

**March 22, 2022**

### **Scoping Notice**

1. Notice of Scoping for Mansfield Apartments Redevelopment at the University of Connecticut, Mansfield.
2. Notice of Scoping for Route 85 Improvements - South of Route 82, Montville and Salem.
3. **NEW!** Notice of Scoping for Cromwell Emergency Interconnections, Cromwell, Middletown, Berlin and Rocky Hill.
4. **NEW!** Notice of Scoping for Bergstrom Wellfield and Treatment Plant, Bethel.
5. **NEW!** Notice of Scoping for Wallens Hill Storage Tank, Winchester.
6. **NEW!** Notice of Scoping for Crystal Lake Storage Tank, Winchester.
7. **NEW!** Notice of Scoping for Haystack Woods, Norfolk.

### **Scoping Notice - Post-Scoping Notice (Need More Time)**

No notice for additional time has been submitted for publication in this edition.

### **Post-Scoping Notice**

No Post-Scoping Notice has been submitted for publication in this edition.

### **Environmental Impact Evaluation (EIE)**

1. Notice of an Environmental Impact Evaluation (EIE) for Ox Brook Flood Control Master Plan, Bridgeport.

### **Agency Record of Decision**

No Record of Decision Notice has been submitted for publication in this edition.

### **OPM Determination of Adequacy**

No Determination of Adequacy Notice has been submitted for publication in this edition.

### **State Land Transfer**

No State Land Transfer Notice has been submitted for publication in this edition.

The next edition of the Environmental Monitor will be published on **April 5, 2022**.

**Subscribe to e-alerts** to receive an e-mail when the Environmental Monitor is published.

## Scoping Notice

"Scoping" is for projects in the earliest stages of planning. At the scoping stage, detailed information on a project's design, alternatives, and environmental impacts does not yet exist. Sponsoring agencies are asking for comments from other agencies and from the public as to the scope of alternatives and environmental impacts that should be considered for further study. Send your comments to the contact person listed for the project by the date indicated. [Read More](#)

***The following Scoping Notices have been submitted for publication in this edition.***

---

### **1. Notice of Scoping for Mansfield Apartments Redevelopment at the University of Connecticut**

**Project Title:** Mansfield Apartments Redevelopment

**Address of Possible Location:** 1 South Eagleville Road

**Municipality Where Proposed Action Might be Located:** Mansfield

#### **Project Description:**

The University of Connecticut (UConn) is planning a design-build project to redevelop the Mansfield Apartments complex at 1 South Eagleville Road. The property is roughly bounded by South Eagleville Road (SR-275) to the north, Storrs Road (SR-195) to the east, and Town open space known as the Albert E. Moss Sanctuary to the south and west. The existing 240-bed apartment complex includes townhouse style apartments originally constructed during the 1940's and 1950's. The facilities have reached the end of their useful life and the 16-acre property is proposed for redevelopment with two to four apartment buildings, site improvements and parking.

Known as the "Mansfield Apartments Redevelopment Project," the Proposed Action to be assessed under the Connecticut Environmental Policy Act (CEPA) process consists of the following elements:

- Redevelopment of existing apartment-style student housing comprised of approximately 300,000 gross square feet with up to 900 beds
- Site improvements and surface parking of up to 450 spaces
- Potential utility and infrastructure improvements

The Proposed Action is located in the Bundy Brook local watershed within the Fenton River sub-regional watershed. The Proposed Action was identified in the University's [Campus Master Plan 2015-2035](#). UConn will incorporate comments from a public scoping meeting and evaluate the Proposed Action with taking no action or other feasible alternatives. Direct, indirect, and cumulative impacts associated with the Proposed Action will also be assessed.

### **Project Maps and Photos:**

Click the following link for a general location of the project area: <https://updc.uconn.edu/?p=2674>

### **Written Comments:**

Written comments from the public are welcomed and will be accepted until the **close of business on March 24, 2022**.

### **Public Scoping Meeting:**

There will be a Public Scoping Meeting for this proposed action.

