The Deputy State Building Inspector denied said modification because it proposed a headroom of 6 feet at the top of a stair that serves a newly created habitable basement within a single family dwelling. The decision was based on the fact that the height is too low and a hazard

to the occupants and no hardship has been demonstrated where compliance with the minimum requirements of the Building Code would entail practical difficulty, nor has it been determined that the requirements of the code have been adjudged unwarranted. Panel assigned: Glenn Nielson, Chair; Lou Free (panel); Tom DiBlasi (panel); John Butkus (alternate). Hearing scheduled 11/8/17, 11:00am, 2 North Conference Room A. A brief is due back on December 8, 2017. To date, no briefs were submitted. Committee will set date for deliberation. **Panel met this afternoon. Decision will be mailed in 90 days (4/10/18). That the DSBI’s decision was based on the fact that the Office of the State Building Inspector (OSBI) has not accepted the use of such sprinklers as an equivalent to the required rated fire barrier that is required for the enclosure of exit stairs, and the fact that it is a new construction around and existing stair and no hardship has been demonstrated where compliance with the minimum requirements of the Building Code would entail practical difficulty, or has it been determined that the requirements of the code have been adjudged unwarranted. Panel assigned: John Butkus, Chair; Lou Free (panel); George Iskra (panel); William Zoeller (alternate). Hearing scheduled 10/11/17, 12:00 noon, 2 North Conference Room A. The Deputy State Building Inspector requested to reschedule hearing. Request granted. Hearing date moved to 11/8/17 at 10:00am 2N Conference Room B. **Decision will be mailed in 90 days (2/8/18). Pittocco, RE: William Abbott, State Fire Marshal’s decision RE: “denying the Housing Authority of the Town of Greenwich relief from an order of the Greenwich Fire Marshal to install pull stations in stairwells with alarms in the complex known as: Armstrong Court, Hamilton Avenue, Greenwich, CT”. Panel assigned: Mike Sinsigalli, Chair, Keith Flood (panel), Lou Free (panel), Donald Harwood (alternate). Hearing scheduled 1/10/18 at 12:00 noon, North

Thus, Mr. Anania proposed a headroom of 5 feet, 7 ½ inches at a bottom of a stairway that serves a newly created habitable basement within a single family dwelling." The Deputy State Building Inspector based the decision of the fact that the height is too low and a hazard to the occupants and no hardship has been demonstrated where compliance with the minimum requirements of the Building Code would entail practical difficulty, nor has it been determined that the requirements of the code have been adjudged unwarranted. Panel assigned: Louis Free, Chair, Johnny Carrier (panel), Mark Mastropasqua (panel), Carlton Smith (alternate).
