PROGRAM INFORMATION AND REQUIREMENTS

Overall Purpose

To educate children identified as limited English proficient in schools where 20 or more are of the same language group.

Background

Beginning in 1977, the General Assembly provided for programs of bilingual education in the public schools. The Connecticut State Department of Education (CSDE) has issued guidelines for the provisions of the law referring to implementing language transition support services beginning in 2002. All children who are identified as limited English proficient are covered by bilingual education legislation.

Program Description

A bilingual education program makes instructional use of both English and an eligible student's native language. This program enables students to achieve English proficiency, academic mastery of subject matter content and higher order skills to meet appropriate grade promotion and graduation requirements. It provides for the continuous increase in the use of English and a corresponding decrease in the use of the native language for the purpose of instruction and provides for the use of English for more than half of the instructional time by the end of the first year. The program *may* also develop the native language skills of eligible students, and include the participation of English proficient students, if the program is designed to enable all enrolled students to become more proficient in English as a second language.

Eligible Applicants

School districts that meet the threshold of 20 or more eligible students and provide the program the following year.

Grant Period

July 1, 2014 – June 30, 2015. All funds must be obligated by June 30, 2015. There are no exceptions or waivers to this requirement.

Funding

Individual district allocations can be found on the CSDE Web site at the following link: [Request for Proposals](#). **Please note that the list of entitlements will not be available on the CSDE Web site until August.**

Reporting Requirements

Section 10-17g of the Connecticut General Statutes (CGS) indicates that the board of education for each local and regional school district receiving funds shall annually, on or before September 1, submit to the State Board of Education a progress report. More detailed information will follow. Reports to the CSDE should be mailed to Eileen Williams, Connecticut State Department of Education, 165 Capitol Avenue, Room 222, Hartford, Connecticut 06106.

111B	Instructional Salaries for employees providing direct instruction/counseling to pupils/clients. This category is used for both counselors and teachers. Substitute teachers or teachers hired on a temporary basis to perform work in positions of either a temporary or permanent nature are also reported here. Tutors or individuals whose services are acquired through a contract are not included in the category. These amounts are not included in the gross salary, but are in addition to that amount. Included are the employer's cost of group insurance, social security contribution, retirement contribution, tuition reimbursement, unemployment compensation and workmen's compensation insurance.	\$

This category includes curriculum consultants, in-service training specialists, etc., who are not on the grantee payroll.</p>	\$
323	<p>Pupil Services (Non-Payroll Services) Expense for certified or licensed individuals who are not on the grantee payroll and who assist in solving pupils' mental and physical problems. This category includes medical doctors, therapists, audiologists, neurologists, psychologists, psychiatrists, <u>contracted</u> guidance counselors, etc.</p>	\$
324	<p>Field Trips Costs incurred for conducting educational activities off site. Includes admission costs to educational centers, fees for tour guides, etc.</p>	\$

CODE	OBJECT	AMOUNT
500	<p>Other Purchased Services</p> <p>Amounts paid for services rendered by organizations or personnel not on the payroll of the grantee (separate from Professional and Technical Services or Property Services). While a product may or may not result from the transaction, the primary reason for the purchase is the service provided.</p>	
600	<p>Supplies</p> <p>Amounts paid for items that are consumed, worn out, or deteriorated through use, or items that lose their identity through fabrication or incorporation into different or more complex units or substances.</p>	
700	<p>Property</p> <p>Expenditures for acquiring fixed assets, including land or existing buildings, improvement of grounds, initial equipment, additional equipment and replacement of equipment.</p>	\$