**Date:** Thursday, March 10, 2022

**Time:** 6:30 PM (EST)

**Place:** Virtual

**Notes:** Participants MUST REGISTER IN ADVANCE through the following link:

[https://us02web.zoom.us/webinar/register/WN\\_hK5sGUXKRhCdJvzQ8No9uQ](https://us02web.zoom.us/webinar/register/WN_hK5sGUXKRhCdJvzQ8No9uQ)

After registering, you will receive a confirmation email containing information about joining the meeting (including an option to join by phone).

**Additional information regarding the meeting, as well as a link to a recording of the meeting, will be posted at:** <https://updc.uconn.edu/mansfield-aps>

**Written Comments and/or Requests for Public Scoping Meeting Materials Should Be Sent by Fax or E-mail to:**

**Name:** John Robitaille, AIA, CSI

**Agency:** University of Connecticut, University Planning, Design and Construction

**Address:** 31 LeDoyt Rd, Unit 3038, Storrs, Connecticut 06269-3038

**Fax:** (860) 486-3117

**E-mail:** [john.robitalle@uconn.edu](mailto:john.robitalle@uconn.edu)

**Inquiries and requests to view and or copy documents, pursuant to the Freedom of Information Act, must be submitted to the sponsoring State Agency:**

**Name:** Public Records Administration

**Agency:** c/o University Communications

**Address:** 34 North Eagleville Road, U-3144

**E-Mail:** <https://publicrecords.uconn.edu/make-a-request/>

**Phone:** (860) 486-5337

**What Happens Next:** UConn will determine whether or not to proceed with preparation of an Environmental Impact Evaluation (EIE) under the Connecticut Environmental Policy Act (CEPA). A Post-Scoping Notice of its decision will appear in a future edition of the *Environmental Monitor*.

---

## 2. Notice of Scoping for Route 85 Improvements - South of Route 82

**Addresses of possible locations:** The project includes four separate segments along Route 85 south of Route 82. The limits begin just south of the intersection of Route 85 and Route 82 (Salem Four Corners Roundabout) and extends southerly to a point 800 feet south of the intersection with Lakewood Drive. This 5+ mile section of Route 85 is classified as a Principal Arterial and National Highway System Route, and functions as a major north-south route linking the New London and Hartford areas.

**Municipalities where proposed action might be located:** Towns of Montville and Salem

**Project Description:** The proposed improvements include widening shoulders, upgrading guiderail, addressing vertical geometry deficiencies, addressing isolated drainage, accommodating bypass and bicycles, and constructing new climbing lanes where appropriate. The proposed work also includes the relocation of approximately 2000 feet of Route 161 from its present location to be realigned opposite with a local road named Deer Run. The new intersection of Route 85, Route 161, and Deer Run is proposed to be a single lane roundabout. The existing intersection of Route 85 at Grassy Hill Road and Chesterfield Road will be expanded to incorporate improved turning radii, auxiliary turning lanes, and a new traffic signal. Two bridges are proposed to be replaced, Route 85 over Fraser Brook (Bridge No. 02538) and Route 85 over Latimer Brook (Bridge No. 01248), to meet the latest design standards and upgraded Route 85 geometry. The project is anticipated to be undertaken with 80 percent Federal funds and 20 percent State funds.

**Project Map:** [Click here](#) to view a map of the project area.

Written comments from the public are welcomed and will be accepted until the close of business on: **Wednesday March 30, 2022.**

**There will be a virtual public scoping meeting for this proposed action:**

**DATE:** Tuesday March 15, 2022

**TIME:** 7:00 p.m.

**PLACE:** Virtual Meeting

**NOTES:** The meeting will be live streamed via Microsoft Teams Live Event and YouTube Live. A Question and Answer session will immediately follow the presentation. Instructions on how to access the meeting and how to provide comments/ ask questions during the Q&A portion of the meeting will be available prior to the meeting on the project webpage: <https://portal.ct.gov/DOTSalemMontville85-146>.

Individuals with limited internet access may request that project information be mailed to them by contacting Mr. Jason A. Vincent by email at [Jason.Vincent@ct.gov](mailto:Jason.Vincent@ct.gov) or by phone at (860) 594-2752. Allow one week for processing and delivery.

