symptoms as well as substance abuse. This program can be modified to work with identified trauma survivors who have also been in the military. The traumatic event could be pre/post military as well as taking place during their military time. This group is a psycho-educational skill building group with a goal of having individuals explore how their trauma exposure can be impacting current life events.

---

**Gender Specific for:BOTH; RT Program Code: 0**

---

**Open Close:True, Session Group:False, Session Numbers: 1, Evidence Based:False**

---

*Description:*

Accomplished artists provide inmates with an introduction to the basic principles of fine art. Volunteer Artists-In-Residence within correctional institutions bring art behind bars and serve to broaden inmates' abilities to express themselves by developing talents or skills in drawing, painting, music and creative writing. Inmate artwork is collected annually by a Prison Art Program Curator from Hartford's Community Partners in Action (CPA) which operates this service solely through the support of grants from local foundations, corporations and the Connecticut Commission on the Arts. This art collection is arranged for exhibition in community spaces across the state. The CPA also publishes an annual journal of arts in correction serving to bring creative writing, poetry and visual art produced by inmates to the broader community.

*Description:*

AWARE recovery care is an in-home mental health and substance use disorder treatment industry, representing true innovation. Supported by a specially-trained team of addiction professionals, Aware offers a best-in-class in-home addiction treatment (IHATTM) program backed by both logic and data.

We provide a full continuum of home-based care including in-home withdrawal management, medication-assisted treatment (MAT) and management, individual therapy, family therapy, and coordinated medical and behavioral healthcare.

By transforming the home and local community into the treatment setting, we help you recover from addiction to alcohol and illicit and prescription drugs while getting the right amount of healthcare—all in the safety and comfort of your own home.

Recovery must include access to evidence-based and support groups.

---

**Gender Specific for:BOTH; RT Program Code: 0**

---

**Open Close:False, Session Group:False, Session Numbers: 1, Evidence Based:False**

---

*Description:*

Recognizing that individuals receiving behavioral health treatment are more likely to remain engaged in treatment when their basic recovery support needs are met, the Behavioral Health Recovery Program (BHRP) provides financial assistance to HUSKY D/Medicaid for Low Income Adults (LIA) recipients who are temporarily unemployed and in need of recovery supports that cannot be met by other community resources. These supports include recovery housing, independent housing, bus passes, food, clothing, and personal care items. The program also offers coverage for intensive and long-term substance abuse residential treatment, when those services are determined to be medically necessary.

The Department of Mental Health has contracted with ABH as the administrative service organization for the BHRP. ABH reviews and authorizes requests by treatment providers and vendors for the provision of these services. ABH is also responsible for utilization management, claims processing and payment, member services, and provider network management.

**Open Close:True, Session Group:False, Session Numbers: 1, Evidence Based:False**

---

*Description:*

The curriculum uses a Social-Ecological Model to understand and contextualize violence. This four-level model of violence prevention considers the complex interplay between individual, relationship, community, and societal factors. It addresses the factors that put people at risk for experiencing or perpetrating violence. This model is used by the Centers for Disease Control and Prevention and was used in the Prison Rape Elimination ACT research on women in prison.

*Description:*

At Branford Hall, you will study just the subjects you need for your career in order to gain the expertise and skills that employers will want. There was a time when a college degree was the only key to success, but today the situation is different. It is not necessary to spend several years in college in order to be a part of a fast-growing career field. Our students at Branford Hall study only the subjects they need for their career fields. This kind of education makes sense, especially today when time and money are so important.

*Description:*

The highly trained, skilled professional therapists of Bristol Hospital's Counseling Center provide counseling to individual adults, couples and families who seek assistance for a wide variety of problems. Problems range from temporary difficulties to complex long-term disabilities that affect emotional and physical health. Requests for services are accepted directly from area residents or from physicians and other healthcare professionals. Medical insurance policies usually cover a substantial portion of the fee and the Counseling Center does offer a sliding fee scale. The Counseling Center's services focus primarily on group therapies, and offer outpatient counseling services, partial hospital/intensive outpatient programs, and a full range of chemical dependency programming.

Capitol Region Mental Health Center (CRMHC) is a community based mental health center, operated by the Connecticut Department of Mental Health and Addiction Services, which provides an array of innovative clinical and community support services to individuals with a psychiatric disability, in many cases with co-occurring problems of substance abuse.

In addition to the function of providing individuals with behavioral health services, CRMHC also collaborates with the Greater Hartford DMHAS-Funded Mental Health Programs that is comprised of 15 non-profit agencies located in Hartford and West Hartford. These agencies work together to provide a comprehensive array of behavioral health services to nearly 3300 individuals and families.

Capitol Region Mental Health Center and the DMHAS-Funded Mental Health Programs serve adults with serious psychiatric disabilities or the co-occurring disorders of psychiatric illness and substance use, 18 years and older who reside in Hartford (Catchment Area 23), West Hartford, Farmington, Avon, Canton and Simsbury (Catchment Area 18).

*Description:*

Capital Workforce Partners (CWP) is the Workforce Development Board in the target program area established under the Federal Workforce Investment and Opportunity Act (WIOA). CPW will administer the Pre-release General Construction Pilot Program through its Jobs Funnel Program together with the Greater- Hartford- New Britain Construction and Building Trades Council. The objective of the Jobs Funnel Program is to connect low income and unemployed residents with sustainable careers in construction and other related trades by providing effective job training and placement. The contractor has an agreement with the Greater- Harford- New Britain Construction and Building Trades Council hereinafter (Building Trades Council) to provide vocational training and apprenticeship programs.

The Program is for men and women 18 years or older and incarcerated in CTDOC facilities who may be releasing, or are already on supervision in the community. The target population maybe releasing to parole, halfway house supervision, probation, other forms of community supervision, or be end-of-sentence (EOS).

Adult Partial Hospitalization Treatment and Intensive Outpatient treatment -

Natchaug and its various community-based programs serve people of all ages and stations in life. Our goal is to provide the highest quality diagnostic and treatment services customized to address the special needs of each individual in our care.

At Natchaug, our philosophy of health care is based upon simple but powerful tenets: A person's journey through the health care system should be as smooth as possible. People should be able to receive the care they need as close to home as possible.

*Description:*

Carnes Weeks Center

The Carnes Weeks Center (CWC) is an intensive residential treatment facility helping individuals and families reclaim lives affected by drug and alcohol addiction and behavioral health issues. We are careful to address each of our resident's individualized needs and circumstances, and we help clients and families everywhere begin the rehabilitation process.

CWC has full-time, on-site, highly credentialed staff and dynamic, comprehensive inpatient programs that meet people where they are. CWC is an intensive residential treatment facility that houses up to 20 people, through 28 days of treatment. Residents receive individual counseling with substance abuse counselors. Our goal is to help residents translate their wish for wellness into a decision to make a commitment to their recovery. The entire staff is dedicated to the recovery and continued wellness of all residents.

FOR: Men and women age 18 and older

SIZE: Up to 20 people

STAY: 30 days maximum

*Description:*

Catholic Charities is a non profit agency serving people of all faiths in Hartford, Litchfield, and New Haven Counties since 1920.

We focus on children as our future, families as the backbone of our society, and the elderly as our link to our roots

**Our Mission**

Motivated by Christ's social teachings and respect for the richness of diversity, Catholic Charities exists to promote the dignity, self-sufficiency and human potential of those in need.

**Our Vision**

Individuals, families and communities will become healthy, self-sufficient and productive, thriving in a just and compassionate society.

Catholic Charities OP component - Outpatient Programs (OP) are for those seeking mental rehab or drug rehab,

Intensive Outpatient: Intensive Outpatient Programs (IOP) are for those who want or need a very structured treatment program

**Description:**

Your First Step was founded by a group of recovering addicts dedicated to giving others the opportunity for treatment. We connect others with the services they need to help them in their struggle against substance abuse whether that be a detox center, an inpatient or outpatient treatment program, mental health services or just an empathetic ear. As people in recovery ourselves, we have personally experienced the highs and lows of addiction and the recovery process and understand in a way that most others can't the process of beating addiction. Through our experiences, we've learned how important it is to lend a hand to others in need, even when they don't realize that they need it. Sometimes your first step isn't admitting that you have a problem – it's the tentative questions or thoughts that arise about the possibility of treatment. Figuring out where to start and what your options are can be confusing. We know, because we've been there. That's why we've created Your First Step, to provide a resource for the men and women who don't quite know where to begin when it comes to seeking treatment for addiction.

