RE: **DOCKET NO. 486** - Tarpon Towers II LLC Certificate of Environmental Compatibility and Public Need for the Construction, Maintenance and Operation of a telecommunications facility located at 796 Woodin Street, Hamden, Connecticut. **Development and Management Plan Revision.**

Dear Mr. Coppins:

The Connecticut Siting Council (Council) requests your responses to the enclosed questions no later than May 19, 2020. To help expedite the Council's review, please file individual responses as soon as they are available. At this time, consistent with the Council's policy to prevent the spread of Coronavirus, please submit an electronic copy only to siting.council@ct.gov. However, please be advised that the Council may later request one or more hard copies for records retention purposes.

Any request for an extension of time to submit responses to interrogatories shall be submitted to the Council in writing pursuant to §16-50j-22a of the Regulations of Connecticut State Agencies.

Sincerely,

s/Melanie Bachman

**Docket 486
D&M Plan - Revision
Interrogatories**

May 12, 2020

1. Please explain how the trench/pipe system collects and disperses water. Is the pipe perforated?
2. Indicate direction of trench/pipe water flow.
3. How is the outflow of the trench/pipe designed where it discharges at point 1-65? Are there any concerns regarding pipe blockage due to leaves/debris?
4. How will the trench/pipe be designed where it crosses the access road and associated drainage swale near the compound?