Individuals with limited internet access can listen to the meeting by calling (888) 566-5916 and entering the Participant Code when prompted: 9977843. Persons with hearing and/or speech disabilities may dial 711 for Telecommunications Relay Services (TRS). Language assistance may be requested by contacting the CTDOT's Language Assistance Call Line (860) 594-2109. Requests should be made at least 5 business days prior to the meeting. Language assistance is provided at no cost to the public and efforts will be made to respond to timely requests for assistance.

The MS Teams Live Event offers closed-captioning for the hearing impaired and non-English translation options. A recording of the formal presentation will be posted to YouTube following the event and closed-captioning (including non-English translation options) will be available at that time. The recording will also be available in the list of CTDOT virtual public meetings here: <https://portal.ct.gov/dot/general/CTDOT-VPIM-Library>

**Written comments, questions about the public meeting, or questions about the project should be sent to (email preferred):**

**Name:** Mr. Jason Vincent, Project Engineer

**Agency:** Connecticut Department of Transportation, Bureau of Engineering and Construction

**Address:** 2800 Berlin Turnpike, Newington, CT 06131

**E-Mail:** [DOTProject85-146@ct.gov](mailto:DOTProject85-146@ct.gov)

**Inquiries and requests to view and or copy documents, pursuant to the Freedom of Information Act, must be submitted to the sponsoring state agency:**

**Name:** Ms. Alice M. Sexton

**Agency:** Connecticut Department of Transportation, Office of Legal Services

**Address:** 2800 Berlin Turnpike, Newington, CT 06131

**E-Mail:** [Alice.Sexton@ct.gov](mailto:Alice.Sexton@ct.gov)

**What Happens Next:** The sponsoring agency will make a determination whether to proceed with preparation of an Environmental Impact Evaluation (EIE) or that the project does not require the preparation of an EIE under the Connecticut Environmental Policy Act (CEPA). A Post-Scoping Notice of its decision will appear in a future edition of the *Environmental Monitor*.

---

### 3. Notice of Scoping for Cromwell Emergency Interconnections

**Project Title:** Cromwell Fire District, Water Division - Emergency Interconnections Project

**Addresses of possible locations:** Approximate potential interconnection addresses:

- (1) 1360 Newfield Street, Middletown, CT (includes water main bridge crossing over Mattabesset River)
- (2) 1250 CT-217, Middletown, CT (includes water main bridge crossing over Mattabesset River)
- (3) 1198 Middle Street, Middletown, CT (Includes directional drilling of water main under Mattabesset River)
- (4) 1398 Shunpike Road, Rocky Hill, CT

**Municipalities where proposed action might be located:** Cromwell, CT

Possible interconnection sites: Berlin, CT, Rocky Hill, CT, Middletown, CT

**Project Description:** The Cromwell Fire District is seeking to establish additional emergency interconnections to its public water system to develop necessary redundancies to ensure system resiliency. The District operates one wellfield with a chemical feed and control building for water treatment. The chemical feed and control building has standby power which could be used to maintain short-term system operation during power outages and equipment failures. However, in the event of a long term supply disruption, such as groundwater contamination or total wellfield failure, the District would need to utilize an alternative source of supply to serve its

customers. To improve system resiliency and continue to provide critical services to its customers, an alternative source of supply is necessary.

The District is analyzing the feasibility of establishing interconnections with neighboring water systems as shown in the linked map.

**Project Map:** [Click here](#) to view a map of the project area.

Written comments from the public are welcomed and will be accepted until the close of business on: **April 22, 2022.**

Any person may ask the sponsoring agency to hold a public scoping meeting by sending such a request to the address below. If a public scoping meeting is requested by 25 or more individuals, or by an association that represents 25 or more members, the sponsoring agency shall schedule a public scoping meeting. Such requests must be made by: **April 1, 2022.**

**Written comments and/or requests for a Public Scoping Meeting should be sent to:**

**Name:** Mr. Eric McPhee  
**Agency:** Department of Public Health – Drinking Water Section  
**Address:** 410 Capitol Avenue, MS #12DWS, PO Box 340308, Hartford, CT 06134-0308  
**Fax:** 860-509-7359

**Phone:** 860-566-5682

**What Happens Next:** The Department of Public Health will make a determination whether to proceed with preparation of an Environmental Impact Evaluation (EIE) or that the project does not require the preparation of an EIE under the Connecticut Environmental Policy Act (CEPA). A Post-Scoping Notice of its decision will appear in a future edition of the *Environmental Monitor*.

