RE: **DOCKET NO. 493** – Global Signal Acquisitions IV LLC and Crown Castle Towers 06-02 LLC application for a Certificate of Environmental Compatibility and Public Need for the construction, maintenance, and operation of a telecommunications facility located off Lakeview Street, East Hampton, Connecticut.

Dear Attorney Baldwin:

The current deadline for a completeness review for the above-mentioned application is September 26, 2020.

Please be advised that there is currently a statewide effort to prevent the spread of the Coronavirus and this may adversely impact upcoming scheduled energy/telecommunications meetings and other Connecticut Siting Council (Council) business. In the event that Council business is disrupted and/or delayed, the Council will need additional time for a completeness review for this application and therefore requests an extension until October 23, 2020.

The applicant's consent to the requested extension of time to deem the application complete shall have the effect of tolling the Federal Communications Commission (FCC) 150-day tower siting timeframe in accordance with Paragraph 49 of the FCC Declaratory Ruling issued on November 18, 2009 (FCC WT Docket No. 08-165). **Please respond in writing by September 25, 2020.**

We thank you in advance for your timely response to this matter.

Sincerely,

*s/Melanie A. Bachman*
