GRISWOLD RESEARCH CENTER OPEN HOUSE

Tour Agricultural Research Farm, Talk To Scientists About Experiments

Griswold, CT--The Connecticut Agricultural Experiment Station is a leader in scientific research in such varied topics as agricultural and horticultural production, forestry and the environment, invasive plants and insects, and insect-transmitted human diseases. The Griswold Research Center will have an open house Thursday, June 16th, 2011 from 10 am to 2 pm, for all to tour the facility and get a first hand look at the projects. Speak with scientists about their research, tour the fields, view a live honeybee demonstration, get answers to your own plant problems. Learn about vegetable, fruit, and forest pests, invasive species and much more. Admission is free and refreshments will be served.
