RE: EMT-T-Mobile-023-170714
T-Mobile Site Id CTHA532A
309 East Hill Road (aka Hoffman Road, aka Off Hoffman Road), Canton, Connecticut
Notice of Construction Complete

ORIGINAL

Dear Attorney Bachman,

This office represents T-Mobile Northeast LLC ("T-Mobile") and has been retained to notify the Connecticut Siting Council ("Council") that the exempt modification decision conditions have been met and constructed in accordance with the documentation provided at the time of filing.

The Council acknowledged the above referenced T-Mobile notice of exempt modification on July 31, 2017.

The Council imposed the following condition in its acknowledgment:

- Within 45 days following completion of the equipment installation, T-Mobile shall provide documentation that its installation complied with the recommendations of the Structural Analysis Report.

The attached Statement of Special Inspections provides evidence of compliance with the conditions outlined by the Council.

Sincerely,

Jennifer Dupont
Project Coordinator
Transcend Wireless LLC on behalf of T-Mobile

Re: Tower Modification Certification

Project: T-Mobile CTHA532A
4 Hoffman Road, Canton, CT 06019

Tower Owner: American Towers Corp
3500 Regency Parkway, Suite 100, Cary, NC 27518

Engineer: American Towers Corp
3500 Regency Parkway, Suite 100, Cary, NC 27518

Centek Project No.: 17008.46

CSC Exempt Mod Reference No.: EM-T-Mobile-023-170714

Dear Mr. Reid,

We are providing this "Tower Modification Certification" with regard to the structural components at the above referenced project.

The following are the basis for substantiating compliance with the tower modification documents prepared by American Towers Corp. (ATC):

- Review ATC's Structural Analysis dated 06/13/17.
- Review Engineered Tower Solutions, PLLC dated 01/23/18.
- Review of ATC's construction documents dated 05/08/17.

The modification design prepared by ATC demonstrates the tower will not exceed 100 percent of the post construction structural rating. The work under this Contract has been reviewed and found, to the Engineer's best knowledge, information and belief, to be completed in general compliance with the documents referenced above. This certification is not a review of the adequacy or effectiveness of the modification/reinforcement solution.

Sincerely,

Carlo F. Centore, PE
Principal - Structural
