Subject: Re: Docket No. 192B

I request the CSC to place a moratorium on further consideration of this project while we pursue legal action through the CT Attorney General and the US Attorney to consider the legality of any of the contracts generated since Attorney Andrew Gilman first represented Arena Capital at a public hearing to this present day, as well as a wide variety of actionable offenses committed by public officials. The proliferation of abuses regarding the use of Oxford's Town Meeting parameters, illegal ex parte meetings, the ludicrous theft of our citizens' property for the paltry sum of \$150, 000 (worth millions to the various power plant contenders), and much more, defy the straight face test and has begged for criminal investigation for almost two decades. What began in the heyday of Rowland corruption will end today, and just as our former tax collector pedicures her pretty feet in Danbury prison, so too will "following the money" result in sweeping out Oxford Town Hall, which has not only become the laughingstock of CT, but a Temple to Corruption and Malfeasance.

Also, please keep atty. Teodosio in his current role vis a vis Docket 192B.

Certification: Yes, all by electronic mail.
