1. Manner in which intervenor's participation is in the interests of justice and will not impair the orderly conduct of the proceedings:

I have been a resident of Redding, CT since 2021 and currently live just over one (1) mile from the proposed 150' tower at the John Sherman Hoyt Scout Reservation property. To this end, I have an interest in the proposed cell phone tower.

2. Manner and extent to which intervenor proposes to participate:

I would like to be copied on all copies of all motions and correspondence, and notice of all public meetings, conferences and hearing dates regarding the proposed cell phone tower.

3. Statutory authority for intervenor request:

I understand that requests to intervene are usually in the form of a written motion. However, I am also aware that a letter may be sufficient if it complies with the format requirements of the DEEP Rules of Practice, RCSA §§22a-3a-2 to 22a-3a-6.

4. Nature of evidence intervenor intends to present:

1. benefit from it. MCM Holdings misrepresents for profit.
2. No matter what MCM Holdings may say, cell sites are harmful to the health of all living creatures. Exposure to radio waves causes all kinds of physical and mental health problems that are well documented. Allowing a Boy Scout Troop to live under a cell tower is irresponsible, even criminal. Everyone knows this, but, yet again, the desire for money is the motivating factor to build the cell tower.
3. No matter how much MCM Holding agrees to camouflage the very ugly intrusive cell tower it will end up being an exposed eyesore. Everyone knows this. The owners of MCM Holding reside in West Hartford and they could not care less how they destroy the beauty of West Redding. The move to build the cell tower is motivated by greed.

To Whom It May Concern,

As a resident of West Redding I protest the construction of your cell phone tower. I will list the reasons:

1. There is no need for a cell phone tower. Despite what MCM Holdings claims, not many people will benefit from it. MCM Holdings misrepresents for profit.
2. No matter what MCM Holdings may say, cell sites are harmful to the health of all living creatures. Exposure to radio waves causes all kinds of physical and mental health problems that are well documented. Allowing a Boy Scout Troop to live under a cell tower is irresponsible, even criminal. Everyone knows this, but, yet again, the desire for money is the motivating factor to build the cell tower.
3. No matter how much MCM Holding agrees to camouflage the very ugly intrusive cell tower it will end up being an exposed eyesore. Everyone knows this. The owners of MCM Holding reside in West Hartford and they could not care less how they destroy the beauty of West Redding. The move to build the cell tower is motivated by greed.

As a resident of West Redding I protest the construction of the cell tower.
