

Environmental Monitor Archives

February 5, 2019

Scoping Notices

No Scoping Notice has been submitted for publication in this edition.

Post-Scoping Notices: Environmental Impact Evaluation (EIE) Not Required

1. **NEW!** Wastewater Facilities Plan, Fairfield
2. **NEW!** Sprague NPU Emergency Interconnection, Sprague
3. **NEW!** Derby Water Storage Tank, Derby

Environmental Impact Evaluations

1. Northwest Science Quad, University of Connecticut, Mansfield
2. Resilient Bridgeport, Bridgeport
3. **NEW!** Project Status Clarification Post EIE - Commuter Railroad Station Project - Barnum Avenue, Bridgeport

State Land Transfers

No State Land Transfer Notice has been submitted for publication in this edition.

The next edition of the Environmental Monitor will be published on February 19, 2019.

[Subscribe to e-alerts](#) to receive an e-mail when the Environmental Monitor is published.

Notices in the Environmental Monitor are written and formatted by the sponsoring agencies and are published unedited. Questions about the content of any notice should be directed to the sponsoring agency.

Inquiries and requests to view or copy documents, pursuant to the Freedom of Information Act, must be submitted to the sponsoring state agency.

Scoping Notices

"Scoping" is for projects in the earliest stages of planning. At the scoping stage, detailed information on a project's design, alternatives, and environmental impacts does not yet exist. Sponsoring agencies are asking for comments from other agencies and from the public as to the scope of alternatives and environmental impacts that should be considered for further study. Send your comments to the contact person listed for the project by the date indicated.

No Scoping Notice has been submitted for review and comment.

Post-Scoping Notices: Environmental Impact Evaluation Not Required

This category is required by the October 2010 revision of the [Generic Environmental Classification Document](#) for State Agencies. A notice is published here if the sponsoring agency, after publication of a scoping notice and consideration of comments received, has determined that an Environmental Impact Evaluation (EIE) does not need to be prepared for the proposed project.

The following Post-Scoping Notice has been submitted for publication in this edition.

1. Post-Scoping Notice for the Town of Fairfield Wastewater Facilities Plan

Municipality where project will be located: Fairfield

CEPA Determination: On November 7, 2017 the Department of Energy and Environmental Protection (DEEP) published a [Notice of Scoping](#) to solicit public comments for this project in the *Environmental Monitor*. During the scoping period, DEEP received [comments from the Office of Policy and Management](#). DEEP considered the comments and sent a [letter of response](#) dated January 2, 2018. DEEP has concluded that the project does not require the preparation of Environmental Impact Evaluation under CEPA.

The agency's conclusion is documented in a [Memo of Findings and Determination](#) and [Environmental Checklist](#).

If you have questions about the project, please contact:

Name: Ann Straut
Agency: CT Department of Energy and Environmental Protection
Address: 79 Elm Street, Hartford CT 06106
Phone: 860-424-3137
Fax: 860-424-4067
E-Mail: ann.straut@ct.gov

What happens next: DEEP expects the project to go forward. This is expected to be the final notice of the project to be published in the *Environmental Monitor*.

2. Post-Scoping Notice for the Sprague Emergency Interconnection between Norwich Public Utilities and Sprague Water and Sewer Authority

Municipality where project will be located: Sprague

CEPA Determination: On July 3, 2018, the Department of Public Health (DPH) published a [Notice of Scoping](#) to solicit public comments for this project in the *Environmental Monitor*.

Based on the DPH's environmental assessment of this project which includes a review of [comments](#) provided by the Department of Energy and Environmental Protection (DEEP) dated August 2, 2018 and a [response](#) to the DEEP comments from CLA Engineers, Inc. on behalf of Norwich Public Utilities dated January 18, 2019, it has been determined that the project does not require the preparation of an Environmental Impact Evaluation (EIE) under CEPA. The DPH will coordinate with Norwich Public Utilities and the Sprague Water and Sewer Authority to ensure that the recommendations received during the Scoping period are implemented.

