Re: **EM-VER-009-150831 – Cellco Partnership d/b/a Verizon Wireless  
38 Spring Hill Lane, Bethel, Connecticut**

Dear Ms. Bachman:

On September 21, 2015, the Siting Council acknowledged receipt of Cellco's notice of intent to modify its existing telecommunications facility at 38 Spring Hill Lane in Bethel, Connecticut. Cellco's modifications involved the replacement of antennas and remote radio heads.

As a condition of its approval, Cellco was required to provide the Council with a letter stating that it had complied with the recommendations made in the structural report attached to the exempt modification filing. Attached is a Professional Engineer's evaluation letter verifying that the installation was completed according to that structural report.

If you have any questions please do not hesitate to contact me.

Sincerely,

Kenneth C. Baldwin

**RE: EM-VER-009-150831- Tower Modification Certification**

**Project:** Verizon Bethel CT  
38 Spring Hill Lane, Bethel CT 06801

**Tower Owner:** Blue Sky Tower Partners Inc.

**Engineer:** Bennett & Pless Inc.

**Nexius Project No.:** 161629

**Bennett & Pless Inc. Project No.:** CT-5003

Dear Mr. Bisson,

Nexius Solutions Inc. is providing this "Tower Modification Certification" regarding the structural components at the above referenced project.

The following are the basis for substantiating compliance with the tower modification documents prepared by Bennett & Pless.:

- Review of Bennett & Pless Inc's Structural Analysis (project # CT-5003) dated 05/21/15.
- Field Observations by Nexius Solutions Inc. personnel on 08/21/17 of the completed modifications which determined all modifications were installed in general compliance with the recommendation of the aforementioned structural analysis.

The structural analysis prepared by Bennett & Pless Inc. demonstrates the tower will not exceed 100 percent of the post construction structural rating. The work under this Contract has been reviewed and found, to the Engineer's best knowledge, information and belief, to be completed in general compliance with the documents referenced above.

Sincerely,  
Nexius Solutions Inc.