**Compendium Program: Change Unit**

---

**Gender Specific for:MALE; RT Program Code: CU**

---

**Open Close:True, Session Group:False, Session Numbers: 1, Evidence Based:False**

---

*Description:*

The objective of the Change Unit is threefold. First to increase offenders overall personal responsibility, for their choices that led to their present incarceration and the past choices that continue to cause problems in their life. Secondly, offenders explore how their continued use of alcohol and/or drugs has influenced their decision making and consequences. They are encouraged to survey how changing their thinking around substances will change the way they feel; promoting a change in behavior(s). Lastly, participants examine abstinence from all addictive substances as a way to prevent future arrests and to better meet the challenges and opportunities that await them upon their release. CHANGE Unit participants include a COMMUNITY where offenders focus on change, make better choices, practice recovery skills and altering thinking patterns to promote growth. Staff assist offenders in the process, using available resources/support. Offenders provide support to one another by embracing the therapeutic community framework of the unit. Successful community reintegration, reduced recidivism are best achieved by a team effort. Together, we can attain the success that offenders envision for themselves. Our community is made up of a diverse population that is willing to put forth a concerted effort to invest in themselves and the therapeutic community.

***Description:***

The Medication Assisted Treatment (MAT) at MAAS offers treatment for opioid addiction, including the use of both methadone and buprenorphine. The MAAS MAT program utilizes a combination of medication and psychotherapeutic clinical treatment interventions aimed toward building a foundation upon which long term recovery can take place. Individuals entering this level of care meet criteria for methadone maintenance or buprenorphine maintenance. A shorter term taper is available through the ambulatory detoxification unit, if deemed appropriate. MAAS targets inner city and traditionally under-served populations, including but not limited to Latinos and African Americans. Treatment intensity varies based on patient need while the clinic models a ¿stages of change¿ approach to opioid treatment. All culturally relevant services are offered in English and Spanish. MAAS offers on-site babysitting to adults with dependant, under school-age children.

**Services Include:**

- Individual and Group Therapy
- Pharmacotherapy
- Psychiatric Evaluation and Follow-up
- Case Management
- Family Counseling
- Auricular Acupuncture
- HIV/AIDS/STD Testing and Counseling
- Basic Primary Care Services
- Trauma Therapy
- Gender Specific Therapy
- Urine/Drug Screens
- Problem Gambling Services

*Description:*

Casa Hostos operates two levels of residential services, including intensive and intermediate, with a total of sixteen beds in a 24-hour residential setting for Spanish speaking individuals (men and women). Casa Hostos offers an array of behavioral health services staffed by compassionate bilingual, bicultural addiction treatment/recovery personnel. The residential services at Casa Hostos are provided to adult substance abusers in the state of Connecticut who are medically indigent and alcohol and/or drug dependent. These levels of care are most appropriate for persons who have no significant medical or psychiatric conditions. Services provided range in time period from one to six months.

Services include:

- Individual and Group Therapy
- Psychiatric Evaluation and Follow-up
- Recreational Therapeutic Activities
- Vocational and Housing Case Management
- Family Counseling
- HIV/AIDS/STD Testing and Counseling
- Basic Primary Care Services
- Trauma Therapy
- Gender Specific Therapy

---

*Description:*

This is the second in a series of groups used in the Chronic Discipline Unit (CDU) Program. An essential capacity these inmates need to develop is to be able to deal with angry feelings without resorting to violence. This class is designed to help change thinking and attitudes which promote violence and to develop skills to deal with anger without violence.

---

**Gender Specific for:MALE; RT Program Code: 0**

---

**Open Close:True, Session Group:False, Session Numbers: 1, Evidence Based:False**

---

*Description:*

This is a group designed for inmates in the DOC's Chronic Disciplinary Unit. One of the problems that many inmates have in general, and restrictive housing inmates have in particular, is that they lack the skills necessary for problem solving. The first part of this class is designed to help inmates learn that not all problems can be solved and to assist them in approaching problems so as to (1) respond in the best way to the presented problem and (2) not to make the situation worse. In the second part of the class the inmates review a videotape which shows inmates who have completed a restrictive housing program. In that video the inmates discuss what they believe is necessary in order to "do your bid." The video serves as a stimulus for inmates to discuss how it is possible to live in a prison environment without getting into trouble.

---

*Description:*

This is one of several groups in the Chronic Discipline Program. In order to reach this class in the program the inmate has had to be behaving himself and interacting appropriately with other inmates and staff. This group is designed to help inmates examine the issues that might result in a relapse of the problematic behavior which resulted in their placement in Chronic Discipline, a very restrictive special housing program.

Drug treatment/ alcohol treatment

At CleanSlate, we specialize in the treatment of addiction using FDA-approved medications. We focus on treating opioid and alcohol addictions.

When we talk about opioids (or 'opiates'), we're talking about heroin and prescription drugs like Percocet, Vicodin, and OxyContin. At CleanSlate, we treat opioid addiction using two innovative and proven medications: buprenorphine (Suboxone, Zubsolv, generics), and naltrexone (Vivitrol).

*Description:*

Facility-Based Services

Utilizing trained mentors and contracted grant partners, The Center will offer a twenty-four (24) session program that fosters discussions among parents regarding reconnecting with their children and nurtures parent/child communication through the use of literature. Throughout the course of the facility based component of the program, both child and parent will be assigned specific books (one per month), and will complete literacy exercises through letters to/from child and parent. These exercises will be facilitated by The Center staff, partners and mentors.

*Description:*

It is said that the quality of a community can be measured by how well they care for those in need among them. For more than 130 years, United Community & Family Services has been providing healthcare and community services to Norwich and the surrounding areas. UCFS has been a cornerstone in the community since 1877.

In an effort to provide a wide range of programs and services that respond to the ever-growing health and human service needs of those living and working in our region, UCFS now provides:

Outpatient Primary Medical Care  
Outpatient Behavioral Health Services  
Community Based Behavioral Health Services  
Women's Health Services

*Description:*

Established in 2000, the community Health Center of Clinton is the healthcare home for patients who come from town throughout southern Middlesex County and the shoreline area. In addition, the CHC of Clinton is the hub for other CHC services in lower Middlesex County, including domestic violence support services and school based mobile dentistry.

Services:

- Comprehensive primary medical care for adults and children
- Obstetrics and prenatal care, childbirth education classes, and lactation support
- Breast and Cervical Cancer Early Detection Program
- Adult and child psychiatry and counseling services
- Certified Diabetes Education and Diabetes Care Management
- Nutritional Counseling
- Assistance with application for public insurance and other support programs
- Pharmacy discount program (340b program)

**Description:**

CHC is building a world class primary health care system, that is committed to caring for special populations, and that is focused on improving health outcomes for our patients as well as building healthy communities.

Since 1972, CHC has been one of the leading health-care providers in the state of Connecticut, providing comprehensive primary care services in medicine, dentistry, and behavioral health. CHC is available to all, but has a special commitment to the uninsured, underinsured, and special populations such as patients with HIV/AIDS. CHC is a statewide, independent, private non-profit organization. Last year, we provided high-quality medical, dental and behavioral health services to patients living in nearly every Connecticut city and town. With 130,000 active patients, CHC, Inc. is the health care home that works to keep our patients, and our communities, healthy. We incorporate prevention and health promotion, treatment of illness, and management of chronic disease, often all during the same visit. But CHC goes beyond the traditional health services to bring care wherever you are, using innovative service delivery models and state of the art technology.