---

## **4. Notice of Scoping for Bergstrom Wellfield and Treatment Plant**

**Project Title:** Bergstrom Wellfield and Treatment Plant

**Address of possible location:** 49 Plumtrees Road, Bethel, CT 06801

**Municipality where proposed action might be located:** Bethel

**Project Description:** The proposed Bethel Water Department project includes installation of a well pump and associated raw water piping and electrical equipment for the Bergstrom Well and construction of a new water treatment plant building and treatment process (to remove iron and manganese from this well using GreensandPlus™ filter media, sodium hypochlorite for oxidation and disinfection, sodium hydroxide for pH adjustment (if needed) and 50/50 poly/ortho blend for corrosion control), civil site work, piping, electrical, mechanical and instrumentation and control equipment and components, alarms and SCADA connection. The proposed project also includes construction of a finished water transmission main to connect to the existing distribution system on Plumtrees Road, backwash water supply tank, backwash water storage and recycle tank, sanitary pump station and force main and residuals pump station.

**Project Map:** [Click here](#) to view a map of the project area.

Written comments from the public are welcomed and will be accepted until the close of business on: **April 22, 2022.**

Any person may ask the sponsoring agency to hold a public scoping meeting by sending such a request to the address below. **What Happens Next:** The Department of Public Health will make a determination whether to proceed with preparation of an Environmental Impact Evaluation (EIE) or that the project does not require the preparation of an EIE under the Connecticut Environmental Policy Act (CEPA). A Post-Scoping Notice of its decision will appear in a future edition of the *Environmental Monitor*.

---

## **5. Notice of Scoping for Wallens Hill Storage Tank**

**Project Title:** Wallens Hill Storage Tank

**Address of possible location:** 206 Wallens Street and 3 Stowe Road

**Municipality where proposed action might be located:** Winchester

**Project Description:** The Winsted Water Department project proposes to install a new 0.53 MG water storage tank that is 72 ft in diameter with a 14.7 ft high side wall. The tank will replace an existing storage tank that has reached the end of its useful service life. The proposed tank will be located approximately 600 feet south of the existing one. In addition to construction of the new storage tank, a new access drive is proposed, and a new 16" water line is to be installed to connect the tank to the existing water distribution system. Electrical service and cable communications will also be provided for the tank installation.

**Project Map:** [Click here](#) to view a map of the project area.

Written comments from the public are welcomed and will be accepted until the close of business on: **April 22, 2022.**

---

## 6. Notice of Scoping for Crystal Lake Storage Tank

**Project Title:** Crystal Lake Storage Tank

**Address of possible location:** 338 Winchester Road, Winchester

**Municipality where proposed action might be located:** Winchester

**Project Description:** The Winsted Water Department project proposes to install a new 0.69 MG water storage tank 89.5 ft in diameter with a 14.7 ft high sidewall. The tank would serve to provide a redundant finished water tank at the Water Treatment Facility. In addition to construction of the new storage tank, a new access drive is proposed as well and a new 12" water supply and discharge lines will be installed to connect the tank to the existing water treatment facility. Electrical service and cable communications will also be provided for the tank installation.

The redundant tank is needed to allow the existing tank to be taken offline for repairs to the internal surface. The tank will also improve the operation of the water treatment plant by providing additional working storage and increases the emergency storage to be within accepted standards.

**Project Map:** [Click here](#) to view a map of the project area.

Written comments from the public are welcomed and will be accepted until the close of business on: **April 22, 2022.**

Any person may ask the sponsoring agency to hold a public scoping meeting by sending such a request to the address below. A Post-Scoping Notice of its decision will appear in a future edition of the *Environmental Monitor*.

