RE: **DOCKET NO. 497**– Burlington Solar One, LLC Certificate of Environmental Compatibility and Public Need for the construction, maintenance and operation of a 3.5-megawatt AC solar photovoltaic electric generating facility located at Lot 33, Prospect Street, Burlington, Connecticut and associated electrical interconnection.

Dear Attorney Hoffman:

The Connecticut Siting Council (Council) received the Development and Management Plan (D&M Plan) for the above-referenced solar facility on July 21, 2021. Section 16-50j-75(d) of the Regulations of Connecticut State Agencies, entitled, "Timing of plan" states: "The D&M plan shall be submitted to the Council, and the Council shall approve, modify, or disapprove the plan within 60 days after receipt of it...."

The current deadline for the Council to approve, modify, or disapprove the D&M Plan submitted for this facility is September 19, 2021. Due to the Council's current workload and regular meeting schedule, the Council will need additional time to review the D&M Plan. The Council hereby requests an extension of the D&M Plan decision deadline for Docket No. 497 until September 27, 2021. **Please respond in writing by August 27, 2021.**

We thank you in advance for your timely response to this matter.

Sincerely,

Melanie A. Bachman  
Executive Director
