**Subject:** CT050 New Canaan NW/ Docket No. 509 Homeland Towers geotech site work scheduled for 1/19

Good morning.

Given the fact that an appeal was recently filed on this site, I thought I'd provide the Council a courtesy email letting you know that we plan on completing some due diligence work on site this Thursday (1/19). In the event anyone from the public contacts your office about activity on the site, you can let them know that we have an excavator there to clear a path for the drill rig which is scheduled for later this month. The Geotech crew may need to remove a few small caliper trees in order to provide an unobstructed path for the drill rig to get up to the tower site.

Best,

Ray
