Re: **TS-VER-076-140121 – Cellco Partnership d/b/a Verizon Wireless
17 Cottage Street, Madison, Connecticut**

Dear Ms. Bachman:

Attached is a Tower Modification Certification Letter for the Cottage Street tower verifying that the structural modifications required to accommodate Cellco's antenna installation have been completed. All other construction associated with the above-referenced tower share filing has now been completed.

If you have any questions please do not hesitate to contact me.

Sincerely,

Kenneth C. Baldwin

Re: Tower Modification Certification

Project: Verizon Madison 4
17 Cottage Street, Madison, CT

Tower Owner: SBA Communications
5900 Broken Sound Parkway Northwest, Boca Raton, FL

Engineer: FDH Engineering
6521 Meridien Drive, Raleigh, NC

Centek Project No.: 14055.021

CSC Exempt Mod Reference No.: TS-VER-076-140121

Dear Mr. Gauger,

We are providing this "Tower Modification Certification" with regard to the structural components at the above referenced project.

The following are the basis for substantiating compliance with the tower modification documents prepared by FDH Engineering (FDH Project Number: 13SFTK1400):

- Review of the FDH Engineering Structural Analysis dated 10/31/2013.
- Review of the Centek Engineering Letter of Professional Opinion dated 08/22/2014.
- Field observations by Centek personnel of the coax and RRH installation on 06/25/2014 which determined all coax lines and RRH's were installed in general compliance with the recommendations of the structural analysis report prepared by FDH Engineering on 10/31/2013.

The modification design prepared by FDH Engineering demonstrates the tower will not exceed 100 percent of the post construction structural rating. The work under this Contract has been reviewed and found, to the Engineer's best knowledge, information and belief, to be completed in general compliance with the documents referenced above. This certification is not a review of the adequacy or effectiveness of the modification/reinforcement solution.

Sincerely,

Carlo F. Centore, PE
Senior Project Manager
