Re: Docket No. 478 – Eco-Site, Inc. & T-Mobile Northeast  
Wireless Telecommunications Tower Facility  
63 Woodland Street, Glastonbury Connecticut  
Request for Extension of Time

Dear Ms. Bachman:

This letter is respectfully submitted on behalf of Eco-Site, Inc. (“Eco-Site”), the Certificate Holder in Docket No. 478.

On November 1, 2019, the Council granted an extension of construction time until June 30, 2020 pursuant to Condition No. 6 of the Certificate dated March 29, 2018. At this time, the tower facility is constructed and T-Mobile and AT&T have installed their respective facilities on the tower. Eco-Site executed the utility easement required for the facility and was granted a three month extension until September 30, 2020. Eco-Site was recently advised by the carriers that they may not be able to make their facilities operational by September 30, 2020 due to delays with fiber backhaul installation. Thus, Eco-Site respectfully requests a three month extension of time to December 30, 2020 for the construction to be complete and for the wireless facilities to become operational. This request is being timely made in accordance with Conditions 6 and 7 of the Council’s Docket No. 478 Decision & Order.

If the facility becomes operational prior to December 30, 2020, Eco-Site will notify the Council.

Should you have any questions regarding the foregoing please do not hesitate to contact me. Thank you for your consideration of this request.

Very truly yours,
