P.O. Box 270
Hartford, CT 06141-0270

RE: **DOCKET NO. 461A** - Eversource Energy Certificate of Environmental Compatibility and Public Need for the construction, maintenance, and operation of a 115-kilovolt (kV) bulk substation located at 290 Railroad Avenue, Greenwich, Connecticut, and two 115-kV transmission circuits extending approximately 2.3 miles between the proposed substation and the existing Cos Cob Substation, Greenwich, Connecticut, and related substation improvements.

Dear Ms. Bellion:

Pursuant to Regulations of Connecticut State Agencies §16-50j-62 (b) and in response to your email of May 20, 2019, the Connecticut Siting Council (Council) staff hereby approves a temporary change to the Development and Management (D&M) Plan to allow construction activities to continue on Davis Drive near the intersection with Indian Harbor Drive in Greenwich until 5 PM on May 20, 2019. The extended work hours are necessary due to damage to an unmarked storm facility and delay in getting a replacement part.

This approval applies only to the temporary additional work hours requested in your email of May 20, 2019. Any additional changes to the D&M Plan require advance notification and approval in accordance with the Council's approval of the D&M Plan on January 17, 2019. Furthermore, the Certificate Holder is responsible for reporting requirements pursuant to Regulations of Connecticut State Agencies Section 16-50j-62.

Please be advised that deviations from this plan are enforceable under the provisions of the Connecticut General Statutes § 16-50u.

Thank you for your attention and cooperation.

Sincerely,

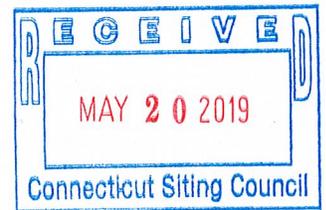

Melanie Bachman
Executive Director

Subject: Docket 461A-Greenwich - Extended Hours Request for Today, May 20, 2019

Dear Ms. Bachman:

We are requesting approval for extended hours today for work on Davis Avenue (near the intersection with Indian Harbor Drive) in Greenwich. Due to damage to an unmarked storm facility and the delay in getting a replacement part, we are not able to complete the road restoration by 3PM.

We anticipate that we'll need on the outside until 5PM to complete this work.

We have notified the Town of Greenwich and they are aware of the need for these extended hours.

Should you have any questions, please do not hesitate to contact me.