---

## **7. Notice of Scoping for Haystack Woods - Norfolk**

**Project Title:** Haystack Woods

**Address:** 40 Old Colony Road

## **Project Description:**

The proposed project is the new construction of 10 single family affordable homes on a 39-acre parcel in the town of Norfolk. Site work includes the construction of a public road and associated extension of utilities. The proposed new construction will be limited to areas previously disturbed by gravel mining operations and will preserve existing forested land. The proposed work preserves the existing wetlands and watercourse at the eastern edge of the site and has received required local inland wetlands approvals and will meet all conditions of approval. The work has also been reviewed by the Department of Energy & Environmental Protection and will meet US Army Corp of Engineer environmental and wildlife protection requirements for wetlands crossings. The Department of Housing intends to fund the roadwork with a grant from the Community Development Block Grant federal program and the housing development with state funding. The project has satisfied the requirements of the National Environmental Policy Act with public hearing, environmental review, and notices of release of funds.

**What Happens Next:** The sponsoring agency will make a determination whether to proceed with preparation of an Environmental Impact Evaluation (EIE) or that the project does not require the preparation of an EIE under the Connecticut Environmental Policy Act (CEPA). A Post-Scoping Notice of its decision will appear in a future edition of the *Environmental Monitor*.

---

## **Scoping Notice - Post-Scoping Notice (Need More Time)**

If an agency is unable to publish a Post-Scoping Notice within six months after the comment period for scoping, the agency will publish an update with an action status and an estimate as to when a Post-Scoping Notice will be published. Such an update will be published by the agency at six-month intervals until the Post-Scoping Notice is published. [Read More](#)

---

## Post-Scoping Notice

A Post-Scoping Notice is the determination by a sponsoring agency, after publication of a Scoping Notice and consideration of comments received, whether an **Environmental Impact Evaluation (EIE)** needs to be prepared for a proposed State action. [Read More](#)

---

---

***No Post-Scoping Notice has been submitted for publication in this edition.***

---

---

## EIE Notice

After Scoping, an agency that wishes to undertake an action that could significantly affect the environment must produce, for public review and comment, a detailed written evaluation of the expected environmental impacts. This is called an **Environmental Impact Evaluation (EIE)**. [Read More](#)

---

---

***The following EIE Notice has been submitted for publication in this edition.***

---

### 1. Notice of an Environmental Impact Evaluation (EIE) for Ox Brook Flood Control Master Plan

**Addresses of Possible Project Locations:** Various locations along Ox Brook in the City of Bridgeport, extending from Elton Rogers Park at the north end to Lincoln Boulevard at the south end of the Project (see the attached figures).

**Municipality where proposed action is to be located:** Bridgeport

**Project Description:** The Ox Brook corridor in the City of Bridgeport has been subject to repeated flooding over a period of decades and the area has been studied since the 1970s. Flooding along Ox Brook has resulted in repeated damages to residential properties and commercial and industrial businesses, infrastructure damages, roadway and sidewalk closures and detours, emergency response needs, health hazards for residents, among other impacts.

The Proposed Action is the implementation of the Ox Brook Flood Control Master Plan, a six-phase project, to alleviate chronic flooding along the Ox Brook corridor. Phase 1 of the project is currently funded by the Connecticut Department of Energy and Environmental Protection (CT DEEP), which is the Sponsoring Agency for the Project. There is no Participating Agency.

The project is located generally along Ox Brook in the City of Bridgeport, CT, roughly extending from Elton Rogers Park at the north (upstream) end (off Kaechele Place) to Lincoln Boulevard at the south (downstream) end (between Lincoln Ave. and Garfield Ave.). Phase 1 of the Project has progressed through permitting level design with permit applications submitted, while the remaining Phases (Phases 2-6) are at the preliminary design phase. The overall Project is anticipated to take decades to complete and funding has only been identified for Phase 1 at this time. The six phases are as follows:

- Phase 1: Dam rehabilitation and detention area construction at Elton Rogers Park;
- Phase 2: Construction of a diversion to the Svihra Park area and detention area construction;
- Phase 3: Channel and crossing improvements from Lincoln Boulevard to Quince Street;
- Phase 4: Channel and crossing improvements from Rocton Avenue to Burnsford Avenue;
- Phase 5: Channel and crossing improvements from Burnsford Avenue to Lourmel Street; and
- Phase 6: Construction of the Island Brook diversion to the Elton Rogers detention area, additional excavation within the Elton Rogers Park impoundment area to increase stormwater detention storage, and connection of a new discharge from the dam to Lourmel Street.