The agency's conclusion is documented in a [Memorandum](#) of Findings and Determination and an Environmental Assessment [Summary](#).
If you have questions about the project, you can contact the agency at:

Name: Mr. Eric McPhee
Agency: Department of Public Health – Drinking Water Section
Address: 410 Capitol Avenue, MS #12DWS, PO Box 340308
Hartford, CT 06134-0308
E-Mail: DPH.sourceprotection@ct.gov
Phone: 860-509-7333

Inquiries and requests to view and or copy documents, pursuant to the Freedom of Information Act, must be submitted to the sponsoring State Agency:

Name: Ms. Elizabeth Conklin
Agency: Department of Public Health
Address: 410 Capitol Avenue, MS #13CMN
Hartford, CT 06134-0308
E-Mail: DPH.communications@ct.gov
Phone: 860-509-7286

What happens next: The DPH expects the project to go forward. This is expected to be the final notice of the project to be published in the *Environmental Monitor*.

3. Post-Scoping Notice for Derby Water Storage Tank

Municipality where project will be located: Derby

CEPA Determination: On December 18, 2018, the Department of Public Health (DPH) published a [Notice of Scoping](#) to solicit public comments for this project in the *Environmental Monitor*.

Based on the DPH's environmental assessment of this project which includes a review of [comments](#) provided by the Department of Energy and Environmental Protection (DEEP) dated January 15, 2019, it has been determined that the project does not require the preparation of an Environmental Impact Evaluation (EIE) under CEPA. The DPH will coordinate with the Regional Water Authority to ensure that the recommendations received during the Scoping period are implemented.

The agency's conclusion is documented in a [Memorandum](#) of Findings and Determination and an Environmental Assessment [Summary](#).

If you have questions about the project, you can contact the agency at:

Name: Mr. Eric McPhee
Agency: Department of Public Health Drinking Water Section
Address: 410 Capitol Avenue, MS #12DWS, PO Box 340308
Hartford, CT 06134-0308
E-Mail: DPH.sourceprotection@ct.gov
Phone: 860-509-7333

Inquiries and requests to view and or copy documents, pursuant to the Freedom of Information Act, must be submitted to the sponsoring State Agency:

Name: Ms. Elizabeth Conklin
Agency: Department of Public Health
Address: 410 Capitol Avenue, MS #13CMN
Hartford, CT 06134-0308
E-Mail: DPH.communications@ct.gov
Phone: 860-509-7286

What happens next: The DPH expects the project to go forward. This is expected to be the final notice of the project to be published in the *Environmental Monitor*.

EIE Notices

After Scoping, an agency that wishes to undertake an action that could significantly affect the environment must produce, for public review and comment, a detailed written evaluation of the expected environmental impacts. This is called an [Environmental Impact Evaluation](#)(EIE).

The following EIE Notices have been submitted for publication in this edition.

1. Notice of EIE for the University of Connecticut Northwest Science Quadrangle

Municipality where project is proposed: Mansfield

Address of Possible Project Location(s): X-Lot, L-Lot, and Lot 9 and surrounding area south of King Hill Road on the University of Connecticut Storrs Campus, Mansfield, Connecticut

Project Description:

The University of Connecticut (UConn) is proposing to begin construction of the Northwest Science Quad on an approximately 22-acre site located at the northwest corner of campus which includes the existing Lot 9, X-Lot, and L-Lot. The Northwest Science Quad is identified as part of the North Eagleville Science District in the University's Campus Master Plan and is part of the capital project initiatives in support of Next Generation Connecticut to significantly expand educational opportunities, research, and innovation in the science, technology, engineering, and math (STEM) disciplines at UConn. The proposed project consists of the following:

- Science 1 Building – an ~193,600 gross square foot (GSF) STEM Research Center
- Supplemental utility plant (SUP)
- North Woodland Corridor walkway
- Improvements to King Hill Road and realignment of Hillside Road and Alumni Drive
- Stormwater management and other campus-wide utilities to service the Northwest Science Quad
- Extension of utility tunnel from existing Central Utility Plant (CUP) to the proposed SUP
- Surface parking (approximately 180 spaces)

Construction associated with the project will incorporate best practices of sustainability with a minimum goal for Science 1 of LEED Gold certification, with a goal of also being certified for the U.S. Green Building Council Sustainable SITES program.

The University has prepared an Environmental Impact Evaluation (EIE) to further evaluate the potential environmental impacts of the Proposed Action, as well as other alternatives, including the No Action alternative.

Project Maps: Click [here](#) to view a map of the project area. Click [here](#) to view a conceptual map of the proposed Northwest Science Quad Improvements.

