RE: EM-EVER-049-180712e – Scitico Substation - Enfield  
Notice of Completion

Dear Ms. Bachman:

The Connecticut Light and Power Company (“CL&P”) doing business as Eversource Energy (“Eversource”) received acknowledgement from the Connecticut Siting Council (“Council”) on June 25, 2019 that Eversource’s proposed modification of the Scitico Substation would comply with the exempt modification criteria in Section 16-50j-57 of the Regulations of Connecticut State Agencies. The Council included conditions regarding the work undertaken pursuant to modification. On June 27, 2019, the Council granted an extension of time to submit the notice of completion to July 30, 2020. Eversource submits this letter to provide notice that Eversource has complied with the Council’s conditions as follows:

- Written notification to the Council not less than 45 days after construction has been completed. Eversource completed construction on May 31, 2020; this letter provides notice of completion of this modification.
- There were no material changes or other deviations to this modification.

Per the Council’s instructions in response to COVID-19, Eversource is submitting this Notice of Completion electronically and will be providing one hard copy for the Council’s records.

Thank you for your attention to this matter. If you have any questions or comments, please call me at (860) 728-4527.

Sincerely,

Kathleen M. Shanley