**Project Maps:** [Click here to view a Locus Map](#). [Click here to view a Project Phasing Plan](#), showing the general location of the Project Area and Project Phases.

**Scoping Notice and Post Scoping Notice:** The Department of Energy and Environmental Protection published a Scoping Notice on [October 5, 2021](#) and a Post-Scoping Notice on [December 7, 2021](#), for the proposed project in the Environmental Monitor.

Comments on this EIE will be accepted until the close of business on: **April 11, 2022.**

**The public can view a copy of this [EIE at this link](#) or at the following [webpage for DEEP's Public Notices](#), or hard copy at the following locations:**

- Connecticut Department of Energy and Environmental Protection office (see DEEP contact information below to request an appointment),
- Bridgeport City Hall Town Clerk's Office, Bridgeport City Hall Room 122, 45 Lyon Terrace, Bridgeport, CT 06604 (call 203-576-7208 to make an appointment), and
- Bridgeport Public Library - North Branch, 3455 Madison Avenue, Bridgeport, CT 06606

**Other information:**

**There is a public hearing scheduled for this EIE on:**

**DATE:** Tuesday, March 29, 2022

**TIME:** 7:00 pm EST

**PLACE:** Virtual

**NOTES:** The meeting will be held virtually on Zoom and can be accessed by the following link and passcode:

<https://gza.zoom.us/j/95677983752>

**Meeting ID:** 956 7798 3752

**Passcode:** 873651

**Individuals with limited internet access can listen to the meeting by calling 1-646-876-9923 and entering the Meeting ID/Participant Code when prompted: 956 7798 3752**

**Written comments and/or questions about the meeting, project, or the EIE for this project should be sent to the following (email preferred) (Please use "OX BROOK" in the subject line):**

**Name:** Fred Riese

**Agency:** Department of Energy and Environmental Protection

**Address:** 79 Elm Street, Hartford CT 06106

**E-Mail:** [Frederick.Riese@ct.gov](mailto:Frederick.Riese@ct.gov)

**Phone:** 860-424-4110

**What happens next:** The Department of Energy and Environmental Protection (DEEP) will review the comments received and may conduct further environmental study and analysis or amend the evaluation. DEEP will prepare responses to the substantive issues raised in review of and comment on the EIE and any supplemental materials or amendments. Those responses and all supplemental materials and comments shall be made available in a "Record of Decision" which will appear in the Environmental Monitor for public inspection.

---

## Agency Record of Decision

After an [Environmental Impact Evaluation \(EIE\)](#) is developed, an agency will prepare a concise public record of decision, which takes into consideration the agency's findings in the EIE, and any comments received on that evaluation. [Read More](#)

---

***No Record of Decision Notice has been submitted for publication in this edition.***

---

## OPM's Determination of Adequacy

After an [Environmental Impact Evaluation](#) (EIE) is developed, the Office of Policy and Management (OPM) will determine if the EIE is adequate. If not, OPM will specify the areas of inadequacy with reference to CEPA or the CEPA regulations and specify the corrective action required. [Read More](#)

---

*No Determination of Adequacy Notice has been submitted for publication in this edition.*

---

## State Land Transfer Notice

Connecticut General Statutes [Section 4b-47](#) requires public notice of most proposed sales and transfers of state-owned lands. The public has an opportunity to comment on any such proposed transfer. Each notice includes an address where comments should be sent. [Read more about the process.](#)

---

*No State Land Transfer Notice has been submitted for publication in this edition.*

---

## CEPA Project Inventory

The Office of Policy and Management (OPM) maintains a list of projects they have entered the CEPA process. It shows each project's status. The inventory can be found [here](#).

---

## CEQ Contact Information

All inquiries and requests of the Council should be sent electronically to: [peter.hearn@ct.gov](mailto:peter.hearn@ct.gov).
