INSURANCE DEPARTMENT

In the Matter of:

The National Council on Compensation Insurance, Inc.'s Workers' Compensation Voluntary Loss Costs and Assigned Risk Rates Filing, Effective January 1, 2014

MEMORANDUM AND ORDER

I. INTRODUCTION

On September 17, 2013, the National Council on Compensation Insurance, Inc. ("NCCI") filed a workers' compensation insurance application with the Connecticut Insurance Department (the "Department") for a change in Voluntary Market Advisory Pure Premium Loss Costs and a change in Assigned Risk Plan Rates for Workers' Compensation Insurance pursuant to Conn. Gen. Stat. §38a-665(a) proposed to be effective January 1, 2014.

The filing requests revisions of the current loss costs and assigned risk rates that the Department approved effective January 1, 2013. NCCI proposes an overall 3.2% change for pure premium loss costs and an overall 5.7% change in assigned risk plan rates. Changes to individual classification costs have been limited to 20% of the industry group change.

In order to give the public an opportunity to comment on NCCI's filing, the Department published the filing and Executive Summary on its webpage on September 26, 2013 at: <http://www.ct.gov/cid/cwp/view.asp?Q=532448&A=1270> and provided a thirty (30) day period for the public and interested parties to review and comment on the filing. The Department did not receive any public comments and did not hold a public hearing.

The following sections are a review of the NCCI filing requests, Insurance Department Staff's recommendations and my determination regarding approval of the filing.

III. DISCUSSION AND RECOMMENDATIONS

A. Overall Advisory Loss Costs and Assigned Risk Plan Rates

Conn. Gen. Stat. §38a-665 establishes the standards, methods and criteria for the making and use of workers' compensation insurance rates in Connecticut. Conn. Gen. Stat. §38a-665 provides that no rates shall be excessive or inadequate, nor shall they be unfairly discriminatory. Conn. Gen. Stat. §38a-665(b) provides that consideration shall be given, to the extent possible, to: past and prospective loss experience; reasonable margin for profit and contingencies; past and prospective expenses both countrywide and those specially applicable to this state; investment income earned or realized both from unearned premium and loss reserve funds; and other relevant factors, including judgment factors.

The Department's staff determined that overall cost levels are increasing for the assigned risk rates and for the voluntary market advisory loss costs. The cost levels for this filing are based on Connecticut loss experience for policy years 2010 and 2011. NCCI adjusts past losses to current conditions using adjustment methods, which make the magnitude of the change very sensitive to their assumptions. Critical assumptions include those for trend, loss development and experience period. Department staff reviewed the assumptions included in these filings for reasonableness, including the econometric forecast values and recommends approval of the NCCI filing.

The Department specifically notes that the filing proposes to increase the maximum payroll for Executive Officers or Members of Limited Liability Companies from \$1,900 per week to \$2,300 per week. This is the third and last phase of a transitional program. The maximum payroll is now equal to twice the state average weekly wage. Department staff believes this increase is reasonable and will make the maximum payroll used in Connecticut more responsive to the state's economy.

IV. ORDER

On the basis of the foregoing recommendations and analysis by Department staff and my review of the filing, I hereby order that:

- A. NCCI's voluntary market advisory loss costs and assigned risk rates are accepted as filed.
- B. The proposed increase in the maximum payroll for Executive Officers or Members of Limited Liability Companies from \$1,900 per week to \$2,300 per week is approved.
- C. The proposed increase in the maximum payroll for Athletic Teams from \$1,150 per week to \$1,200 per week is approved.

- E. The thirty (30) day advance filing requirement set forth in Conn. Gen. Stat. §38a-676(b) for filings received prior to January 1, 2014 be waived in order to allow for the adoption of the change in advisory pure premium loss costs effective January 1, 2014.