---

Description:

CHS offers primary and preventive services in Adult Internal Medicine, Adolescent Medicine, Behavioral Health, Dental Care, Optometry, Pediatrics, Podiatry, and Women's Health. The health center also offers specialty services such as its Diabetes Collaborative, a national program which takes a multidisciplinary approach to treatment, and social services such as its Food Pantry which provides food to over eighty families each week, in addition to an on-site pharmacy and laboratory. As part of its program of community outreach, CHS participates in a number of community events each year including health fairs and provides transportation service to and from appointments for patients.

CHS is not a clinic. We are a community health center where you can bring your entire family, and receive the same close, personal care and medical expertise you would expect from a private practice or hospital. CHS is accredited by the Joint Commission on Accreditation of Health Care Organizations. While the Joint Commission sets the standards for the care in hospitals, accreditation is not required for community health centers. CHS undertook this effort as part of our commitment to excellence in our clinical practices, and providing every patient the quality of care they deserve.

*Description:*

This program was developed at Osborn Correctional Institution. Groups of youth from schools and other organizations come into the prison. While visiting the prison they meet with staff and inmates. The program is designed to encourage participants to make wise decisions, to act responsibly, and to establish and work on personal goals. Inmate testimonials are used to show youth the consequences that the inmates now face as a result of their personal failure in these areas.

---

*Description:*

The AICs provide structured supervision and services to pre-trial and sentenced individuals based on assessed risks, individual needs and court requirements to enhance their personal growth and development. All referrals are from the Local Courts or Probation Offices, which mandates participants to attend and complete the program.

During their time at an AIC, participants learn how to make positive changes through participation in case management and appropriate interventions such as Employment Support, Treating Addictive Disorders, and Cognitive Behavioral Therapy.

Through strategic, strength-based case management, which fosters empathy, hope and mutual respect, Case Managers help participants strengthen their motivation to make better choices and avoid re-arrest in the future.

*Description:*

The McAuliffe Center provides four 5-person apartments with on-site clinical services for male adult clients suffering from co-occurring disorders. Referrals to the McAuliffe Center may be made by local hospitals, community organizations and mental health or substance abuse providers.

While at the McAuliffe Center, clients are provided a range of services including individual, group and family counseling, medication management, psycho-educational programming and referrals to other organizations for long term assistance based on their individual needs.

Clients will typically have a 30 to 45 day stay at the McAuliffe Center. The goal of the program is to return the stabilized clients to the community, or an alternate care facility.

---

**Gender Specific for:MALE; RT Program Code: 0**

---

**Open Close:False, Session Group:False, Session Numbers: 1, Evidence Based:False**

---

**Description:**

The Center for the Treatment of Problem Sexual Behavior serves to prevent future sexual abuse through state-of-the-art assessment, treatment and training. CTPSB is committed to the enhancement of the community via the reduction of sexual violence. We accomplish this by working in a collaborative effort with the criminal justice and victim advocacy systems, utilizing research valid methodologies in the treatment and management of sexual offenders.

The Center is comprised of Adult Services, Juvenile Services, Developmental Disabilities Program, and The January Center, the state's first residential treatment center for problem sexual behavior. Both Juvenile Services and the Developmental Disabilities program provide assessment and treatment for victims of sexual violence as well as sexual offenders.

The main office is located in Middletown, however, specialized evaluation and treatment services are provided statewide in Middletown, New Haven, Bridgeport, Norwalk, Stamford, Danbury, Waterbury, New Britain, Torrington, Bristol, Hartford, Manchester, Norwich, Montville and New London. Through subcontractors, services are provided in Willimantic, Stratford, Danielson, and Shelton.

*Description:*

ReEntry Assisted Community Housing, or REACH, is a scattered site supportive housing program designed to assist both male and female offenders transitioning back into the community. In this apartment style living environment, apartments are shared by 2 same gender offenders. To prepare offenders for independent living, REACH assists with finding employment, financial management, and obtaining safe, affordable, permanent housing. Services include case management and employment assistance. Referrals are made for mental health and substance abuse treatment as necessary.

---

**Open Close:False, Session Group:False, Session Numbers: 1, Evidence Based:False**

---

*Description:*

The mission of Dress for Success is to promote the economic independence of disadvantaged women by providing professional attire, a network of support and the career development tools to help women thrive in work and in life. Dress for Success serves clients by referral only, and women must have an interview scheduled before receiving clothing. Our clients come to us from a continually expanding and diverse group of non-profit and government agencies including homeless shelters, immigration services, job training programs, educational institutions and domestic violence shelters, among many other organizations. On her initial visit a woman receives a suit appropriate for the industry in which she is interviewing and, if available, accessories. After a woman finds a job she returns to Dress for Success for additional clothing that can be mixed and matched to make several outfits, providing her with the foundation for a professional wardrobe.

---

**Gender Specific for:MALE; RT Program Code: EF**

---

**Open Close:True, Session Group:False, Session Numbers: 12, Evidence Based:True**

*Description:*

Effective Fatherhood program is a 12 week parenting course based on Circle of Security Parenting framework. The program looks specifically at some of the unique challenges of parenting behind bars, using examples from scenarios relevant to the empirical experiences of incarcerated people. The program will be based on reflective learning using the action reflection model to encourage a new and better informed action. The program will draw heavily on attachment theory and focus on helping parents better respond to the needs of their children and hopefully create secure attachments. Effective fatherhood debunks the myth of the perfect parent and instead encourages participants to be good enough parents.

*Description:*

FIC provides specialized services that strengthen families, enhance community safety, and promote individual responsibility. FIC is one of only a few organizations dedicated to meeting the critical needs of offenders and their families. Families of offenders, especially children with parents who are incarcerated, have special needs. Offenders who rejoin families and reenter communities make a much better adjustment if the family has a ¿safety net.¿ Family relationships play a significant role in helping offenders rebuild their lives. Experience has taught us that if an offender maintains a positive family and has the skills to be successful within that context, the chances of successful reentry into the community increase and recidivism diminishes.

Our programs and services for offenders and their families are based on documented best practices in the field and are designed to help preserve and strengthen family ties. Families in Crisis understands that without interventions, incarceration becomes a cycle that often repeats itself. In order to significantly improve the lives of our clients, Families in Crisis is committed to meeting the unique needs of families in a comprehensive and holistic fashion.

*Description:*

The Forensic Drug Diversion (ForDD) Clinic is a satellite clinic of the Connecticut Mental Health Center (CMHC), and represents a cooperative endeavor between the Law and Psychiatry Division of the Department of Psychiatry at the Yale School of Medicine and the Department of Mental Health and Addiction Services. The mission of the Forensic Drug Diversion Clinic is to provide best practice procedures and to offer outpatient, evidence-based therapies to substance abusing men and women with criminal justice involvement. The goal is to decrease substance use and recidivism rates among substance dependent populations with criminal justice involvement while promoting pro-social behaviors and increasing the overall health of this population. The treatment team consists of psychologists, social workers, nurses, and drug and alcohol counselors, and psychiatrists. Services offered include diagnostic evaluation, crisis management, pharmacotherapy, case management, harm reduction, individual therapy and group therapy.

**Description:**

The Forever in My Heart Foundation is an organization that trains rescue dogs to become service animals for disabled veterans. Offenders participate in the dog training program as handlers; they meet with the head trainers of the FIMHF to learn how to properly train each dog. The goal of the program is for each individual service dog to master skills in various components of training in order to enhance the lives of disabled and disadvantaged veterans in Connecticut.

*Description:*

The Community Services Division (CSD) in Stamford is located at the Franklin S. DuBois Center (FSDC) and serves the greater Stamford/Norwalk area. FSDC is responsible for providing ongoing, individualized treatment to persons living in the community with severe behavioral health disorders who are publicly insured, uninsured and in some cases underinsured. All services offered at the F. S. DuBois Center are aligned with the Commissioner's initiative to move our practice to one offering Community Support and Recovery Pathways. At the end of the day, people ought to have more advanced skills for self-management. Within many areas of service at FSDC, Peers have become integral components. Person-centered care is a given and evidence-based practices are growing.

