

Connecticut State Department of Education (CSDE)

2024 Grade 11 Connecticut SAT School Day

SSD Form Upload for Documentation Requests

Students eligible to receive accommodations on the Connecticut SAT School Day are those students who have an active **Individualized Education Program (IEP)**. The IEP defines what services are provided to students with disabilities, including how they may best access statewide assessments. The other group of students who may receive accommodations on the Connecticut SAT School Day are those with a **Section 504 Plan**, which also documents what needs these students may require.

In some cases, during the online College Board's Services for Students with Disabilities (SSD) request process, additional documentation may be requested by the system. If this occurs, use this form, and submit online by selecting "Upload Documentation Now" option.

In most cases, no additional documentation will be needed. However, please be advised that the CSDE may contact you if additional information is needed pertaining to your request.

As a reminder, this process is only available for the CT SAT School Day.
