RE: **TS-CING-054-190501** - New Cingular Wireless PCS, LLC (AT&T) request for an order to approve tower sharing at an existing telecommunications facility located at 63 Woodland Street, Glastonbury, Connecticut.

Dear Attorney Chiocchio:

The Connecticut Siting Council (Council) is in receipt of the request for an extension of construction time for this tower share request, dated March 18, 2020. Pursuant to Condition No. 7 of the Council's decision letter dated May 24, 2019, I have considered your request for an extension of construction time for this tower share request and grant a six-month extension of time until November 24, 2020, to complete the construction of this project.

This extension is granted with the understanding that the Council will be notified should AT&T decide not to proceed with construction.

Sincerely,

s/Melanie A. Bachman

RE: **TS-CING-054-190501** - New Cingular Wireless PCS, LLC (AT&T) request for an order to approve tower sharing at an existing telecommunications facility located at 63 Woodland Street, Glastonbury, Connecticut.

Dear Attorney Chiocchio:

At a public meeting held on May 23, 2019, the Connecticut Siting Council (Council) ruled that the shared use of this approved tower site is technically, legally, environmentally, and economically feasible and meets public safety concerns, and therefore, in compliance with General Statutes § 16-50aa, the Council has ordered the shared use of this facility to avoid the unnecessary proliferation of tower structures with the following conditions:

1. Approval of any minor changes be delegated to Council staff;
2. Any deviation from the proposed installation as specified in the original tower share request and supporting materials with the Council shall render this decision invalid;
3. Any material changes to the proposed installation as specified in the original tower share request and supporting materials filed with the Council shall require an explicit request for modification to the Council pursuant to Connecticut General Statutes § 16-50aa, including all relevant information regarding the proposed change with cumulative worst-case modeling of radio frequency exposure at the closest point of uncontrolled access to the tower base, consistent with Federal Communications Commission, Office of Engineering and Technology, Bulletin 65;
4. Not less than 45 days after completion of the proposed installation, the Council shall be notified in writing that the installation has been completed;
5. Any nonfunctioning antenna and associated antenna mounting equipment on this facility owned and operated by AT&T shall be removed within 60 days of the date the antenna ceased to function;
6. The validity of this action shall expire one year from the date of this letter; and
7. The applicant may file a request for an extension of time beyond the one year deadline provided that such request is submitted to the Council not less than 60 days prior to the expiration.

This decision is under the exclusive jurisdiction of the Council and applies only to this request for tower sharing dated April 30, 2019 and additional information received May 8, 2019. This facility has been carefully modeled to ensure that radio frequency emissions are conservatively below State and federal standards applicable to the frequencies now used on this tower. Any deviation from the approved tower sharing request is enforceable under the provisions of Connecticut General Statutes § 16-50u.

The proposed shared use is to be implemented as specified in your letter dated April 30, 2019, and additional information received May 8, 2019, including the placement of all necessary equipment and shelters within the tower compound.

Please be advised that the validity of this action shall expire one year from the date of this letter.

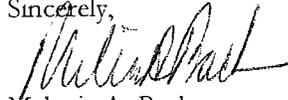

CONNECTICUT SITING COUNCIL

Re: **TS-CING-054-190501** - New Cingular Wireless PCS LLC ("AT&T")
Request for Extension of Time
63 Woodland Street, Glastonbury Connecticut

Dear Executive Director Bachman:

On behalf of New Cingular Wireless PCS, LLC ("AT&T"), we respectfully request a six (6) month extension of time to November 24, 2020 in order for AT&T to make its facility approved in connection with TS-CING-054-190501 operational. AT&T's facility is installed and will become operational upon completion of the utility installation by the facility Certificate holder.

Thank you for your consideration in this matter. Should you have any questions, please do not hesitate to contact me.

Very truly yours,

Lucia Chiochio