*Description:*

Fresh Start Community ReEntry Program

This innovative, research-based nonresidential model results in the successful reintegration of formerly-incarcerated persons into their families and communities. Our holistic approach engages and prepares prisoners prior to release, utilizes successful ex-offenders as leaders, role models, and mentors, builds collaborations with stakeholders, and creates positive pro-social networks in the community. The results are: productive, tax-paying citizens, stronger families and communities, increased public safety, reduced costs to taxpayers, and improved quality of life in the region and across the state. Yale University research has observed that Fresh Start programs have reduced recidivism in Connecticut. Gender-specific programming is provided for women in collaboration with our partner agency, The Center for Women and Families of Eastern Fairfield County.

---

**Gender Specific for:MALE; RT Program Code: PG**

---

**Open Close:True, Session Group:False, Session Numbers: 1, Evidence Based:False**

---

*Description:*

The gardening program provides the young men with opportunities to learn foundational gardening skills through practical, reality-based learning led by correctional officers. The goal of the program is to provide opportunities for hands-on-learning of how to sow, grow, and harvest fruits and vegetables. The program supports the young men's need for practical life skills education to help them thrive in the real world. The harvested fruits and vegetables will be utilized by the facility culinary arts program and donated to local food banks in an effort to give back to local communities.

*Description:*

An evidence based manual-guided 10 session cognitive behavioral intervention designed for adolescents to learn anger management skills. This program was based on prior outcome research on Anger Management. This 10 week program includes skill building, cognitive techniques, relaxation training, and role play. The youth-specific version was developed in regards to principles of youth-specific programming for male youthful offenders. In addition an assessment tool is included to ensure fidelity to the treatment model. Baseline and follow-up information are collected for outcomes analysis, as well as, post-group participant interview satisfaction data.

***Description:***

The graphic arts/printing course is designed to provide students the opportunity to learn the skills necessary to work in the printing field. Students gain an understanding of the overall printing process to include graphics layout, design, production printing and binding. Students concentrate on proper shop safety procedures and desktop publishing skills. Each student receives "hands on" instruction operating single color offset presses, two color presses, paper cutters and bindery equipment. Class theory work includes learning terminology related to the field and methods of managing quality control processes. Students learn basic equipment upkeep and care, as well as equipment problem diagnosis and minor equipment repair.

---

*Description:*

This program reduces offender idleness and exposes them to socially acceptable leisure time and activities by teaching through hands on experience, plant identification, irrigation, propagation, fertilization, garden layout, greenhouse organization, weeding and general garden maintenance. Along with hands on experience, this program may develop patience, a respect for nature, and a sense of pride in one's accomplishments. On the practical side of things, this program will be used to grow vegetables that will be utilized by the food service department for the purpose of subsidizing the menu and realizing monetary savings. The program will also grow flowers to beautify the exterior of the institution and donate the seedlings to local non-profit organizations.

---

**Description:**

Grief Recovery Group is for inmates dealing with losses past and present that may include death, family separation, faith, or growing up in an abusive home. The course addresses the effect of incarceration and substance abuse on the grief process. The goal is to support each person to find their own inner resources, to feel complete in their grief process, and move forward in their lives with a renewed sense of meaning and purpose.

---

*Description:*

Grief Recovery Group is for inmates dealing with past losses that may include death, family separation, loss of faith, or growing up in an abusive home; and the current loss of freedom due to incarceration. The course addresses the effect of incarceration and substance abuse on the grief process, the importance of taking responsibility for one's self, and how to find forgiveness and hope in life. The goal is for the group to support each person to find their own inner resources, to feel complete in their grief process, and move forward in their lives with a renewed sense of meaning and purpose - making it less likely they will reoffend and become re-incarcerated.

*Description:*

Honesty, Ownership, Nobility, Obligation, Respect. Our mission is to foster a therapeutic environment where incarcerated people can find a space, tools, resources, and education allowing them to recognize and appreciate their personal development and affirm their rehabilitation. Our vision is to create programs thought and co-facilitated by incarcerated people seeking self-improvement, positive change, and transformation of self. The Cheshire C.I. H.O.N.O.R program implements collaborative community structure to establish order and allow all participants in the program to experience how they can contribute to a community, to be a leader, and deal with issues in positive and a civilized manner. This creates a smoother transition for all incarcerated people back into society and reduces the likelihood of recidivism.

**Compendium Program: Healing Trauma**

---

**Gender Specific for:FEMALE; RT Program Code: 0**

---

**Open Close:True, Session Group:False, Session Numbers: 6, Evidence Based:True**

---

*Description:*

Healing Trauma was developed by Stephanie Covington LCSW. It is a 6-session trauma intervention group designed for women who have been abused. Each session runs for approximately 2 hours and is best facilitated in groups of 10-12 members in a sequentially closed group. The curriculum is available in both English and Spanish.

There are 4 session topics which include the process of trauma, power and abuse, grounding and self-soothing, and healthy relationships. There is a strong emphasis on grounding skills. Healing Trauma is particularly designed for settings requiring a shorter intervention. The 6-session curriculum allows young adults and women to have a treatment-oriented program, to include the three core things that both staff and group members need. This includes an understanding of what trauma is, its process and the impact that trauma has on both the inner self (thoughts, feelings, beliefs and values) and the outer self (behavior and relationships).

**Description:**

HCRC provides integrated medical and counseling approaches grounded in an individualized recovery-oriented philosophy that treats addiction as a bio-psychosocial disease. These services include pharmacological treatment with methadone and other medications in combination with individual, group and family counseling. Treatment is individualized and driven by objective goals. HIV/AIDS screening, education, and counseling services are provided for all patient/consumers. Patient/consumers are encouraged to participate in self-help programs such as Alcoholics Anonymous or Narcotics Anonymous, and the program utilizes self-help principles in treatment. The philosophy of care recognizes addiction as a primary disease, emphasizes the need for compassion, and encourages a drug-free lifestyle.

The USD #1 offers opportunities for earning a high school diploma through either USD # 1's Adult Education Program or in some cases in collaboration with USD #1 and the local town/city. To receive a diploma from the local city/town, the former school district must be willing to cooperate with USD #1. USD #1 Adult Education opportunities include the following:

1. The General Education Development (GED) exam provides qualified offenders the opportunity to participate in the examination process in order to receive a Connecticut State High School Diploma.
2. The High School Equivalency Program provides qualified offenders the opportunity to earn the 20 credit hours (120 hours per credit) required to receive a Connecticut High School Diploma.
3. Credit Diploma Program (CDP) provides qualified offenders the opportunity to earn the 20 credit hours (50 hours per credit) required to receive a USD #1 Adult Education High School Diploma.
4. The External Diploma Program (EDP) provides qualified offenders the opportunity to complete a competency portfolio in order to receive a USD #1 Adult Education High School Diploma.

Not all programs are available at all sites, and USD #1 staff review these options with prospective students to assist in the decision regarding which high school diploma program best meets his/her needs.

*Description:*

When inmates are tested for HIV, the department provides standardized counseling by Department of Public Health certified counselors before and after testing. Counseling components include what HIV and AIDS are, how to get it, how to avoid getting it, what it means to be HIV positive, how to take care of oneself if one is HIV positive, and help in dealing with the associated feelings.

*Description:*

The Department demonstrates a collaborative approach in providing HIV support services to inmates in all facilities. A UCONN (Contracted) Health Services Team coordinates testing and counseling services; the Department's School District conducts classroom instruction about HIV; the Department's Addiction Services Unit Counselors provide HIV education and prevention counseling; a number of volunteers serve as "buddies" or sponsors; and Hartford's Community Partners in Action (CPA) receives funding from foundations, grants as well as support from the state's Department of Mental Health and Addiction Services to operate the "Beyond Fear" Program. Altogether the Department hosts a complete program that includes counseling, testing, education focus groups, videos, intervention strategies and is able to assist discharging inmates with need for such services as housing, medical treatment, food, clothing and transportation.

New Beginnings and AIDS Awareness Day has been added to the HIV Support Services program. New Beginnings is an HIV/AIDS support group.

*Description:*

This program is provided through an interdisciplinary team approach, to provide twenty-four (24) hour compassionate, quality end-of-life care to terminally ill inmates and to view their families and/or those emotionally connected to them as part of the "unit of care". Specially trained inmate volunteers are assigned to provide on-going care and support. This program is also available to all terminally ill male inmates in the Connecticut Department of Correction who meet the criteria for transfer into the program at MacDougall-CI. This program is also available to all terminally and chronically ill female inmates in the Connecticut Department of Correction who meet the criteria for transfer into the program at York-CI.

