Putting Science to Work for Society since 1875

CAES SEMINAR SERIES

“Of Moths, Museums, and Digitization”

Dr. Lawrence F. Gall

Head, Computer Systems Office and Entomology Collections Manager
Peabody Museum of Natural History

Wednesday, February 1, 2017

12:00 noon to 1:00 p.m.

Food and coffee will be available at 11:45 a.m.

Jones Auditorium

The Connecticut Agricultural Experiment Station
123 Huntington Street, New Haven, CT

Digitization is now central to most activities in museums. This is notably true in natural history museums, given the meteoric rise of the internet and the online ubiquity of collections/biodiversity data, among other trends. This presentation looks at ways the Peabody Museum and particularly its Entomology Division have been embracing the digital age, and how this is leading to broader engagement both within the university and across kindred institutions.
