- (1)
 Plans for Disabled - All companies must offer Plans A. If a company also offers Plan(s) B, C and/or D, then it must also offer the plan(s) to disabled Medicare beneficiaries. However, Plan C is only available to disabled individuals who become eligible for Medicare prior to 1/1/20.
- (2)
 Plans F and G also have a high-deductible option which first requires paying a deductible of **\$2,950 for 2026** before the plan begins to pay. Once the plan's deductible is met, the plan pays 100% of covered services for the rest of the calendar year. High-deductible plan G does not cover the Medicare Part B deductible. However, these plans credit your payment of the Medicare Part B deductible (but not the foreign travel deductible) towards meeting the plan high deductible.
- (3)
 Highlighted rates are the most recently approved rate and not necessarily the current rate. The date the company's rate was approved is not necessarily the date the rate change will take effect. Check with the company to confirm current rate and effective date for change.
- (4)
 These are group plans that are available to group members enrolled in Medicare. Payment of a group membership fee is required.
- (5)
 Plans K and L pay 100% of covered services for the rest of the calendar year once you meet the out-of-pocket yearly limit. The Out-of-Pocket Limits for 2026 are \$8,000 for Plan K and \$4,000 for Plan L.