---

**Description:**

The Houses of Healing made available in a self-study course for offenders in segregated/restrictive housing units. A 14-week evidence based program in emotional literacy, designed to teach emotional regulation techniques, foster emotional and spiritual growth, and encourage responsibility and accountability for ones self and toward others. Offenders create meaningful narratives of their lives through working toward healing experiences of trauma and grief and learning emotional regulation and practices. The self-study course offers additional support while in segregation/restrictive housing and prepares the offender for returning to general population and reintegration into the community.

---

**Gender Specific for:BOTH; RT Program Code: FL**

---

**Open Close:True, Session Group:False, Session Numbers: 1, Evidence Based:False**

---

*Description:*

This program offers an integrated system of care for inmates who have been sentenced to a period of three months or more, who have substance use issues (drug/alcohol score of 3 or higher), co-occurring mental health issues (mental health score of 3 or lower), and physical health concerns (medical score of 1 or higher). The inmates are expected to be released into the greater New Haven community within a four to six-month period of time and must be committed to working with the Living Free Program's Peer Advocates on various re-entry issues and concerns. Living Free will meet with each inmate at their designated facility for a structured four step process to ideally enroll and assess their needs for addiction, mental health, and/or medical treatment and care. If enrolled, the final step of this program is to bring the inmate on an "escorted visit" from their designated facility to the ForDD Clinic to meet with their treatment providers and Peer Advocate for discharge planning prior to their release date. Once released, each inmate is expected to attend weekly appointments with the treatment providers and Peer Advocates at the ForDD Clinic.

*Description:*

Medication Assisted Treatment (MAT) is a program that combines behavioral therapy with several medication options to treat substance use disorders. MAT programming in the correctional setting has shown to prevent relapse and overdose among offenders who present with opioid and/or alcohol addiction and decrease illicit opiate use and other criminal activity. The DOC MAT program includes counseling, recovery/social supports and training on the use of NARCAN. MAT program participants are then provided NARCAN prior to discharge. The Addiction Treatment Unit (ATU) provide treatment options and will coordinate services with community providers to ensure continuity of care post release.

Description:

Mercy Learning Center of Bridgeport, Inc. provides basic literacy and life skills training to low-income women using a holistic approach within a compassionate, supportive environment. All women are welcome without regard for race, religion, color, creed, sexual orientation or national origin.

Mercy Learning Center's core programs include two part-time Beginner ESL classes, a one-on-one or group Tutoring Program, a full-time, classroom-based Intensive Study Program, and the National External Diploma Program (NEDP). The Center is open year-round for tutoring, the NEDP, and computer classes. However, the full-time classes follow the ten-month Bridgeport school system calendar, beginning in September and ending in June, so as to reduce conflicts for women with children in the public school system.

*Description:*

Moving On is a trauma informed, semi-open intervention designed specifically for women who are involved with the criminal justice system. The intervention assists women to mobilize and develop personal and social resources, develop healthy relationships, increase communications and decision making skills, manage feelings and connect them to their community. The overarching goal of the intervention is to mediate the impact of risk for future criminal behavior. The program consists of 25 sessions. Any sessions not completed at York CI can be completed in the community in all of the Parole and Community Services districts.

***Description:***

M-TREM is a 24 session group that meets twice a week, and is divided into four parts. It is a gender-specific, educational, skills oriented group, designed to address trauma. The group's emphasis is on making connections between abuse histories and current functioning and on assisting with recovery skill development.

*Description:*

The Medication Assisted Treatment (MAT) at MAAS offers treatment for opioid addiction, including the use of both methadone and buprenorphine. The MAAS MAT program utilizes a combination of medication and psychotherapeutic clinical treatment interventions aimed toward building a foundation upon which long term recovery can take place. Individuals entering this level of care meet criteria for methadone maintenance or buprenorphine maintenance. A shorter term taper is available through the ambulatory detoxification unit, if deemed appropriate. MAAS targets inner city and traditionally under-served populations, including but not limited to Latinos and African Americans. Treatment intensity varies based on patient need while the clinic models a “stages of change” approach to opioid treatment. All culturally relevant services are offered in English and Spanish. MAAS offers on-site babysitting to adults with dependant, under school-age children. Services Include:

Primary Care  
Individual and Group Therapy  
Pharmacotherapy  
Psychiatric Evaluation and Follow-up  
Case Management  
Family Counseling  
Auricular Acupuncture  
HIV/AIDS/STD Testing and Counseling  
Basic Primary Care Services  
Trauma Therapy  
Gender Specific Therapy  
Urine/Drug Screens  
Problem Gambling Services  
Transportation to higher level of care or Detox program

*Description:*

New Era Rehabilitation Center Inc. is a private comprehensive substance abuse treatment facility that specializes in methadone maintenance. NERC was founded in 2002 by Board Certified Doctors. The center is comprised of two facilities, located in Bridgeport and New Haven, Connecticut. NERC is licensed by the Connecticut Department of Public Health, the Center of Substance Abuse Treatment, and is accredited by the Joint Commission on Accreditation of Healthcare Organizations (JCAHO). The New Haven facility is accredited by the Commission on Accreditation of Rehabilitation Facilities (CARF). NERC is focused on providing patient-focused care that results in positive health outcomes and behavioral changes. The agency applies a proven, research-based medical approach in treating substance abuse while taking into consideration the needs and wants of the patients and their families. We are a family-orientated organization with family values, and we pride ourselves on treating our patients with respect, compassion, and fairness.

**Description:**

If you need to improve your English skills, obtain a high school diploma, or expand your horizons by taking an enrichment course, you have opened the right web page!There are three ways to earn a high school diploma at the New Haven Adult and Continuing Education Center: GED, Credit Diploma Program, or National External Diploma Program. We have many levels of ESOL classes to improve your proficiency in English. We offer a number of enrichment classes, each of which will enhance your lifelong learning. Each person entering New Haven Adult and Continuing Education has a unique experience; so before deciding on a program, please discuss your situation with our counselors who are on-site at the Ella Grasso Boulevard location Monday through Friday 8:30 AM to 3:00 PM and Monday through Wednesday evenings from 6:00 PM to 8:30 PM. They will help you make an informed decision about which program is best for you. The important thing is that you register to start a program!

The registration process is one that will take some time. This process is in place so that the counselors can help YOU decide on the best program for you to achieve your goals. Please be aware that you must be 17 or older to enter Adult Education in Connecticut. This law was passed by the legislature on July 1st, 2011.

*Description:*

The Office of Early Childhood (OEC) is working collaboratively with DOC on parenting related programs to meet the needs of the female offenders. OEC provides monthly workshops and a parenting attachment group called Circle of Security. The Monthly workshops are facilitated by OEC staff and coordinated by DOC staff to ensure inmate participation. These workshops have various topics pertaining to parenting including literacy, infant behavior and shaken baby syndrome, among others. The Circle of Security group is co-facilitated by an OEC staff member and a DOC staff member. It is an 8 week curriculum-based group. Both programs are voluntary for the offenders.

*Description:*

This program is designed for offenders over 40 and over 50 who want to participate in activities with people of the same age. Offenders can participate in weight training, handball, paddleball, basketball, Ping-Pong, and yoga without feeling pressure to compete with younger offenders. Upon admission to the program offenders are assigned a partner to start their exercise program slowly. From that point, they are able to increase stamina and activity levels. Information regarding specific fitness and health issues is also available to them.

*Description:*

The Patient Care Assistant training and skills program provide education and clinical skills training and services for offenders under the supervision of a licensed nurse. Students will receive 3 weeks training across 6 specialty job services in healthcare. This program teaches and prepares inmate workers interested in nursing services. PCA's may become eligible to join the CNA program after maintaining good conduct and successful work reports. Training includes confidentiality, body mechanics, using medical asepsis for infection control, weights, and measures, recognizing signs of distress, understanding proper nutrition and feeding techniques, encouraging exercise and mobility, biohazard cleaning, and more. Successful completion culminates in level 2 specialty pay for placement as a PCA in a facility job classification.

