RE: **EM-CING-052-200415** – New Cingular Wireless PCS, LLC (AT&T) notice of intent to modify an existing telecommunications facility located at 82 Lovely Street, Farmington, Connecticut.

Dear Ms. Nowak:

The Connecticut Siting Council (Council) received a notice of intent to modify the above-referenced facility on April 15, 2020.

According to Section 16-50j-71 of the Regulations of Connecticut State Agencies, "...any modification, as defined in Section 16-50j-2a of the Regulations of Connecticut State Agencies, to an existing tower site, except as specified in Sections 16-50j-72 and 16-50j-88 of the Regulations of Connecticut State Agencies, may have a substantial adverse environmental effect."

Staff has reviewed this exempt modification request for completeness and has identified a deficiency in the request. The construction drawing (CD) prepared by Hudson Design Group, LLC, last revised on April 3, 2020, includes structural notes on sheets A-1, A-2 and A-3 which reference a mount analysis by Hudson Design Group, LLC and dated February 3, 2020. However, this is inconsistent with the mount analysis provided with the request which is dated January 16, 2020.

Therefore, the exempt modification request is incomplete at this time. The Council recommends that Centerline Communications, LLC provide a mount analysis for the proposed equipment that is consistent with the rest of the filing or a CD that references the mount analysis provided, on or before May 27, 2020. If additional time is needed to gather the requested information, please submit a written request for an extension of time prior to May 27, 2020. **Please provide an electronic version of the requested information for the incomplete exempt modification to be rendered complete and processed. Please include the Council's exempt modification identification number referenced above with the submittal.**

This notice of incompleteness shall have the effect of tolling the Federal Communications Commission (FCC) 60-day timeframe in accordance with Paragraph 217 of the FCC Wireless Infrastructure Report and Order issued on October 21, 2014 (FCC 14-153).

Thank you for your attention to this matter. Should you have any questions, please feel free to contact me at 860-827-2951.

Sincerely,

s/ Melanie A. Bachman
