LT. GOVERNOR'S
Computing Challenge
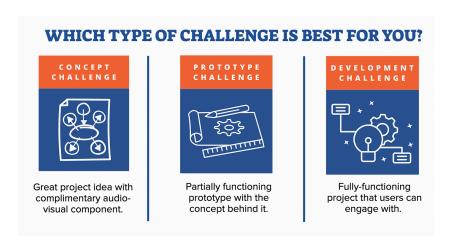

Lt. Governor's Computing Challenge

Coding for Good

Why: It will be FUN! Connecticut is committed to expanding CS access and making existing CS programs more attractive to all students.

Who: Calling all teachers, informal educators, parents, community organizations and students to spread the word.

When: Submissions will be accepted until April 30, 2021

What: Choose from one of three challenge options.

WHICH TYPE OF CHALLENGE IS BEST FOR YOU?

CONCEPT CHALLENGE	PROTOTYPE CHALLENGE	DEVELOPMENT CHALLENGE
Great project idea with complimentary audio-visual component.	Partially functioning prototype with the concept behind it.	Fully-functioning project that users can engage with.

Whether you have never coded or are an expert coder there is a challenge for you!

Eligibility: All Connecticut students in grades 3 through 12

How: Visit www.ltgovcc.org for more information and to get started!
Email info@ltgovcc.org with any questions.

The Lt. Governor's Coding Challenge would not be possible without the support of our partners and sponsors.