Comments on this EIE will be accepted until the close of business on: **February 8, 2019**

The public can view a copy of this EIE at:

- Mansfield Town Clerk's Office, Audrey P Beck Municipal Building, 4 South Eagleville Road, Mansfield, CT
- Mansfield Public Library, 54 Warrenville Road, Mansfield, CT
- An electronic copy of the EIE is available by clicking [here](#) or visiting <http://updc.uconn.edu/blog>.

There is a public hearing scheduled for this EIE on:

DATE: January 30, 2019

TIME: 7 p.m. (Doors will be open at 6:30 p.m. to allow review of informational materials)

PLACE: Konover Auditorium at the Dodd Center, 405 Babbidge Road, Unit 1205 Storrs, CT 06269-1205. The closest public parking is in the South Garage, 2366 Jim Calhoun Way, Storrs, CT 06269. Adjacent to the UConn Bookstore.

NOTES: The event will be available via livestream. Details and link to livestream will be made available at <http://updc.uconn.edu/blog> as we get closer to the event.

Send your comments about this EIE to:

Name: Sean Vasington, Associate Director
Agency: UConn - Planning Design, and Construction
Address: 31 LeDoyt Road, Unit 3038, Storrs, CT 06269
E-Mail: sean.vasington@uconn.edu
Phone: 860 486-5865

If you have questions about the public hearing, or other questions about the EIE, contact Mr. Vasington as directed above.

2. Notice of EIE for Resilient Bridgeport: Rebuild By Design and National Disaster Resilience Projects

Municipality where project is proposed: Bridgeport

Address of Possible Project Location: South End of Bridgeport, CT

Project Description: The State of Connecticut's Department of Housing (CTDOH) is the recipient of the U.S. Department of Housing and Urban Development (HUD) disaster recover grant funding and is the "Responsible Entity," as that term is defined by HUD regulations at 24 Code of Federal Regulations (CFR) Part 58.2(a)(7)(i). CTDOH has prepared a Draft Environmental Impact Evaluation (EIE) for the proposed Resilient Bridgeport: National Disaster Resilience and Rebuild by Design projects (Proposed Action). The disaster recovery grants are under HUD's Community Development Block Grant Disaster Recovery (CDBG-DR) National Disaster Resilience (NDR) and Rebuild by Design (RBD) programs as part of HUD's response to the devastation following Superstorm Sandy. The Proposed Action consists of three projects located within the South End of Bridgeport, Connecticut—the RBD Pilot Project at the former Marina Village public housing site, a Flood Risk Reduction Project on the east side of the South End, and a Resilience Center—that together would provide stormwater management, dry evacuation routes (dry egress), a coastal flood defense system, and resiliency education to the community.

The Connecticut Environmental Policy Act establishes environmental policy for the State of Connecticut and requires an EIE for any state action that could affect the natural environment. In addition, the Proposed Action is considered a "major federal action significantly affecting the quality of the human environment"; therefore, it must comply with the requirements of the National Environmental Policy Act of 1969 (NEPA). As such, this EIE will jointly serve as an EIS and will meet NEPA requirements. CTDOH has prepared this Draft EIS/EIE in accordance with the Council on Environmental Quality's Regulations for Implementing the Procedural Provisions of NEPA (40

CFR Parts 1500-1508) and HUD's Environmental Review Procedures for Entities Assuming HUD Environmental Responsibilities (24 CFR 58). Scoping for the Draft EIS / EIE formally began on February 27, 2018 when the Notice of Intent to Prepare an EIS was published in the Connecticut Environmental Monitor, which commenced a 30-day comment period to solicit public and agency input that lasted through March 28, 2018 and included a public scoping hearing on March 14, 2018.

The study area is situated within the South End neighborhood of the City of Bridgeport (see linked Figures 1 and 2), a peninsula of the Connecticut coastal region located between Cedar Creek, the Long Island Sound, and Bridgeport Harbor. Overall, the study area is a cross section of the residential, institutional, utility, and recreational uses that define the South End neighborhood, all of which are susceptible to acute and chronic flooding conditions due to a combination of inadequate stormwater infrastructure in the area and its coastal location.

The purpose of the Proposed Action is to create a more resilient South End community, support its long-term viability, and improve health and safety for the community's vulnerable populations. The principal targeted outcomes follow:

- Lower the risk of acute and chronic flooding.
- Provide dry egress during emergencies.
- Educate the public about flood risks and sea level rise.

