

## **Prescribing and Administering Examinations for Health Care Professionals**

### **19a-14-30. Prescribing examinations and scores**

Pursuant to provisions of the Connecticut General Statutes, the Department of Health Services may prescribe licensing examinations and their passing scores for given professions with the consent of certain Boards and Commissions identified in Section 19a-14 of the General Statutes.

The process of prescribing shall require the Department of Health Services to provide the Board or Commission with a written description of the prescribed examination and passing score. Receipt of this documentation by a board must be noted in the minutes of the next formal Board or Commission meeting. These minutes should also indicate the response of the Board or Commission, i.e., consent or refusal of use of the examination and passing score.

(Effective April 9, 1984.)

### **19a-14-31. Agreement of parties**

An agreement between the Department and a Board or Commission regarding examinations and passing scores shall remain in effect until such time as both parties have a new agreement regarding these matters.

(Effective April 9, 1984.)

### **19a-14-32. Administration of examinations**

The Department of Health Services shall administer all examinations under the supervision of the respective Board or Commission. The administration process shall include, but not be limited to, scheduling the examination, finding a suitable site and obtaining and training proctors and/or examiners. The Board or Commission may exercise its authority to supervise by monitoring examination administrations in order to ensure compliance with the agreed upon content and format of the examination and to ensure that all examinations are administered in a fair and secure manner.

(Effective April 9, 1984.)
