**Re: Proposed Gravel Pit Solar Project**

Dear Mr. Bowsza and Mr. Maniscalco:

I am writing to you on behalf of my client, Gravel Pit Solar. As you may be aware, Gravel Pit Solar is seeking to develop a solar photovoltaic project near Apothecaries Hall Road, Plantation Road, Wapping Road and Windsorville Road in East Windsor, Connecticut. As part of that process, Gravel Pit Solar will be applying for a Certificate of Environmental Compatibility and Public Need for this project with the Connecticut Siting Council.

Pursuant to Conn. Gen. Stat. § 16-50l(e), the town in which the project is to be located in (East Windsor) and any town within 2,500 feet of the project (South Windsor) are to be provided with copies of the draft application prior to the application being filed with the Siting Council. While the project will provide each town with a hard copy set of the draft application next week, we thought that given the current remote working situation of many individuals, an electronic version might be more useful to you.

To that end, we are providing you with a share-file link where you can access the draft of the application and the accompanying site plans. That information can be accessed at: [https://vhb-my.sharepoint.com/:f/p/smoberg/EqmSJcAdZNdKvwrBOh9713UB7P\\_EjlG5AtqMMVccWo0X-w?e=365LGH](https://vhb-my.sharepoint.com/:f/p/smoberg/EqmSJcAdZNdKvwrBOh9713UB7P_EjlG5AtqMMVccWo0X-w?e=365LGH). This link will remain active for thirty (30) days. Please be aware that the application itself consists of over 500 pages. In addition, as this version of the application is a draft, it will be subject to change as more information becomes available to the project.

As I am sure you are both well aware, pursuant to the applicable statutes, each Town has up to sixty (60) days to review this information and provide comments back to Gravel Pit Solar. Obviously, if we can be of assistance to speed that process along, we would be most willing to do so. Should you have any questions or comments concerning the project, please feel free to contact me at the number above.

Page 2

Thank you in advance for your consideration of this project. We look forward to completing this renewable energy project and working with the Towns of East Windsor and South Windsor to do so.

Sincerely,

A handwritten signature in black ink that reads "Lee D. Hoffman". The signature is written in a cursive style with a large, stylized initial "L".

Lee D. Hoffman