The Proposed Action will deliver additional benefits to the community, potentially unlocking development or public realm opportunities, enhancing connectivity between the South End and downtown Bridgeport (located north of the railroad and I-95), improving existing open space amenities, building up the resilience of local energy systems, and leveraging public investment in ongoing resiliency efforts through coordination with local stakeholders.

Project Maps:

[Figure 1 – Project Areas Map](#)

[Figure 2 – Project Location Map](#)

Comments on this EIE will be accepted until the close of business on: March 18, 2019. The comment period for the CEPA was extended to the end of the 45-day NEPA comment period, which commenced on February 1, 2019 with the publication of the notice in the Federal Register.

The public can view a copy of this EIE at:

Bridgeport City Hall

45 Lyon Terrace
Bridgeport, CT 06604
(203) 576-7081

Bridgeport Public Library Main Branch

925 Broad Street
Bridgeport, CT 06604
(203) 576-7400

Bridgeport Public Library Black Rock Branch

2705 Fairfield Avenue
Bridgeport, CT 06605

[DEIS / EIE Document Chapters](#)

[DEIS / EIE Document Appendices](#)

There will be a public informational workshop (not a public hearing) for this EIE on:

DATE: February 26, 2019

TIME: 6:00 p.m. to 8:00 p.m.

PLACE: Schelfhault Gallery (84 Iranistan Avenue, Bridgeport, CT)

NOTES: This hearing serves as the public hearing required under NEPA. The public hearing will be followed by a design workshop where the public can provide further input into the design of the Resilient Bridgeport projects. The snow date for the public hearing and workshop is February 28, 2019. The workshop will provide an opportunity for the public to submit comments on the DEIS in writing. Those who do not wish to provide comments at the workshop can submit comments through the project website, email or by mail to CTDOH (see below).

A public hearing on the DEIS will be scheduled at a later date, after the Federal Government shutdown has ended. Public notice of the public hearing will be provided.

Additional information about this project can be found online at:

<https://www.ct.gov/doh/cwp/view.asp?a=4513&q=588726> and www.resilientbridgeport.com

Send your comments about this EIE to:

Name: Rebecca French, Director of Resilience
Agency: Connecticut Department of Housing
Address: 505 Hudson Street, Hartford, CT 06106
E-Mail: Rebecca.French@ct.gov

If you have questions about the public hearing, or where you can review this EIE, or similar matters, please contact:

Name: Rebecca French, Director of Resilience
Agency: Connecticut Department of Housing
Address: 505 Hudson Street, Hartford, CT 06106
E-Mail: Rebecca.French@ct.gov
Phone: 860-270-8231

Other information: N/A

3. Project Status Clarification Post EIE - Commuter Railroad Station Project - Barnum Avenue

Municipality where project was proposed: Bridgeport

Project History: The Connecticut Department of Transportation (CTDOT) originally proposed to construct a new commuter railroad station along the New Haven Line of Metro North Railroad in Bridgeport, Connecticut. The station was proposed to be located on Barnum Avenue between Seaview Avenue and Pembroke Street. An Environmental Impact Evaluation (EIE) was published and subsequently noticed in the [Environmental Monitor on January 3, 2017](#). A public hearing for the EIE was conducted on February 7, 2017.

CTDOT has since determined that it is not currently in a financial position to undertake the project as proposed in the EIE, and has decided to defer the project in CTDOT's Capital Plan 2019-2023. If CTDOT initiates the project in the future, an updated environmental analysis and public scoping process will take place at that time, as appropriate. CTDOT's decision, as stated above, can be found in the [Memo of Findings and Determination](#)

Please note that the information in the attached Memo of Findings and Determination provides clarification and supersedes the notice that was posted in the January 22, 2019 edition of the *Environmental Monitor*.

Any questions can be directed to:

Name: Kevin Fleming, Transportation Planner II
Agency: Connecticut Department of Transportation, Bureau of Policy and Planning
Address: 2800 Berlin Turnpike, Newington, CT 06131
E-Mail: Kevin.Fleming@ct.gov
Phone: (860) 594-2924

State Land Transfer Notices

Connecticut General Statutes [Section 4b-47](#) requires public notice of most proposed sales and transfers of state-owned lands. The public has an opportunity to comment on any such proposed transfer. Each notice includes an address where comments should be sent. [Read more about the process.](#)

No State Land Transfer Notice has been submitted for notice in this edition.
