**RE: TS-T-MOBILE-031-170117** - T-Mobile Northeast LLC request for an order to approve tower sharing at an existing telecommunications facility located at 36 Mohawk Mountain Road, Cornwall, Connecticut.

Dear Ms. Sabo:

The Connecticut Siting Council (Council) received the tower share request for the above-referenced facility on January 17, 2017.

According to Section 16-50j-90 of the Regulations of Connecticut State Agencies, "no tower share application shall be approved until a complete application containing all information deemed relevant by the Council has been filed. Relevant information shall at a minimum include that listed in Section 16-50j-89 of the Regulations of Connecticut State Agencies..."

Staff has reviewed this tower share request for completeness and has identified the following deficiency:

- Exhibit C includes site plans that lack a stamp and signature from a Professional Engineer duly licensed in the State of Connecticut.

Therefore, the tower share request is incomplete at this time. The Council recommends that Northeast Site Solutions provide information for site plans with a stamp and signature from a Professional Engineer duly licensed in the State of Connecticut on or before February 22, 2017. If additional time is needed to gather the requested information, please submit a written request for an extension of time prior to February 22, 2017.

This notice of incompleteness shall have the effect of tolling the Federal Communications Commission (FCC) 60-day timeframe in accordance with Paragraph 217 of the FCC Wireless Infrastructure Report and Order issued on October 21, 2014 (FCC 14-153).

Thank you for your attention to this matter. Should you have any questions, please feel free to contact me at 860-827-2951.

Sincerely,

Melanie A. Bachman  
Executive Director
