Re: **Docket No. 416 – Cellco Partnership d/b/a Verizon Wireless for a Certificate of Environmental Compatibility and Public Need for the Construction, Maintenance and Operation of a Wireless Telecommunications Facility off Day Hill Road, Bloomfield, Connecticut – Certificate Transfer**

Dear Chairman Stein:

I write on behalf of my client, Cellco Partnership d/b/a Verizon Wireless (“Cellco”), regarding its Certificate of Environmental Compatibility and Public Need (“Certificate”) for the approved telecommunications facility off Day Hill Road, Bloomfield, Connecticut.

Pursuant to the provisions of Section 16-50k(b) of the General Statutes, Cellco seeks Connecticut Siting Council (“Council”) approval for a transfer of the Docket No. 416 Certificate to Construction Services Towers, LLC (“CST”) with offices located at 1001 Third Avenue West, Suite 420, Bradenton, Florida 34205. CST understands that it must comply with all terms, limitations and conditions contained in the Council’s Docket No. 416 Decision and Order. The transfer of this Certificate was not contemplated at any point during or prior to the Council’s approval of the Docket No. 416 Certificate. Also, please forward all quarterly assessments related to this facility to CST at the address provided.
