RE: **EM-AT&T-061-200909** – AT&T notice of intent to modify an existing telecommunications facility located at 65 Maple Avenue West, Haddam, Connecticut.

Dear Ms. Zsamba:

The Connecticut Siting Council (Council) received a notice of intent to modify the above-referenced facility on September 9, 2020.

According to Section 16-50j-71 of the Regulations of Connecticut State Agencies, "...any modification, as defined in Section 16-50j-2a of the Regulations of Connecticut State Agencies, to an existing tower site, except as specified in Sections 16-50j-72 and 16-50j-88 of the Regulations of Connecticut State Agencies, may have a substantial adverse environmental effect."

Staff has reviewed this exempt modification request for completeness and has identified the following deficiencies:

- a) The property card provided with the request is for 109 Maple Avenue West; however, according to municipal records the subject tower is located on 65 Maple Avenue West;
- b) The Construction Drawings (CD) last revised August 3, 2020 and provided with the request references the underlying property as 109 Maple Avenue; and
- c) Notice was provided to the underlying property owner for 109 Maple Avenue West and not 65 Maple Avenue West.

Therefore, the exempt modification request is incomplete at this time. The Council recommends that Crown Castle provide a property card and CD that reference the correct address for the subject facility and proof of notice to the underlying property owner for 65 Maple Avenue West, on or before October 23, 2020. If additional time is needed to gather the requested information, please submit a written request for an extension of time prior to October 23, 2020. **Please provide an electronic version of the requested information for the incomplete exempt modification to be rendered complete and processed. Please include the Council's exempt modification identification number referenced above with the submittal.**

This notice of incompleteness shall have the effect of tolling the Federal Communications Commission (FCC) 60-day timeframe in accordance with Paragraph 217 of the FCC Wireless Infrastructure Report and Order issued on October 21, 2014 (FCC 14-153).

Thank you for your attention to this matter. Should you have any questions, please feel free to contact me at 860-827-2951.

Sincerely,

s/ Melanie A. Bachman
