RE: **DOCKET NO. 508** – The United Illuminating Company (UI) application for a Certificate of Environmental Compatibility and Public Need for the Milvon to West River Railroad Transmission Line 115-kV Rebuild Project that consists of the relocation and rebuild of its existing 115-kilovolt (kV) electric transmission lines from the railroad catenary structures to new steel monopole structures and related modifications to facilitate interconnection of the rebuilt 115-kV electric transmission lines at UI's existing Milvon, Woodmont, Allings Crossing, Elmwest and West River substations along approximately 9.5 miles of the Connecticut Department of Transportation's Metro-North Railroad corridor traversing the municipalities of Milford, Orange, West Haven and New Haven, Connecticut.

Dear Mr. Wooden:

Pursuant to Connecticut General Statutes (C.G.S.) § 16-50bb, please be advised that the Connecticut Siting Council (Council) is in receipt of the sum of \$25,000 as payment to the Municipal Participation Account (Fund) in connection with the above-referenced proceeding. This payment was received on February 28, 2022, and was deposited into your department account (OTT14420) in fund 12060 – “Other Restricted Revenue.”

Subsection (b) of C.G.S. §16-50bb states, in part, “[p]ayments from the account shall be made upon authorization by the State Treasurer...” and provides guidance in the event an application involves more than one municipality. To that end, please note that the above-referenced proceeding required notice be sent to four municipalities.

A list of these municipalities is enclosed herewith for your review. Any or all of the municipalities listed may apply for a portion of the Fund if they become a party or intervenor, as defined under C.G.S. §16-50n, in this proceeding. Proof of municipal expenditures is required to be submitted to the Office of the State Treasurer.

Thank you for your attention to this matter.

Sincerely,

Melanie Bachman  
Executive Director

## MUNICIPAL FUND PROCEDURES

---

**16-50bb. Municipal participation account.** (a) There is established an account to be known as the "municipal participation account", within the General Fund, which shall be a separate, nonlapsing account. There shall be deposited in the account the municipal participation fees received pursuant to subdivisions (1) and (3) of subsection (a) of section 16-50l. The interest derived from the investment of the account shall be credited to the account. Any balance remaining in the account at the end of any fiscal year shall be carried forward in the account for the fiscal year next succeeding.

(b) Payments from the account shall be made upon authorization by the State Treasurer. An application for reimbursement shall be submitted not later than sixty days after the conclusion of a certification proceeding, except for a facility described in subdivisions (5) and (6) of subsection (a) of section 16-50i, by each municipality entitled to receive a copy of such application under section 16-50l, as amended by this act, in order to defray expenses incurred by such municipalities in participating as a party to a certification proceeding, except for a proceeding on an application for a facility described in subdivision (5) or (6) of subsection (a) of section 16-50i. Any moneys remaining after payments to municipalities in accordance with this section shall be refunded to the applicant in even amounts. Where more than one municipality seeks moneys from such account, the council shall evenly distribute such moneys among the municipalities. No municipality may receive moneys from the account in excess of twenty-five thousand dollars. No municipality may receive moneys from the account in excess of the dollar amount such municipality has expended from its own municipal funds.

(c) In administering the moneys in the account, the State Treasurer shall verify that the subject municipality (1) actually participated as a party to the subject certification proceeding, and (2) actually spent the money it claims to have spent on participating in the subject certification proceeding.

- 1) Upon receipt of a municipal participation fund check, the Connecticut Siting Council (Council) deposits the money into the Office of the State Treasurer (accounting string as follows: OTT14420; Fund 12060; SID 35269; Program Code 14000; Account 45500). The Council then submits a letter to the Office of the State Treasurer, alerting them to the deposit of the funds and stating which towns are eligible to receive disbursement from said fund. This letter is also sent to the affected municipalities and the applicant.
- 2) The municipalities can submit their receipts either in bulk or periodically up to 60 days following the receipt of Council letter specified in #3 below.
- 3) Since municipalities must have been a party to the proceeding to receive any portion of the fund, when a final decision on the proceeding is rendered, the Council will generate a letter to the Office of the State Treasurer with copies to the participating municipalities, stating the date of the final decision and the date to which listed participating parties must submit their receipts to the State Treasurer.
- 4) After the cut off date for final submission of municipal receipts, the Office of the State Treasurer verifies participating municipalities entitle to receive funds and begins the process of payments to the municipality(ies) and/or the applicant. If more than one municipality requests reimbursement, the money will be divided evenly between said towns, unless receipts submitted do not add up to the amount to which they are eligible. The Treasurer will only reimburse municipal expenditures based on receipts submitted. If one or more towns do not exceed the amount to which they are eligible, but another town does exceed their limit, the Treasurer will give the remaining unused portion of the fund to the town(s) whose expenses exceeded their eligible limit, but only after the cut off date for all receipts to be submitted has been reached (60 days after the final decision). (This is an interest-bearing account. Interest accrued may be disbursed among municipalities if eligible and if disbursement does not exceed \$25,000 per municipality. Otherwise, interest earned will remain in the account.)