*Description:*

Pre-natal group offers weekly childbirth education classes to all pregnant York CI inmates. The group facilitator is a Doula from The Office of Early Childhood development (OEC). The program topics include: nutrition, exercise, growth and development of baby, maternal changes with pregnancy, drug and alcohol use in pregnancy, signs & stages of labor, comfort techniques and pain medications, informed choice, postpartum care, newborn bonding, breast vs. bottle feeding, birth control and family planning, hospital protocols and Doulas. The postpartum group is available to all female offenders that have given birth while incarcerated or very recently in the community. The group is facilitated by OEC Doulas. The participants are educated on what types of physical and hormonal changes to expect after delivery and how to best take care of themselves during this transition. the labor coach program is a collaborative effort between OEC Doula and Lawrence and Memorial Hospital (L&M) staff in conjunction with York CI High Risk Infant program. OEC Doulas are trained to work specifically with inmate patients delivering babies at L&M Hospital.

*Description:*

RAMP is a 3 phase restorative justice program that utilizes restorative practices in order to repair the relationship that have been negatively impacted as a result of an incident through reflection, accountability, and mediation. Participants will reflect: The juvenile will complete an assignment that forms the foundation of all forms of restorative practices and aims to discover the root cause (s) of challenging behavior, determine impact, repair harm, and restore relationships and the community. Accountability: The juvenile will speak with staff to focus on repairing the harm that was done to the individuals involved in the incident. An additional assignment will be completed that addresses his disciplinary behavior with a focus on anger management, victimization, and the importance of following rules. Mediation: The juvenile will complete an assignment in order to prepare for the mediation process with the impacted parties. The participant will then focus on the continued repair of the community that includes scenarios that may present future conflict. The goal is for the juvenile to apply what he has learned in future situations to avoid conflict.

***Description:***

Substance Abuse and Treatment: RSCT knows that successful addiction treatment addresses all of a Client's challenges by engaging the Client, their family, critical stakeholders and their community relationships. Founded in 2018, RSCT is pleased to receive Behavioral Health Care Accreditation from The Joint Commission, the nation's oldest and largest standards- setting and accrediting body in health care. Reinhard Straub, Owner and Executive Director, Licensed Independent Clinical Social Worker (LCSW) and Licensed Chemical Dependency Clinical Supervisor (LCDCS), has worked in Substance Abuse and Mental Health for almost 30 years. He has surrounded himself with a talented team of clinicians, including Jessica Miller Director & Clinical Director, LPC Senior Therapist.

*Description:*

RAP provides services for young adults ages 15 through 21 years of age.

In-home individual and family counseling, clinical case management services, school, work site and community visits.

Services based upon classification of the Offender.

Offenders are also monitored for substance abuse and relapse vis-à-vis field urine screens and Breathalyzer testing conducted in-home, at the request and discretion of the referring agency.

24-hour on-call services are also available to those Offenders who may be experiencing clinical or mental health issues.

**Individual Services**

will have a comprehensive, holistic, individualized service plan developed and implemented.

This plan will include the following core domains:

- i. mental / behavioral health;
- ii. social-emotional;
- iii. health;
- iv. recreational, cultural and spiritual;
- v. permanency and life long family ties, including visitation/contact with parents and siblings;

*Description:*

This program is designed to assist offenders in preparing for and accomplishing a successful return to the community. Operating statewide, the Resettlement Program has developed liaisons with service providers in the community and is able to provide on-going assistance in locating and accessing resources responsive to the needs, including food, shelter, clothing, education, medical services, as well as emotional support and encouragement. Staff begin working with clients while they are incarcerated so that support systems are in place upon release. Clients request admission to the program through their institutional counselor.

**Compendium Program: Restorative Justice Circles**

---

**Gender Specific for:MALE; RT Program Code: RJ**

---

**Open Close:True, Session Group:True, Session Numbers: 1, Evidence Based:False**

*Description:*

Restorative Justice Circles is a community based group focused on building peer relations, group cohesiveness, and better understanding of one another. The topics for the group are issues that affect their daily lives while incarcerated and in the community. Group topics may include healthy relationships, coping skills, current events, emotion regulation/ expression. youth are encouraged to express their individuality and have their voices heard in a safe milieu. At times youth have the opportunity to choose group topics and lead the group.

*Description:*

As part of our spectrum of services, we offer our customers an array of services to meet varied offender supervision and monitoring needs. Our services can be personalized to meet an agency's exact needs. Since 1993, we have tailored programs specifically to agency requirements, using the same base equipment that provides a progression in supervision level. We have provided the following services for more than 200,000 monitored cases and in excess of 300,000 misdemeanor probation cases.

*Description:*

The Sex Treatment Program is a specialized program open only to offenders with sex-offender charges. The program is provided by mental health staff with specialized training in the treatment of sex offenders. It deals with both specific behavioral issues typical of the offense and the likely underlying individual issues. This is both a supportive group and a highly structured psycho-educational group. It is an integral part of the state wide Sex Treatment Program.

---

**Gender Specific for:BOTH; RT Program Code: ST**

---

**Open Close:True, Session Group:False, Session Numbers: 12, Evidence Based:True**

---

*Description:*

Utilizing the risk, need, responsivity model inmates are accessed to determine dosage and level of intensity of treatment that is indicated. Those inmates who are determined to be at moderate to low risk level, who will be receiving on-going treatment post-release in the community, or who are unable to participate in a more intensive treatment program for other reasons are assigned to the Short-Term Sexual Offender treatment group. Treatment targets dynamic risk factors empirically associated with risk of recidivism such as deviant sexual preferences, lack of positive social influences, intimacy deficits, problems with sexual self-regulation, problems a general self-regulation, attitudes supportive of sexual assault, and problems related to cooperation with supervision, integrates models of Cognitive Behavioral Treatment (i.e. The Good Lives Model) and Relapse Prevention.

Compendium Program: Solitary Garden Project

---

Gender Specific for:FEMALE; RT Program Code: 0

---

Open Close:True, Session Group:False, Session Numbers: 1, Evidence Based:False

---

Description:

The Project comes to life through correspondence(letters) between ad FGN staffer or volunteer and an offender, also known as the gardener. Their letters articulate to the FGM what kind of flowers or plants are grown in the garden bed, which is located at the FGM. The gardens become extensions of the offender in the community - creative and positive expressions of beauty and healing that volunteers enact on behalf of the gardener. The size and layout of Artist Jackie Sumell's plot echoes prison cells with "fixtures" made from biodegradable materials that will disappear over time as the plants and flowers mature. The artist focuses her work on the effects of the prison and is interested in the empathy the gardens can help cultivate for the incarcerated.

*Description:*

The special education teachers, pupil services specialists (School Psychologists, School Counselors, School Social Workers), and the associated clerical and durational staff provide services to students with handicapping conditions which interfere with their ability to participate in school. These services are mandated by federal (Individuals with Disabilities Education Act Amendments of 1997) and state (Connecticut General Statutes 10-76) statute. Special education services encompass a broad array of activities including assessment, counseling, transition planning, and both the direct and indirect (e.g. consultation) services of the special education teachers and pupil services staff. Student programs are designed according to the individual needs of each student with disabilities and are specified in an Individualized Education Plan (IEP.) A social skills component is a part of the special education program.

***Description:***

The York CI Mentor Program is comprised of inmate mentors who demonstrate pro-social, adaptive coping skills as well as inmates who have recently entered YCI and are presenting with difficulty adjusting to the correctional environment. The program also provides an outlet for the offenders to receive peer support and insight into common adjustment issues. Topics addressed include: basic sleep hygiene, drug withdrawal, court stressors, managing the YCI system and coping strategies.

*Description:*

Inpatient Rehab Programs  
General Intake

Stonington Institute's treatment program draws from medical, psychological and traditional self-help approaches in addiction treatment. The Institute also recognizes the overwhelming importance of the client's motivation to achieve and maintain sobriety. Through education, professional intervention and effective social rehabilitation, it is our belief that everyone can achieve recovery.

