

The Department of Aging and Disability Services presents:

The State Unit on Aging is writing a new three-year strategic plan encompassing services for older adults in Connecticut, with an emphasis on programs funded by the Older Americans Act.

In order to ensure that the plan includes priorities important to older residents in the state, SUA is holding a series of “Community Conversations” at several locations.

Older adults, Caregivers and Aging Network Professionals are invited to attend and participate in these conversations.

If you cannot attend but would still like to share your thoughts, please call the State Unit on Aging, toll-free at 1-866-218-6631 and speak with a Staff Member or email us at aging.sda@ct.gov

There are 5 Conversations in different parts of the state to encourage participation:
