RE: **DOCKET NO. F-2012/2013** – Connecticut Siting Council Review of the Ten-Year Forecast of Connecticut Electric Loads and Resources

Dear Mr. Curtis:

The Connecticut Siting Council (Council) requests your responses to the enclosed questions no later than June 11, 2013. To help expedite the Council's review, please file individual responses as soon as they are available.

Please forward an original and 15 copies to this office, as well as one electronic Adobe .pdf version via email. In accordance with the State Solid Waste Management Plan, the Council is requesting that all filings be submitted on recyclable paper, primarily regular weight white office paper. Please avoid using heavy stock paper, colored paper, and metal or plastic binders and separators. A list of parties and intervenors is enclosed. Fewer copies of bulk material may be provided as appropriate.

Yours very truly,

Melanie Bachman
Acting Executive Director

MB/MP

c: Council Members
Parties and Intervenors

Docket F-2012/2013
Milford Power Pre-Hearing Interrogatories

1. Break down each annual megawatt-hours in Milford Power Company, LLC's (Milford Power) forecast report by fuel type (i.e. natural gas or oil).
3. How does Milford Power compute seasonal claimed capability?
4. Listed below are the data from the May 2013 ISO-NE Seasonal Claimed capability Report. Does Milford Power agree with these numbers? If no, provide the correct data.

Net Capability – MW	Summer	Winter
Milford Power #1	245.79	281.42
Milford Power #2	251.21	286.84

5. Does Milford Power have black start capability?
6. What is the typical service life (in years) for each of the above facilities? At what point in the service life is each facility currently?
7. Does Milford Power have a decommissioning plan for the facilities when such facilities are retired or removed from service? If yes, provide the decommissioning plan. If no, explain.