Stonington's Detox Program is aimed at engagement, orientation and stabilization. The clinical program is led by a Clinical Director, a licensed clinical staff and a dedicated Discharge Care Coordinator who will assure that every client completes a safe detox protocol and is introduced to 12-step model of recovery. Emphasis is on understanding the disease of addiction and solidifying a long-term recovery plan.

*Description:*

Target is an acronym for Trauma Adaptive Recovery Group Education and Therapy. This program guides participants through a series of steps. Psycho education is provided on Post-Traumatic Stress Disorder and skills are taught that permit trauma survivors to deal with the internal distress that often affects people with trauma histories. The emphasis is on learning about the disorder and acquiring the tools to permit a higher level of functioning. Target also prepares participants to engage in intensive therapy in dealing with their personal stories.

*Description:*

The Addiction Services Unit - Time Out Program (ASU-TOP) provides Substance Abuse Treatment for offenders returned to custody for non-compliance with the stipulations and/or conditions of their release from a DOC facility. ASU-TOP programming serves to reinforce the offender's foundation of substance abuse information, personal identification with recovery, and to motivate their continued use of formal and informal recovery support services upon their return to the community. The ASU-TOP uses two evidence-based; psycho-educational curriculum driven programs designed to help the offender identify the mechanisms which triggered their relapse into the use of Alcohol or other Drugs; enhance their recovery skills, and develop a plan for an on-going drug and crime free lifestyle. The ASU-TOP program will be delivered 5 times per week over the course of 3 weeks. The Brief Substance Abuse Treatment Program shall be 15 sessions in length; the Intensive Relapse Prevention Program shall be 10 sessions in length. Participants will also complete the Job Center Program and the Reentry Workbook Program. Upon successful completion of TOP, inmates may attend Aftercare.

*Description:*

Youth Community Development Programs of CCPC is focused on developing a future for youth ages 15-24 by providing them with the basic skills and knowledge of educational, career advancement, small business management so that they can be successful in their career of choice. There are two program components: Career Development and Educational Assistance. Students will attend career development workshops and will take advantage of paid work opportunities while graduation from high school and college. Job and education coaches will train youth for 4 to 6 weeks before placing them into a paid apprenticeship with local employers and businesses. New Haven youth are in need of after school programs that allow them to be productive in the workforce. Our business sponsors offer work apprenticeships services for participants achieving certain education and life skills benchmarks. Independent Living Preparation is part of the classroom instruction individuals will receive. It covers housing, transportation, banking, credit, budgeting, and spending /consumer skills. Ansell Casey Life Skills Training is designed to help assist transition and successful life skills participants into independent living. This program also emphasizes the importance of the well-being of at-risk youth and assists with various endeavors to assure youth and families opportunity to fair and adequate housing.

*Description:*

ReEntry Assisted Community Housing, or REACH, is a scattered site supportive housing program designed to assist both male and female offenders transitioning back into the community. In this apartment style living environment, apartments are shared by 2 same gender offenders. To prepare offenders for independent living, REACH assists with finding employment, financial management, and obtaining safe, affordable, permanent housing. Services include case management and employment assistance. Referrals are made for mental health and substance abuse treatment as necessary.

*Description:*

Recovery Promotion: A Relapse Prevention Group (This group is to support clients who are in recovery to avoid relapse. The group focuses on teaching clients to identify triggers to relapse and develop new skills to avoid and cope with cravings to support a clean and sober life. The primary goal of this group is to help clients learn the skills to support a recovery lifestyle.)

Healthy Families: A Parenting Group (This group helps clients to improve parenting and social functioning, while supporting recovery and managing anger in healthier ways. The group focuses on teaching clients how to become better caregivers and proactive parents. This group is helpful to clients who identify a need to learn new parenting skills and use peer support through the challenges of being parents.)

*Description:*

The Connection Counseling Center provides evidence-based substance abuse, mental health, and cooccurring disorders treatment for adults. Anger Management groups are available for offenders in need, and drug testing is conducted randomly. Treatment offers opportunities to learn and practice new problem-solving and coping skills. Successful offenders experience improved home environments; more satisfactory relationships with themselves, their families, and their peers; improved stability; improved physical and emotional well-being and functioning; avoid future criminal activities and involvement in the legal and family services systems; and decrease the likelihood of being exposed to the traumatic events (homelessness, abuse, victimization, et cetera) common to their former lifestyles.

---

**Gender Specific for:FEMALE; RT Program Code: RR**

---

**Open Close:True, Session Group:False, Session Numbers: 14, Evidence Based:True**

---

*Description:*

An on-going evidence based program in spiritual growth and emotional literacy, designed to teach emotional regulation techniques, foster emotional growth, and encourage responsibility and accountability for oneself and toward others. Female offenders create meaningful narratives of their lives through working toward healing experiences of past decisions, trauma and grief and learning emotional regulation and practices. Wellbriety is a change in personal identity and values and a visible change in ones relationship with others. It is about Spiritual, physical, emotional, and relational health. This is not accomplished in isolation but in relation to those around us, family, and the community.

**Compendium Program: The Transitions Clinic**

---

**Gender Specific for:BOTH; RT Program Code: 0**

---

**Open Close:True, Session Group:False, Session Numbers: 1, Evidence Based:False**

---

*Description:*

The Transitions Clinic believes that people with a history of incarceration:

Have a right to confidential medical services

Have the capacity to make decisions about their own healthcare Should be treated with respect

Should have access to timely, tailored and effective healthcare services

Each patient is paired with a dedicated and experienced community health worker (CHW) who has a previous history of incarceration. The CHW helps patients navigate the local healthcare systems and the community's social service agencies. The CHW also provides chronic disease self-management support and makes necessary referrals for employment, housing, medical coverage and education.

Services:

- Primary Care
- Referral to Specialty
- Care Referral to Mental Health Services
- Support within the Healthcare System
- Referral to Employment, Legal and Housing Resources

**Compendium Program: Tier Meeting**

---

**Gender Specific for:FEMALE; RT Program Code: 0**

---

**Open Close:True, Session Group:False, Session Numbers: 1, Evidence Based:False**

---

**Description:**

Tier meetings meet weekly to discuss matters touching life on the individual tier (24 beds/12 cells). Offenders are encouraged to deal in an appropriate manner with local concerns that may well be causing friction within the group. These meetings occur in various housing units at York CI as part of therapeutic community mental health programs.

---

***Description:***

The Sex Treatment Program is a specialized program for inmates who have committed a sexual assault. The program is provided by mental health staff with specialized training in the treatment of sex offenders. The overall goal of the program is to decrease sexual violence. The program teaches inmates about the nature of sexual assault, helping them develop an individualized relapse prevention strategy for themselves, helping them improve the quality of normal interpersonal relationships, helping them better manage their anger, and helping them develop victim empathy.

---

*Description:*

The Transitional Case Management (TCM) program is designed to help ensure individuals a successful transition from incarceration back to the community through comprehensive case management, encouragement and support as well as addiction service treatment. Weekly individual and group therapy sessions are held with clients from three months prior to release and up to four months afterwards for transition planning. TCM clinicians focus during this period on issues such as employment, housing, insurance, transportation and education as they improve confidence in themselves and their ability to succeed.

---

**Description:**

An open group therapy curriculum addressing the physical, emotional, and relational aspects of the healing journey. This group will focus on the after-effects of physical and/or sexual abuse and domestic violence. Women will gain education about trauma and it's impact on one's development, self-esteem, relationships, and sense of safety. Skill building will focus on ways to manage triggers/distress and establish healthy boundaries. This group will provide a foundation for women to pursue trauma therapy, during or after their incarceration.

***Description:***

This four session program is designed as a brief intervention for those offenders who are serving short periods of incarceration. Participants are encouraged to think about how they know the difference between what they are feeling and thinking, and how feeling based distortions can get in the way of productive communications. Participants are introduced to common thinking patterns that lead to frustration, distortion and avoidance of personal responsibility.

