ORDER

I, Katharine L Wade, Commissioner of the State of Connecticut, having read the record, do hereby adopt the findings and recommendations of Danny K. Albert, Hearing Officer in the above matter and issue the following order, to wit:

The Medicare supplement rate increase request submitted by Humana Insurance Company, for its individual standardized Medicare supplement insurance Plans A, F, G, L, and N is approved as submitted.

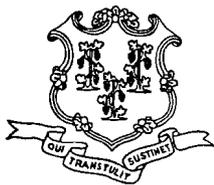

The company's request to maintain its current rates on its individual Medicare supplement high deductible Plan F and on the innovative benefits within the Healthy Living Plans, is approved as requested.

The company's rate increase request on its individual Medicare supplement Plan K is disapproved. The Connecticut and nationwide experience on this plan does not warrant the requested rate increase. The current rate on Plan K is to be maintained at its current rate level, with no change.

The approved rate action granted herein, is reasonable in relation to the benefits, projected claim costs and anticipated loss ratios the company expects to realize on this block of Medicare supplement insurance business.

Dated at Hartford, Connecticut this 28th day of December, 2015.

PROPOSED FINAL DECISION

1. INTRODUCTION

The Insurance Commissioner of the State of Connecticut is empowered to review rates charged for individual and group Medicare supplement policies sold to any resident of this State who is eligible for Medicare. The source for this regulatory authority is contained in Chapter 700c and Section 38a-495a of the Connecticut General Statutes.

After due notice, a hearing was held at the Insurance Department in Hartford on December 17, 2015 to consider whether or not the rate increase requested by Humana Insurance Company on its individual Standardized Medicare supplement business should be approved.

No company representatives attended the hearing.

One individual from the general public attended the hearing.

The hearing was conducted in accordance with the requirements of Section 38a-474, Connecticut General Statutes, the Uniform Administrative Procedures Act, Chapter 54 of Section 38a-8-1 et seq. of the Regulations of Connecticut State Agencies.

A Medicare supplement (or Medigap) policy is a private health insurance policy sold on an individual or group basis, which provides benefits that are additional to the benefits provided by Medicare. For many years Medicare supplement policies have been highly regulated under both state and federal law to protect the interests of persons eligible for Medicare who depend on these policies to provide additional coverage for the costs of health care.

Effective December 1, 2005, Connecticut amended its program of standardized Medicare supplement policies in accordance with Section 38a-496a of the Connecticut General Statutes,

and Sections 38a-495a-1 through 38a-495a-21 of the Regulations of Connecticut Agencies. This program, which conforms to federal requirements, provides that all “core” package of benefits known as Plan A. Insurers may also offer any one or more of eleven other plans (Plans B through N).

Effective January 1, 2006, in accordance with Section 38a-495c of the Connecticut General Statutes (as amended by Public Act 05-20) premiums for all Medicare supplement policies in the state must use community rating. Rates for Plans A through N must be computed without regard to age, gender, previous claims history or the medical condition of any person covered by a Medicare supplement policy or certificate.

The statute provides that coverage under Plans A through N may not be denied on the basis of age, gender, previous claims history or the medical condition of any covered person. Insurers may exclude benefits for losses incurred within six months from the effective date of coverage based on a pre-existing condition.

Effective October 1, 1998, carriers that offer Plan B or Plan C must make these plans as well as Plan A, available to all persons eligible for Medicare by reason of disability.

Insurers must also make the necessary arrangements to receive notice of all claims paid by Medicare for their insureds so that supplement benefits can be computed and paid without requiring insureds to file claim forms for such benefits. This process of direct notice and automatic claims payment is commonly referred to as “piggybacking” or “crossover”.

Sections 38a-495 and 38a-522 of the Connecticut General Statutes, and Section 38a-495a-10 of the Regulations of Connecticut Agencies, state that individual and group Medicare supplement policies must have anticipated loss ratios of 65% and 75%, respectively. Under Sections 38a-495-7 and 38a-495a-10 of the Regulations of Connecticut Agencies, filings for rate increases must demonstrate that actual and expected losses in relation to premiums meet these standards, and anticipated loss ratios for the entire future period for which the requested premiums are calculated to provide coverage must be expected to equal or exceed the appropriate loss ratio standard.

Section 38a-473 of the Connecticut General Statutes provides that no insurer may incorporate in its rates for Medicare supplement policies factors for expenses that exceed 150% of the average expense ratio for that insurer’s entire written premium for all lines of health insurance for the previous calendar year.

II. FINDING OF FACT

After reviewing the exhibits entered into the record of this proceeding, and utilizing the experience, technical competence and specialized knowledge of the Insurance Department, the undersigned makes the following findings of fact:

1. Humana Insurance Company is requesting a 6.0% rate increase on its individual standardized Plans A and N, a 4.0% increase on Plans F, G, K and L, and no increase on High-deductible Plan F and the Innovative Benefits for the Healthy Living Plans.
2. As of June 30, 2015 there were 1,254 policies in-force in Connecticut and 141,234 nationwide.
3. The last approved rate increases are as follows: Plan A, F, G and N 7%, effective 5/1/2015; Plans K 7%, effective 2/1/2012; Plan L 7%, effective 3/1/2014.
4. Humana has certified that their expense factors are in compliance with section 38a-473, C.G.S.
5. Humana has conformed to subsection (e) of section 38a-495c, C.G.S. regarding the automatic claims processing requirement.
6. The proposed rates are designed to satisfy the Connecticut regulatory loss ratio of 65%.

III. RECOMMENDATION

Recommend that the requested rate increases for Plan A, F, G, L and N be approved as submitted. These rate changes are reasonable in relationship to the benefits, estimated claim costs and the anticipated loss ratio the company expects to realize on these plans.

Recommend that the rate increase of 4% for Plan K be disapproved as submitted, based on favorable experience in Connecticut and on a nationwide basis.

Also recommend that the request to maintain current levels for high-deductible Plan F and the innovative benefits for the Healthy Living Plans be approved.
