RE: DOCKET NO. 505 –Haddam Quarter Solar, LLC application for a Certificate of Environmental Compatibility and Public Need for the construction, maintenance, and operation of a 2.8-megawatt-AC solar photovoltaic electric generating facility located south of Haddam Quarter Road and north of Johnson Lane, Durham, Connecticut and associated electrical interconnection.

Dear Attorney Baldwin:

The Connecticut Siting Council (Council) received the application for the above-referenced 2.8-megawatt AC solar photovoltaic electric generating facility on July 9, 2021.

According to Section 16-50l-1a of the Regulations of Connecticut State Agencies, “no certificate of environmental compatibility and public need shall be granted to any person until a complete application containing all information deemed relevant by the Council has been filed.”

Staff has reviewed this application for completeness and has identified a deficiency in notice to the Department of Consumer Protection (DCP), the Department of Administrative Services (DAS) and the Department of Labor (DOL). Pursuant to Section 16-50l of the Connecticut General Statutes (C.G.S.), “each application shall be accompanied by proof of service of a copy of such application on: ... (5) each state department, agency and commission named in subsection (g) of section 16-50j.” DCP, DAS and DOL are state agencies named in subsection (g) of section 16-50j.

Therefore, the application is incomplete at this time. The Council recommends that the applicant provide proof of service of a copy of the application on DCP, DAS and DOL in accordance with C.G.S. §16-50l on or before July 28, 2021.

Thank you for your attention to this matter. Should you have any questions, please feel free to contact me at 860-827-2951.

Sincerely,

s/Melanie A. Bachman