**Open Close:True, Session Group:False, Session Numbers: 1, Evidence Based:False**

---

*Description:*

This program prepares students to become licensed barbers and cosmetologists. Course requirements are 1500 hours(Barbering = 1000 hours) of theory and practical experience to qualify for licensure. The barbering program provides experience in the areas of hair cutting and treatment, styling and shaving, human anatomy and physiology; and business practices. A rigorous set of criteria is required for entrance into the program. The classroom is set up to simulate an actual salon environment including appropriate business behavior. Upon completion students receive information about receiving a grant from the Department of Labor to take the state examination when they discharge from the facility. Approval for licensure is determined through the State Board of Health and Addiction Services.

**Description:**

SRG designated inmates housed at Garner CI. Youth Education Unit (YDU) are provided with comprehensive educational services. YDU is comprised of a mixture of both special and regular education students and who are between the ages of 18 and 22. the education within YDU prepares students to achieve their GED and/or High School Diploma along with transitional counseling services. Special education students are provided with the services and support required by their Individual Education Plans (IEP). Additionally, all subjects and educational levels are addressed in the daily AM and PM classes offered. Students in the YDU are offered the same number of educational hours as students housed in the general population. Name changed from Youth Development Unit (YDU) 08082016.

---

**Gender Specific for:MALE; RT Program Code: 75**

---

**Open Close:True, Session Group:False, Session Numbers: 1, Evidence Based:False**

---

*Description:*

The graphic arts/printing course is designed to provide students the opportunity to learn the skills necessary to work in the printing field. Students gain an understanding of the overall printing process to include graphics layout, design, production printing and binding. Students concentrate on proper shop safety procedures, and desktop publishing skills. Each student receives "hands on" instruction operating single color offset presses, two color presses, paper cutters and bindery equipment. Class theory work includes learning terminology related to the field and methods of managing quality control processes. Students learn basic equipment upkeep and care, as well as equipment problem diagnosis and minor equipment repair.

*Description:*

This course provides students with a basic understanding and training in the fundamentals and principles of machine tooling. Students study units in machine shop safety, math, blueprint reading, physical properties and identification of metals, measuring instruments, hand tools and machinery. A major area of concentration is machine shop measurement. Tools that are included in this areas are: rulers, squares, calipers, dividers, protractors, indicators, and micrometers. Hands-on training for the following machinery is also introduced: engine lathe, band saw drill press, surface grinder, Bridgeport milling machine, and vertical miller. Training includes both set-up and operation of these machines.

---

**Gender Specific for:MALE; RT Program Code: 72**

---

**Open Close:True, Session Group:False, Session Numbers: 1, Evidence Based:False**

---

*Description:*

The curriculum includes mechanical/architectural drafting and blueprint reading and is broken-up into two sections: Hands-on and CAD. The hands-on portion of the course takes approximately 6 months to complete and includes the drawing of plans in 2D and 3D. Orthographic, sectional auxiliary, perspective, dimensioning and isometric drawings are a few of the areas covered in this area. The second portion of the course covers Computer Aided Drafting. Drawing fundamentals, rendering, plotting and mesh are some of the units that will be covered. Mathematical computations and problem solving abilities are some key areas that you will develop when working in CAD. Researching part and building specs is necessary when working on assignments. The course takes approximately 1 year to complete and is designed for entry level employment.

*Description:*

This program provides students with theory-based instruction and hands-on experience in the areas of electronics, electrical circuits, mechanics, pneumatics, hydraulics and computer programming. It also includes repair of equipment to include washing machines, dish washers, electrical hand and bench tools such as lathes, drills, saws, grinders and polishers. Technicians apply their knowledge of programming and installation to repair robots, and related equipment such as programmable controllers, end of arm tools, conveyors and parts orientators. Students use power tools, hand tools, testing instruments and follow manuals' schematic diagrams and blueprints. The Electro-Mechanical program involves working closely with other on-site vocational programs. Buffers are repaired for MacDougall CI, Walker RSMU and Hartford CC. Graduation from this program can assist inmates in obtaining a job in the community.

*Description:*

WORTH UNIT: The women of W.O.R.T. H's objectives are centered on restoration, rehabilitation and reintegration readiness. This restorative community, which resembles and functions more like the outside world than an institution, engages in gender responsive and youth specific strategies that are implemented through collaborations between residents, their families, staff, and the community. The WORTH unit focuses on the fostering of pro-social behaviors and the empowerment of women through the development of critical thinking and decision making skills that enhance women's opportunities to build character and positive community connections. Four Phases: Orientation Phase (14 Days) Restorative Living Phase, Restorative Leadership Phase, Transition Phase

*Description:*

"Since 2015, Waterstone Centers has been treating individuals dealing with addiction and co-occurring challenges. Waterstone was founded by medical and psychological providers who are driven by a passion for addiction treatment. Our staff of compassionate and licensed professionals are on hand to care for your individual treatment needs and goals to address a variety of issues including anxiety, depression or substance use. We incorporate best treatment model practices, expert addiction treatment knowledge and a thorough understanding of the overwhelming factors that individuals face during recovery to create an individualized recovery plan. We understand that finding the right treatment center or therapist can be difficult. At Waterstone, everyone who reaches out to us for treatment or advice about treatment options is valued and made to feel safe during initial inquiry. We ensure that each potential client understands all the recovery options open to them to determine if and how our treatment program may be the best fit for their goals".

*Description:*

Behavioral Health services include anger management, gender specific substance abuse groups, mental health referrals, urinalysis screening, and individual counseling. The target length of participation for behavioral health services is fourteen weeks.

Anger Management: This eight week workshop for men and women will teach techniques and interventions that clients can apply in future anger-provoking situations.

Men's Substance Abuse Group: This eight week group series for men provides critical education regarding addiction, alcohol and drugs, their effects on the body and mind, and helps group participants explore their own recovery, learn cognitive behavioral techniques, and develop relapse prevention plans.

Women's Substance Abuse Group: This eight week program for women is a gender specific, compassionate, holistic approach to substance abuse treatment. This group series focuses on women's issues, including defining one's sense of self, exploring family of origin, creating healthy relationships and support systems, as well as the roles of spirituality and meditation in recovery.

Mental Health Services: This service provides a comprehensive psychiatric assessment and ongoing medication management and support. Referral to a higher level of care will be made when appropriate based on the client's needs.

*Description:*

LifeLine for women and children is a substance abuse/mental health treatment program for women ages 16 years and older and is designed to treat and support women experiencing substance abuse and psychiatric disorders as they progress through their recovery. Treatment empowers women to make positive choices for themselves and their children and to develop competence in all aspects of family life. Team members are specialists in substance abuse; psychiatric treatment, child development, community adjustment and gender-responsive, trauma-informed care.

The program also provides intensive outpatient and outpatient levels of care and includes transportation within New Britain, babysitting for preschool-aged children and case management.

To:

- Stop or reduce substance abuse
- Improve parenting skills
- Cope with anxiety and depression
- Connect with community supports

Core care components:

- Substance abuse and mental health treatment and education
- Individual, couple and family therapy
- Parenting and child development training
- Comprehensive assessment
- Specialized groups for substance abuse, trauma and co-occurring disorders
- Random observed toxicology screening
- Community outreach and care coordination
- Transportation and childcare
- Psychiatric evaluations and medication management
- 24-hour crisis coverage
- Discharge planning and aftercare

*Description:*

Adult patients who have achieved some stability but continue to require more intensive treatment than traditional outpatient therapy, or to prevent hospitalization, may be treated within our Adult Intensive Outpatient Program. Most of these patients are admitted to treatment of mood disorders, anxiety disorders, chronic suicidal thoughts, co-occurring disorders (psychiatric and substance-abuse disorders), personality disorders, and family/interpersonal conflicts. Patients can be referred during the hospitalization or by outpatient psychiatric participants attend the program three to four times a week for four hours each day. There are three main tracks in this program:

1. General Adult Track (for patients with general mood or anxiety disorders)
2. Dual Diagnosis Track (for patients with psychiatric and substance-abuse diagnoses)
3. Dialectical Behavioral Track (primarily for patients with borderline personality disorder and other severe personality disorders)
