**CONNECTICUT SITING COUNCIL**  
**INTERVENOR STATUS REQUEST FORM**

Docket/Petition No. 192B Town/City Oxford, CT

Name: Kate J. Truini, on behalf of Westover School

Address: 1237 Whittemore Rd. Middlebury, CT 06762

Phone Number: (203) 758-2423

Fax Number: (203) 577-4585

E-Mail Address: ktruini@westoverschool.org

1. Manner in which petitioner claims to be substantially and specifically affected:

Westover is located in Middlebury, 1.5 miles from the designated power plant site on Towantic Hill in Oxford. We are concerned with potential health effects, specifically the respiratory problems that may result from fine particulate matter emissions, which may affect our female athletes, ages 14-18, that are training rigorously in cross-country and other field sports.

The Westover School is known for its charming, rural character. The nuisance impact of the power plant is of significant concern, including and not limited to sound pollution and aesthetically altering a significant ridgeline.

Should the impact of the plant affect the health of our students, or the perception of the plant become a major concern, our enrollment and economic wellbeing could be affected.

The Westover School, founded in 1909, is a cultural and historical asset to rural Connecticut, and to the greater New England community. Currently, our enrollment includes 200 students from more than sixteen countries.

2. Manner and extent to which petitioner proposes to participate:

We would like the opportunity to present evidence and give testimony orally and/or in written form. We would like to be able to question the submissions and findings put forth by the applicant and reserve the right to call expert testimony if necessary.

Copies of this request shall be electronically mailed to all participants at least five days before the date of the hearing.
