- [1] Includes current year federal funding, earmarked funds, as well as prior year carryforwards and funds released from completed projects that are available for reobligation. Earmarked funds are not shown as carryforward, but rather included in the year in which they are anticipated to be obligated. Federal levels are based on planned increases under FAST Act.
- [2] It is assumed that as the five-year ramp up ends in FFY 2020, the State's Regular Bond Program will increase by approximately \$700 million FFY 2021 to reflect the transition to a "ramped-up" regular program.
- [3] State funding amounts do not include Cost of Issuance, Aviations, Maritime, Town Aid Road or Highway and Bridge Renewal Equipment.
- [4] Programming for Federal Transit Sec. 5305 MPO Planning funds and Sec. 5337 funds for Hartford is not included in the Capital Plan. Programming for National Highway Traffic Safety Administration (NHTSA) funding is not included in the Capital Plan. Programming for LOTCIP and Local Bridge programs is not included in the Capital Plan as they are administered as grant programs.
- [5] Carryforward funds do not include earmarked funding as they are not available for general use.

[1]

[1] The I-91/RT 15, Relocation & Reconfiguration of Interchange 29 in Hartford has an estimated total construction cost of \$287 million. \$212 million of this is programmed between fiscal years 2019 and 2020 out of Let's Go Ct Ramp Up funds. A federal FASTLANE grant application has been submitted for the \$75 million needed to fully fund this project.
