

Seminar Series presentations are considered a supplement to firefighter and Fire Officer classes offered by the Connecticut Fire Academy. Classes provided by the Connecticut Fire Academy comply with NFPA standards and best practices of the fire service. Seminar Series are also based on these standards and practices but can and often do include opinions of the subject matter experts that are delivering the presentation. Attending any number of the Seminar Series will allow the student to, not only add to their existing training; but also encourage the student to choose from the opinions of different speakers to develop their own style of strategies and tactics at emergency scenes, as well as inspire them to acquire more knowledge on fire service subjects.

Leading with Attitude

Leading with Attitude

This program will explore how we, as individuals, can help ensure our departments are on track and ways we can truly make a difference in our organization, regardless of rank.

It's easy to complain about the job, but what can you really do about it! What can you do about others who don't love it like you do? This program offers a rankless "gut check" into how we each contribute to the success of the fire service. Concepts such as loyalty alignment, followership, and attitude are explored in detail and tangible techniques to facilitate change are offered.

Instructor Biography - Assistant Chief Eddie Buchanan, Hanover Fire & EMS

Eddie Buchanan began his fire service career in 1982 and is an assistant chief with Hanover Fire & EMS in Richmond, VA. He is a past president of the International Society of Fire Service Instructors and is the 2015 recipient of the George D. Post, Instructor of the Year Award from the ISFSI. He serves on the NFPA Technical Committee on Fire Service Training and the newly formed NFPA 1700 Committee. He is a past board member of the Volunteer/Combination Officer's Section of the International Association of Fire Chiefs and serves

on a variety of advisory boards and committees for the fire service industry. Chief Buchanan is known for the creation of the SLICE-RS concept that is part of the ISFSI Principles of Modern Fire Attack Program.
