RE: **EM-SPRINT-015-180625** - Sprint notice of intent to modify an existing telecommunications facility located at 623 Pine Street, Bridgeport, Connecticut.

Dear Mr. Bailey:

The Connecticut Siting Council (Council) received a notice of intent to modify the above-referenced facility on June 25, 2018.

According to Section 16-50j-71 of the Regulations of Connecticut State Agencies, "...any modification, as defined in Section 16-50j-2a of the Regulations of Connecticut State Agencies, to an existing tower site, except as specified in Sections 16-50j-72 and 16-50j-88 of the Regulations of Connecticut State Agencies, may have a substantial adverse environmental effect."

Staff has reviewed this exempt modification request for completeness and has identified a deficiency in the May 8, 2018 SA Report of the above referenced exempt modification filing. The Council received a request for exempt modification by T-Mobile on June 20, 2018 to swap six antennas and five remote radio units.

The SA Report submitted with the above-referenced exempt modification request does not account for T-Mobile's proposed equipment. Please refer to T-Mobile's request for exempt modification for this facility (EM-T-Mobile-015-180620) available on the Council's website at the following link:

[http://www.ct.gov/csc/lib/csc/ems/bridgeport/pinest/t\\_mobile/em-t-mobile-015-180620\\_filing\\_pinest.pdf](http://www.ct.gov/csc/lib/csc/ems/bridgeport/pinest/t_mobile/em-t-mobile-015-180620_filing_pinest.pdf)

Therefore, the exempt modification request is incomplete at this time. The Council recommends that Sprint provide an updated Structural Analysis Report for the facility that accounts for T-Mobile's proposed equipment and existing equipment that are collocated on the facility on or before July 27, 2018. If additional time is needed to gather the requested information, please submit a written request for an extension of time prior to July 27, 2018.

This notice of incompleteness shall have the effect of tolling the Federal Communications Commission (FCC) 60-day timeframe in accordance with Paragraph 217 of the FCC Wireless Infrastructure Report and Order issued on October 21, 2014 (FCC 14-153).

Thank you for your attention to this matter. Should you have any questions, please feel free to contact me at 860-827-2951.

Sincerely,

Melanie Bachman  
Executive Director
